AGENCY: Federal Bureau of Investigation, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: The Department of Justice, Federal Bureau of Investigation, Criminal Justice Information Services Division, will be submitting the following information collection request to the Office of Management and Budget for review and approval in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted for 30 days until June 21, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Federal Bureau of Investigation, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* Plans to perform pilot testing of the questionnaire and electronic application proposed for use in the upcoming Law Enforcement Suicide Data Collection.

2. *The Title of the Form/Collection:* Law Enforcement Suicide Data Collection (In development); pilot testing to be completed under existing Instrument Pretesting and Generic Clearance (Control Number 1110–0057).

3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* There is no form number for this collection. The applicable component within the Department of Justice is the Criminal Justice Information Services Division, in the Federal Bureau of Investigation.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:*

Primary: Law enforcement, academia, and the general public.

Abstract: This survey is needed to collect feedback on the Federal Bureau of Investigation Uniform Crime Reporting Program’s plan to perform pilot testing of the Law Enforcement Suicide Data Collection questionnaire and electronic application.

5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* The Federal Bureau of Investigation Uniform Crime Reporting Program’s Law Enforcement Suicide Data Collection Pilot Testing will involve a maximum of 25 respondents with an estimated 120 minutes of burden per respondent (30 minutes for completion of the questionnaire and 90 minutes for completion of the cognitive testing interview).

6. *An estimate of the total public burden (in hours) associated with the collection:* There are approximately 50 hours, annual burden, associated with this pilot testing plan.

Record of Decision; Final Supplemental Environmental Impact Statement for the Proposed Development of a Federal Correctional Institution and Federal Prison Camp on the Grounds of the United States Penitentiary in Leavenworth, KS

The U.S. Department of Justice, Federal Bureau of Prisons (BOP) announces the availability of the Record of Decision (ROD) concerning the Final Supplemental Environmental Impact Statement (FSEIS) for the proposed development of a Federal Correctional Institution (FCI) and Federal Prison Camp (FPC) on the grounds of the United States Penitentiary (USP) in Leavenworth, Kansas.

Background Information: Pursuant to Section 102 of the National Environmental Policy Act of 1969 and the Council of Environmental Quality Regulations found at 40 CFR parts 1500–1508, BOP has prepared Draft Supplemental and Final Supplemental Environmental Impact Statements (EISs) for the development of a medium-security FCI and a minimum-security satellite work camp, to replace the existing, aged correctional facilities.

Project Information: The mission of the BOP is to protect society by confining offenders in the controlled environments of prison and community-based facilities that are safe, humane, cost-efficient, and appropriately secure, and that provide work and other self-improvement opportunities to assist offenders in becoming law-abiding citizens.

A growing challenge to the BOP’s mission is that an increasing number of federal correctional facilities and supporting infrastructure are aging, resulting in an ongoing need for new facilities and infrastructure. Among the oldest are the medium-security facility and federal prison camp at USP Leavenworth. In the FSEIS, BOP proposed to construct and operate a new FCI designed to house approximately 1,152 medium-security inmates and an FPC designed to house 256 minimum-security inmates with approximately 338 staff for operation. Development of a new FCI and FPC will help to meet the need for modern correctional facilities and infrastructure and to address the specific need for a new medium-security FCI and minimum-security FPC in Leavenworth to replace the existing, aged correctional facilities.

Once development is completed and the new facilities are activated, inmates

housed at the USP and FPC will be transferred to the new facilities along with the complement of correctional officers and other staff. After this transfer, the existing USP and FPC will no longer house inmates.

The analysis conducted under NEPA guidelines address the following alternatives:

- No Action Alternative—A decision not to proceed with the proposed action to develop a new FCI/FPC.
- Alternative Locations—Locations other than Leavenworth, Kansas, for implementation of the proposed action and warranting only a brief explanation of the reasons for elimination.
- Action Alternatives—Alternative building location within the grounds of USP Leavenworth which best meets BOP requirements for development while minimizing potential adverse environmental impacts.
- Preferred Alternative—The alternative preferred by the BOP for implementation of the proposed action.

No reasonable alternatives outside the jurisdiction of the BOP (the lead agency) have been identified or warranted inclusion in the FSEIS. Development of the proposed FCI/FPC at USP Leavenworth under the East-1 plan is considered by the BOP to be the Preferred Alternative.

The BOP issued a Draft Supplemental EIS in November 2020 with publication of the Notice of Availability (NOA) in the **Federal Register** on November 20, 2020. The NOA provided for a 45-day public comment period which began on November 20, 2020, and ended on January 4, 2021. During the public comment period, the BOP held a virtual public hearing concerning the proposed action and the Draft Supplemental EIS on December 30, 2020. Approximately 39 individuals attended the public hearing.

The Final Supplemental EIS addressed comments received on the Draft Supplemental EIS. Publication of the NOA in the **Federal Register** concerning the Final Supplemental EIS occurred on February 26, 2021. The 30-day review period for receipt of public comments concerning the Final Supplemental EIS ended on March 29, 2021. The comments received on the Final Supplemental EIS were considered in the decision presented in the ROD.

BOP provided written notices of the availability of the Draft Supplemental EIS and the FSEIS in the **Federal Register**, a newspaper with local and regional circulations, and through publication on a website established for this EIS process at <https://>

www.proposed-fci-fpc-leavenworth.com/communications.

Availability of Record of Decision: The Record of Decision and other information regarding this project are available on the project website at <https://www.proposed-fci-fpc-leavenworth.com/communications> or upon request.

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Safe + Sound Campaign

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Occupational Safety and Health Administration (OSHA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before June 21, 2021.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) if the information will be processed and used in a timely manner; (3) the accuracy of

the agency’s estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (4) ways to enhance the quality, utility and clarity of the information collection; and (5) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

FOR FURTHER INFORMATION CONTACT: Crystal Rennie by telephone at 202-693-0456 or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: OSHA established the Safe + Sound Campaign, a voluntary effort to support the implementation of safety and health programs in businesses throughout the United States. The Campaign includes periodic activities and events, ranging from regular email updates to quarterly national Webinars to local meetings to an annual national stand down, designated to increase overall employer and employee awareness and understanding of safety and health programs and promote employer adoption of these programs. To gain information needed to support this effort, OSHA is proposing to survey, and in some cases interview, those participating in the Campaign activities. The goal of the information collection is to understand and respond to the needs of participants and publicly highlight outcomes to enhance the effectiveness of the Campaign. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on December 9, 2020 (85 FR 79222).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Agency: DOL-OSHA.
