Complainants are provided a Privacy Act statement noting the purposes and uses of the information collected. No assurance of confidentiality is provided, because the collection is governed by EEOC Management Directive 110, which provides that "Once the complaint is filed, the complaint file, or part of it, may be shared only with those who are involved and need access to it. This includes the EEO Director, agency EEO officials, and possibly persons whom the aggrieved person has identified as being responsible for the actions that gave rise to the complaint. The complaint file is not a public document to be released outside the EEO complaint process. The identity of the aggrieved person does not remain confidential in the formal complaint process." EEOC Management Directive 110 provides that aggrieved persons be so informed by an EEO counselor prior to the initiation of a formal complaint.

There is a decrease in burden. The previous approval documentation mistakenly included the burden for Federal Employees. This error has been corrected, resulting in the reporting of a reduced annual burden.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Title of Information Collection: Record of Employee Interview.

OMB Approval Number: 2501-0009.

Type of Request: Reinstatement with change.

Form Number: HUD-11, HUD-11-SP, HUD-11i.

Description of the need for the information and proposed use: The information is collected using interviews with laborers and mechanics and is compared with employer's certified payroll reports received through other systems. When the collected information is compared with the employer's submitted reports, the information should duplicate itself proving the reports received match the information collected meaning likely compliance with federal labor standards. When there is a difference, an investigation takes place to determine the discrepancy and, when appropriate, declare a federal labor standard violation with steps taken to correct the violation. This collection focuses on the employee as the respondent.
