Turkey, and Vietnam entered, or withdrawn from warehouse, for consumption after May 1, 2021, the final day on which the provisional measures were in effect, through the day preceding the date of publication of the ITC’s final affirmative injury determinations in the Federal Register.

Suspension of liquidation will resume on the date of publication of the ITC’s final affirmative injury determinations in the Federal Register.

Notification to Interested Parties

This notice constitutes the antidumping duty orders with respect to mattresses from Cambodia, Indonesia, Malaysia, Serbia, Thailand, Turkey, and Vietnam pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at http://enforcement.trade.gov/stats/iastats1.html.

These orders are published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Orders

The products covered by these orders are all types of youth and adult mattresses. The term “mattress” denotes an assembly of materials that at a minimum includes a “core,” which provides the main support system of the mattress, and may consist of innersprings, foam, other resilient filling, or a combination of these materials. Mattresses may also contain: (1) “Upholstery,” the material between the core and the top panel of the mattresses; or between the core and the top and bottom panel of the ticking on a double-sided mattress; and/or (2) “ticking,” the outermost layer of fabric or other material (e.g., vinyl) that encloses the core and any upholstery, also known as a cover.

The scope of these orders is restricted to only “adult mattresses” and “youth mattresses.” “Adult mattresses” and “youth mattresses” are frequently described as “twin,” “extra-long twin,” “full,” “queen,” “king,” or “California king” mattresses. “Youth mattresses” are typically described as “crib,” “toddler,” or “youth” mattresses. All adult and youth mattresses are included regardless of size and size description.

The scope encompasses all types of “innerspring mattresses,” “non-innerspring mattresses,” and “hybrid mattresses.” “Innerspring mattresses” contain innersprings, a series of metal springs joined together in sizes that correspond to the dimensions of mattresses. Mattresses that contain innersprings are referred to as “innerspring mattresses” or “hybrid mattresses.” “Hybrid mattresses” contain two or more support systems as the core, such as layers of both memory foam and innerspring units.

“Non-innerspring mattresses” are those that do not contain any innerspring units. They are generally produced from foams (e.g., polyurethane, memory (viscoelastic), latex foam, gel-infused viscoelastic (gel foam), thermobonded polyester, polyethylene) or other resilient filling. Mattresses covered by the scope of these orders may be imported independently, as part of furniture or furniture mechanisms (e.g., convertible sofa bed mattresses, sofa bed mattresses imported with sofa bed mechanisms, corner group mattresses, daybed mattresses, roll-away bed mattresses, high risers, trundle bed mattresses, crib mattresses), or as part of a set in combination with a “mattress foundation.” “Mattress foundations” are any base or support for a mattress. Mattress foundations are commonly referred to as “foundations,” “boxsprings,” “platforms,” and/or “bases.” Bases can be static, foldable, or adjustable. Only the mattress is covered by the scope if imported as part of furniture, with furniture mechanisms, or as part of a set in combination with a mattress foundation.

Excluded from the scope of these orders are “futon” mattresses. A “futon” is a bi-fold frame made of wood, metal, or plastic material, or any combination thereof, that functions as both seating furniture (such as a couch, love seat, or sofa) and a bed. A “futon mattress” is a tufted mattress, where the top covering is secured to the bottom with thread that goes completely through the mattress from the top through to the bottom, and it does not contain innersprings or foam. A futon mattress is both the bed and seating surface for the futon.

Also excluded from the scope are airbeds (including inflatable mattresses) and waterbeds, which consist of air- or liquid-filled bladders as the core or main support system of the mattress.

Also excluded is certain multifunctional furniture that is convertible from seating to sleeping, regardless of filler material or components, where that filler material or components are upholstered, integrated into the design and, construction, and inseparable from, the furniture framing, and the outermost layer of the multifunctional furniture converts into the sleeping surface. Such furniture may, and without limitation, be commonly referred to as “convertible sofas,” “sofabeds,” “sofa chaise sleepers,” “futons,” “ottoman sleepers” or a like description.

Also excluded also from the scope of these orders are any products covered by the existing antidumping duty orders on uncovered innerspring units from China or Vietnam. See Uncovered Innerspring Units from the People’s Republic of China: Notice of Antidumping Duty Order, 74 FR 7661 (February 19, 2009); Antidumping Duty Order: Uncovered Innerspring Units from the Socialist Republic of Vietnam, 73 FR 75391 (December 11, 2008).

Also excluded from the scope of these orders are bassinet pads with a nominal length of less than 39 inches, a nominal width less than 25 inches, and a nominal length of less than 39 inches, a nominal width less than 25 inches, and a nominal length of less than 39 inches. Excluded mattress toppers with a thickness of less than 2 inches.

“Mattress topper” is a removable bedding accessory that supplements a mattress by providing an additional layer that is placed on top of a mattress. Excluded mattress toppers have a height of four inches or less.

The products subject to these orders are currently properly classifiable under HTSUS subheadings: 9404.21.0010, 9404.21.0013, 9404.29.1002, 9404.29.0113, 9404.29.9005, and 9404.29.9087. Products subject to these orders may also enter under HTSUS subheadings: 9404.21.0095, 9404.29.0905, 9404.29.9095, 9404.40.0000, and 9401.90.5001. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to these orders is dispositive.

Mattresses From the People’s Republic of China: Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (Commerce) and the International Trade Commission (ITC), Commerce is issuing a countervailing duty (CVD) order on mattresses from the People’s Republic of China (China).

FOR FURTHER INFORMATION CONTACT: Theodore Pearson or Mary Kolberg, AD/ CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2631 or (202) 482–1785, respectively.

