This regulatory action determination is based on the ability that vessels can still transit the bridge given advanced notice. Vessels that can transit under the bridge without an opening may do so at any time.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard received zero comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the bridge may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Government

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning Policy COMDTINST 5090.1 (series) which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f). The Coast Guard has determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule promulgates the operating regulations or procedures for drawbridges and is categorically excluded from further review, under paragraph L49, of Chapter 3, Table 3–1 of the U.S. Coast Guard Environmental Planning Implementation Procedures.

Neither a Record of Environmental Consideration nor a Memorandum for the Record are required for this rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 117

Bridges.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 33 CFR 1.05–1; and Department of Homeland Security Delegation No. 0170.1.

2. Amend § 117.371 by revising paragraphs (a) and (b) to read as follows:

§ 117.371 Savannah River.

(a) The draw of the Houlihan (US 17) Bridge, mile 21.6 at Port Wentworth, Georgia, shall open if at least a 24-hour advance notice is given. Openings can be arranged by contacting Georgia Department of Transportation Savannah Area Office at 1–912–651–2144.

(b) The draw of the CSX Transportation Railroad Bridge, mile 27.4 near Hardeeville, South Carolina, shall open if at least a 24-hour advance notice is given. Openings can be arranged by contacting CSX Transportation at 1–800–232–0144.

Eric C. Jones,
Rear Admiral, U.S. Coast Guard, Commander Seventh Coast Guard District.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2021–0083]

RIN 1625–AA00

Safety Zone; Fincantieri Blasting Project; Menominee River, Menominee, MI and Marinette, WI

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.
The Coast Guard is establishing a temporary safety zone for certain waters of the Menominee River in Marinette, WI within 1,000 feet of a blasting area. This action is necessary to provide for the safety of life on these navigable waters during the daily blasting at the southern bank of the Menominee River near the Fincantieri Marinette Marine facility. The Captain of the Port Lake Michigan (COTP) has determined that potential hazards associated with the blasting would be a safety concern for anyone within a 1,000 foot radius of the blasting site. The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters within a 1,000-foot radius of the blasting site before, during, and after the scheduled event.

In response, the Coast Guard published a Notice of Proposed Rulemaking (NPRM) entitled Safety Zone; Fincantieri Blasting Project; Menominee River, Menominee, MI and Marinette, WI (86 FR 12887). There we stated why we issued the NPRM, and invited comments on our proposed regulatory action related to this project. During the comment period that ended March 22, 2021, we received 00 comments opposed to the regulatory action.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards associated with the daily blasting.

### III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Lake Michigan (COTP) has determined that a safety zone would mitigate the potential hazards associated with the blasting project. The safety zone will last from May 10, 2021 to November 30, 2021 for an approximate 15 minute period occurring daily between 3:30 p.m. to 5:30 p.m. The safety zone will cover all navigable waters within 1,000 foot radius of the blasting site which will be on the southern bank of the Menominee River at the Fincantieri Ship Yard in Marinette, WI. The duration of the zone is intended to ensure the safety of vessels and these navigable waters before, during, and after the daily blasting event. No vessel or persons will be permitted to enter the safety zone during blasting operations. During non-blasting times, no vessel or persons will be permitted to transit the area at speeds that would create a wake. Additionally, no vessel or persons will be permitted to transit between the construction barges and the southern bank of the Menominee River. No vessel or persons will be allowed to conduct the three preceding activities without obtaining permission from the COTP Lake Michigan or a designated representative.

### V. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

#### A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the characteristics of the safety zone. The safety zone created by...
this rule will be relatively small and is
designed to minimize its impact on
navigable waters. This rule will prohibit
entry into certain navigable waters of
the Menominee River in Marinette, WI,
it is not anticipated to exceed 15
minutes in duration each day. During
non-blasting operations, vessels and
persons will be allowed to enter the
safety zone at speeds that do not create
a wake. Additionally, the exclusion area
between the construction barges and
southern bank of the river is small and
allows for plenty of space within the
channel for vessels to transit the area
north of the construction barges. Thus,
restrictions on vessel movement within
that particular area are expected to be
minimal. Moreover, under certain
conditions vessels and persons may still
transit through the safety zone when
permitted by the COTP Lake Michigan.

