SUMMARY: The Department of Commerce (Commerce) is rescinding its administrative review of the antidumping duty order on certain circular welded non-alloy steel pipe from Mexico for the period of review (POR) November 1, 2019, through October 31, 2020.

SUPPLEMENTARY INFORMATION:

Background
On November 3, 2020, Commerce published in the Federal Register a notice of opportunity to request an administrative review of the antidumping duty order 1 on certain circular welded non-alloy steel pipe from Mexico for the POR.2 On November 30, 2020, Commerce received a timely request from interested party Nucor Tubular Products Inc. (Nucor Tubular), in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), to conduct an administrative review of the Order for 36 companies.3 No other party requested an administrative review.

On January 6, 2021, Commerce published in the Federal Register a notice of initiation with respect to 36 companies.4 On April 6, 2021, Nucor Tubular timely withdrew its request for an administrative review for all 36 companies for which it had requested a review.5

Recission of Administrative Review
Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the parties that requested a review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. In this instance, the party that requested an administrative review withdrew its request for review for all companies by the 90-day deadline, and no other party requested an administrative review of this order. Therefore, we are rescinding the administrative review of the Order covering the POR, in its entirety.

Assessment
Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 41 days after publication of this notice in the Federal Register.

Notification to Importers
This notice serves as the final reminder to importers of their responsibility, under 19 CFR 351.402(f)(2), to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders
This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and CFR 351.213(d)(4).

Certain Activated Carbon From the People’s Republic of China: Notice of Court Decision Not in Harmony With the Results of Antidumping Administrative Review; Notice of Amended Final Results

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On May 11, 2021, the Court of International Trade (CIT) issued its final judgment in Calgon Carbon Corporation et al. v. United States, Consol. Court No. 18–00232, sustaining the Department of Commerce’s (Commerce’s) second remand results pertaining to the tenth administrative review, and that Commerce is amending the final results for carbonized material.7

In its decision in Timken,10 as clarified by Diamond Sawblades,11 the Court of Appeals for the Federal Circuit held that, pursuant to section 516A(a) and (e) of the Tariff Act of 1930, as amended (the Act), Commerce must publish a notice of court decision that is not “in harmony” with a Commerce determination and must suspend liquidation of entries pending a “conclusive” court decision. The CIT’s May 11, 2021 judgment constitutes a final decision of the CIT that is not in harmony with Commerce’s Final Results/Amended Final Results. Thus, this notice is published in fulfillment of the publication requirement of Timken.

Amended Final Results

Because there is now a final court decision, Commerce amends the Final Results and Amended Final Results with respect to Carbon Activated and GHC as follows:12

For a second time, and directed Commerce to again reconsider Commerce’s inclusion of the imports from France in the Thai surrogate value for carbonized material.7

In its second remand redetermination, issued in March 2021, Commerce reconsidered its determination to include the imports from France in the Thai import data used to value carbonized material and, under protest, excluded the imports from France from the Thai surrogate value for carbonized material. Accordingly, Commerce made necessary changes to the margin calculations for the mandatory respondents and revised the separate rate for GHC.8 The CIT sustained Commerce’s final redetermination.9