SUPPLEMENTARY INFORMATION:

Background

On March 25, 2021, Commerce published its affirmative final determination in the countervailing duty investigation of mattresses from China.1 On May 10, 2021, the ITC notified Commerce of its affirmative final determination that pursuant to sections 705(b)(1)(A)(i) and 705(d) of the Act, that an industry in the United States is materially injured by reason of

subsidized imports of subject merchandise from China. ²

Scope of the Order

The products covered by this order are mattresses from China. For a complete description of the scope of this order, see the appendix to this notice.

Countervailing Duty Order

As stated above, on May 10, 2021, in accordance with section 705(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured within the meaning of section 705(b)(1)(A)(i) of the Act by reason of subsidized imports of mattresses from China.³ Therefore, in accordance with section 705(c)(2) of the Act, Commerce is issuing this CVD order. Therefore, in accordance with section 706(a) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, countervailing duties for all relevant entries of mattresses from China which are entered, or withdrawn from warehouse, for consumption on or after September 11, 2020, the date of publication in the Federal Register of the ITC's final affirmative injury determination under section 705(b) of the Act, as further described in the "Provisional Measures" section of this notice.

Continuation of Suspension of Liquidation and Cash Deposits

Except as noted in the "Provisional Measures" section of this notice, in accordance with section 706(a)(1) of the Act, Commerce will instruct CBP to continue to suspend liquidation on all relevant entries of mattresses from China. These instructions suspending liquidation will remain in effect until further notice.

Commerce will also instruct CBP to require cash deposits equal to the net countervailable subsidy rates indicated in the table below.⁵

Provisional Measures

Section 703(d) of the Act states that the suspension of liquidation pursuant to an affirmative preliminary countervailing duty determination may not remain in effect for more than four months. Commerce published the Preliminary Determination on September 11, 2020.⁶

The provisional measures period, beginning on the date of publication of the Preliminary Determination, ended on January 8, 2021. Therefore, in accordance with section 703(d) of the Act, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of mattresses from China entered, or withdrawn from warehouse, for consumption after January 8, 2021, the final day on which the provisional measures were in effect, until and through the day preceding the date of publication of the ITC's final affirmative injury determination in the Federal Register. Suspension of liquidation and the collection of cash deposits will resume on the date of publication of the ITC's final injury determination in the Federal Register.

Notification to Interested Parties

Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Marine Site Characterization Surveys Off of New Jersey

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; issuance of an Incidental Harassment Authorization.

SUMMARY: In accordance with the regulations implementing the Marine Mammal Protection Act (MMPA) as amended, notification is hereby given that NMFS has issued an incidental harassment authorization (IHA) to Ocean Wind, LLC (Ocean Wind) to incidentally harass, by Level B harassment only, marine mammals during marine site characterization surveys off of New Jersey in the area of Commercial Lease of Submerged Lands for Renewable Energy Development on the Outer Continental Shelf Lease Areas OCS–A 0498 and OCS–A 0532 (Lease Area) and potential export cable routes to landfall locations in New Jersey.

DATES: This Authorization is effective for a period of one year, from May 10, 2021 through May 9, 2022.

FOR FURTHER INFORMATION CONTACT: Ben Laws, Office of Protected Resources, NMFS, (301) 427–8401. Electronic copies of the application and supporting documents, as well as a list of the references cited in this document, may be obtained online at: www.fisheries.noaa.gov/action/incidental-take-authorization-ocean-wind-llc-marine-site-characterization-surveys-new-jersey. In case of problems accessing these documents, please call the contact listed above.

SUPPLEMENTARY INFORMATION:
Background

The MMPA prohibits the “take” of marine mammals, with certain exceptions. Sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 et seq.) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a proposed incidental take authorization may be provided to the public for review.

Authorization for incidental takings shall be granted if NMFS finds that the taking will have a negligible impact on the availability of the species or stock(s) and will not have an unmitigable adverse impact on the species or stock(s) for taking for subsistence uses (where relevant). Further, NMFS must prescribe the permissible methods of taking and other “means of effecting the least practicable adverse impact” on the affected species or stocks and their habitat, paying particular attention to rookeries, mating grounds, and areas of similar significance, and on the availability of the species or stocks for taking for certain subsistence uses (referred to in shorthand as “mitigation”); and requirements pertaining to the mitigation, monitoring and reporting of the takings are set forth. The definitions of all applicable MMPA statutory terms cited above are included in the relevant sections below.

Summary of Request

On December 11, 2020, NMFS received a request from Ocean Wind for an IHA to take marine mammals incidental to marine site characterization surveys off of New Jersey in the Lease Area and potential export cable routes (ECRs) to landfall locations in New Jersey. Following NMFS review of the draft application, a revised version was submitted on February 23, 2021. That revised version was deemed adequate and complete on March 9, 2020. Ocean Wind’s request is for take of 16 species of marine mammals, by Level B harassment only. Neither Ocean Wind nor NMFS expects serious injury or mortality to result from this activity and, therefore, an IHA is appropriate.

NMFS previously issued an IHA to Ocean Wind for similar work in the same geographic area on June 8, 2017 (82 FR 31562; July 7, 2017) with effective dates from June 8, 2017, through June 7, 2018. Ocean Wind complied with all the requirements (e.g., mitigation, monitoring, and reporting) of the previous IHA.

Description of Proposed Activity

Overview

As part of its overall marine site characterization survey operations, Ocean Wind plans to conduct high-resolution geophysical (HRG) surveys in the Lease Area and along potential ECRs to landfall locations in New Jersey.
