The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercgensearch.asp>) by querying the docket number.

Any person desiring to intervene or protest in any of the above proceedings must file in accordance with Rules 211 and 214 of the Commission's Regulations (18 CFR 385.211 and 385.214) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No.10934–000]

Sugar River Hydro II, LLC; Notice of Authorization for Continued Project Operation

The current license for the Sugar River II Project (project) is held by Sugar River Hydro II, LLC (Sugar River Hydro) under Project No. 10934. The project is located on the Sugar River, in Sullivan County, New Hampshire. On April 30, 2019, Sugar River Hydro filed a letter stating that it is not filing an application to relicense the project. On May 8, 2019, the Commission, pursuant to 18 CFR 16.25(a), issued a notice soliciting potential new applicants for the project, which provided until August 6, 2019 for potential applicants to submit a pre-application document (PAD) and notice of intent (NOI). In response to the solicitation notice, New Hampshire Renewable Resources, LLC (New Hampshire Renewable) filed a PAD and NOI to relicense the Sugar River II Project, pursuant to 18 CFR 5.5 and 5.6 of the Commission's regulations. Commission staff assigned Project No. 15003 for the licensing proceeding initiated by New Hampshire Renewable's filing. On February 8, 2021, New Hampshire Renewable filed an application for a subsequent license for the Sugar River II Project pursuant to

the Federal Power Act (FPA) and the Commission's regulations thereunder.

The license for Project No. 10934 was issued for a period ending April 30, 2021. Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee(s) under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 10934 is issued to Sugar River Hydro for a period effective May 1, 2021 through April 30, 2022 or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first. If issuance of a new license (or other disposition) does not take place on or before April 30, 2022, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Sugar River Hydro is authorized to continue operation of the Sugar River II Project, until such time as the Commission acts on the application for a subsequent license.

Dated: May 13, 2021.

Kimberly D. Bose,

Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL21-73-000]

Edgecombe Solar Energy LLC v. Duke Energy Progress, LLC, Duke Energy Carolinas, LLC, and Duke Energy Florida, LLC; Notice of Complaint

Take notice that on May 12, 2021, pursuant to sections 206 and 306, of the Federal Power Act, 16 U.S.C. 824e and 825e and Rule 206 of the Federal Energy Regulatory Commission's (Commission) Rules of Practice and Procedure, 18 CFR 385.206 (2020), Edgecombe Solar Energy LLC (Complainant) filed a formal complaint against Duke Energy Progress, LLC, Duke Energy Carolinas, LLC and Duke Energy Florida, LLC (collectively, Duke Companies or Respondents) requesting that the Commission direct the Duke Companies to revise their Affected System Operator Agreement form to include the Commission's required provisions providing for reimbursement of Network Upgrades that the Duke Companies construct in their role of Affected System Operators,¹ as more fully explained in the complaint.

The Complainant certifies that copies of the complaint were served on the contacts listed for Respondents in the Commission's list of Corporate Officials.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. The Respondents' answer and all interventions, or protests must be filed on or before the comment date. The Respondents' answer, motions to intervene, and protests must be served on the Complainant.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using

¹ An Affected System means an electric system other than the Transmission Provider's Transmission System that may be affected by the proposed interconnection. An Affected System Operator shall mean the entity that operates an Affected System. *See pro forma* Large Generator Interconnection Agreement, Art. 1 ("LGIA Definitions"), available at <https://www.ferc.gov/sites/default/files/2020-04/LGIA-agreement.pdf>. Other capitalized terms in this document have the meaning set forth in the Commission's *pro forma* OATT.