B. Impact on Small Entities

The Regulatory Flexibility Act of
1980, 5 U.S.C. 601–612, as amended,
requires Federal agencies to consider
the potential impact of regulations on
small entities during rulemaking. The
term “small entities” comprises small
businesses, not-for-profit organizations
that are independently owned and
operated and are not dominant in their
fields, and governmental jurisdictions
with populations of less than 50,000.
The Coast Guard received 00 comments
from the Small Business Administration
on this rulemaking. The Coast Guard
certifies under 5 U.S.C. 605(b) that this
rule will not have a significant
economic impact on a substantial
number of small entities.

While some owners or operators of
vessels intending to transit the safety
zone may be small entities, for the
reasons stated in section V.A above, this
rule will not have a significant
economic impact on any vessel owner
or operator.

Under section 213(a) of the Small
Business Regulatory Enforcement
Fairness Act of 1996 (Pub. L. 104–121),
we want to assist small entities in
understanding this rule. If the rule
would affect your small business,
organization, or governmental
jurisdiction and you have questions
concerning its provisions or options for
compliance, please call or email the
person listed in the FOR FURTHER
INFORMATION CONTACT section.

Small businesses may send comments
on the actions of Federal employees
who enforce, or otherwise determine
compliance with, Federal regulations to
the Small Business and Agriculture
Regulatory Ombudsman and the Regional
Small Business
Regulatory Fairness Boards. The
Ombudsman evaluates these actions
annually and rates each agency’s
responsiveness to small business. If you
wish to comment on actions by
employees of the Coast Guard, call 1–
888–REG–FAIR (1–888–734–3247). The
Coast Guard will not ratify against
small entities that question or complain
about this rule or any policy or action of
the Coast Guard.

C. Collection of Information

This rule will not call for a new
collection of information under the
Paperwork Reduction Act of 1995 (44

D. Federalism and Indian Tribal
Governments

A rule has implications for federalism
under Executive Order 13132,
Federalism, if it has a substantial direct
effect on the States, on the relationship
between the National Government and
the States, or on the distribution of
power and responsibilities among the
various levels of government. We have
analyzed this rule under that Order and
have determined that it is consistent
with the fundamental federalism
principles and preemption requirements
described in Executive Order 13132.

Also, this rule does not have tribal
implications under Executive Order
13175, Consultation and Coordination
with Indian Tribal Governments,
because it does not have a substantial
direct effect on one or more Indian
tribes, on the relationship between the
Federal Government and Indian tribes,
or on the distribution of power and
responsibilities between the Federal
Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act
of 1995 (2 U.S.C. 1531–1538) requires
Federal agencies to assess the effects of
their discretionary regulatory actions. In
particular, the Act addresses actions
that may result in the expenditure by a
State, local, or tribal government, in the
aggregate, or by the private sector of
$100,000,000 (adjusted for inflation) or
more in any one year. Though this rule
will not result in such an expenditure,
we do discuss the effects of this rule
elsewhere in this preamble.

F. Environment

We have analyzed this rule under
Department of Homeland Security
Directive 023–01, Rev. 1, associated
implementing instructions, and
Environmental Planning COMDTINST
5090.1 (series), which guide the Coast
Guard in complying with the National
Environmental Policy Act of 1969 (42
U.S.C. 4321–4370f), and have
determined that this action is one of a
category of actions that do not
individually or cumulatively have a
significant effect on the human
environment. This rule involves a safety
zone that would prohibit vessels and
persons from passing through a small
area located between the construction
barges and the southern bank of the
Menominee River, would prohibit entry
into the all navigable waters within a
1,000 foot radius of the construction
barges for a maximum of 15 minutes per
day during blasting activities, and
would prohibit vessels and persons from
transiting the safety zone at speeds
that would create a wake. It is
categorically excluded from further
review under paragraph L60(a) of
Appendix A, Table 1 of DHS Instruction
Manual 023–01–001–01, Rev. 1. A
Record of Environmental Consideration
supporting this determination is
available in the docket. For instructions
on locating the docket, see the
ADDRESSES section
of this preamble.

G. Protest Activities

The Coast Guard respects the First
Amendment rights of protesters.
Protesters are asked to call or email the
person listed in the FOR FURTHER
INFORMATION CONTACT section
to coordinate protest activities so that
your message can be received without
jeopardizing the safety or security of
people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation
(water), Reporting and recordkeeping
requirements, Security measures,
Waterways

For the reasons discussed in the
preamble, the Coast Guard amends 33
CFR part 165 as follows:

PART 165—REGULATED NAVIGATION
AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165
continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR
1.05–1, 6.04–1, 6.04–6, and 160.5;
Department of Homeland Security Delegation
No. 0170.1.

■ 2. Add § 165.T09–0083 to read as
follows:

§ 165.T09–0083 Safety Zone; Blasting
Project; Menominee River, Marinette, WI.

(a) Location. All navigable waters of
the Menominee River within 1,000 feet
of the blast area on the southern bank
of the river at coordinates
43.070500° N, 086.234666° W.

(b) Enforcement period. The safety
zone portion of the regulated area
described in paragraph (a) is effective
for 15 minutes between 3:30 p.m. and 5:30 p.m. each evening without actual notice from May 21, 2021 through November 30, 2021. For the purposes of enforcement, actual notice will be used from May 10, 2021 until May 21, 2021. The part of the safety zone between the construction barges and the southern bank of the river, and the no-wake zone portion of the regulated area described in paragraph (a) will be in effect continuously without actual notice from May 21, 2021 through November 30, 2021. For the purposes of enforcement, actual notice will be used from May 10, 2021 until May 21, 2021.

(c) Regulations. (1) In accordance with the general regulations in section § 165.23, entry into, transiting, or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Lake Michigan (COTP) or a designated representative.

(2) This safety zone is closed to all vessels and persons, except as may be permitted by the COTP or a designated representative.

(3) The “designated representative” of the COTP Lake Michigan is any Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on his or her behalf.

(4) Persons and vessel operators desiring to enter or operate within the safety zone during blasting operations, or at speeds that would create a wake, must contact the COTP Lake Michigan or an on-scene representative to obtain permission to do so. The COTP or an on-scene representative may be contacted via VHF Channel 16. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the COTP Lake Michigan or an on-scene representative.

D.P. Montoro,
Captain, U.S. Coast Guard, Captain of the Port Lake Michigan.

For further information contact: If you have questions on this notice, call or email Lieutenant John Santorum, Waterways Management, U.S. Coast Guard Sector San Diego, CA; telephone 619–278–7656, email MarineEventsSD@uscg.mil.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket No. USCG-2021–0319]

Safety Zone; Southern California Annual Fireworks for the San Diego Captain of the Port Zone

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce the safety zone for the Coronado Glorietta Bay Fourth of July Fireworks on the waters of Glorietta Bay, CA on Sunday, July 4, 2021. The safety zone is necessary to provide for the safety of the participants, spectators, official vessels of the event, and general users of the waterway. Our regulation for the Southern California Annual Firework Events for the San Diego Captain of the Port Zone identifies the regulated area for this event. During the enforcement period, no spectators shall anchor, block, loiter in, or impede the transit of official patrol vessels in the regulated area without the approval of the Captain of the Port, or his designated representative.

DATES: The regulations in 33 CFR 165.1123 will be enforced for the location identified in Item 3 of Table 1 to § 165.1123 from 8 p.m. until 10 p.m. on July 4, 2021.

FOR FURTHER INFORMATION CONTACT: If you have questions on this publication, call or email Lieutenant John Santorum, Waterways Management, U.S. Coast Guard Sector San Diego, CA; telephone 619–278–7656, email MarineEventsSD@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone regulation in 33 CFR 165.1123 for, for the Coronado Glorietta Bay Fourth of July Fireworks regulated area described in Table 1, Item 3 of that section from 8 p.m. until 10 p.m. on July 4, 2021. This action is being taken to provide for the safety of life on navigable waterways during the fireworks event. Our regulation for Southern California Annual Firework Events for the San Diego Captain of the Port Zone, § 165.1123, identifies the regulated area for the Coronado Glorietta Bay Fourth of July Fireworks event which encompasses a portion of Glorietta Bay. Under the provisions of § 165.1123, a vessel may not enter the regulated area, unless it receives permission from the Captain of the Port, or his designated representative. Spectator vessels may safely transit outside the regulated area but may not anchor, block, loiter, or impede the transit of participants or official patrol vessels. The Coast Guard may be assisted by other Federal, State, or Local law enforcement agencies in enforcing this regulation.

In addition to this notice of enforcement in the Federal Register, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners, marine information broadcasts, and local advertising by the event sponsor.

If the Captain of the Port or his designated representative determines that the regulated area need not be enforced for the full duration stated on this document, he or she may use a Broadcast Notice to Mariners or other communications coordinated with the event sponsor to grant general permission to enter the regulated area.

T.J. Barelli,
Captain, U.S. Coast Guard, Captain of the Port San Diego.
