access to these groups to balance the Commission’s goals of promoting transparency in robocall mitigation efforts and protecting providers’ sensitive information from competitors and bad actors attempting to circumvent these mitigation efforts. We seek comment on this proposed scope of eligible reviewing parties, and whether a broader or narrower group would better balance the goals of promoting transparency and protecting sensitive information. We also propose adopting the standard process for obtaining access to confidential and highly confidential information used by the Bureau in other proceedings. This process would require any person other than support personnel seeking access to confidential or highly confidential information pursuant to the Protective Order to sign and date an Acknowledgment of Confidentiality agreeing to be bound by the terms and conditions of the Protective Order, and to file the Acknowledgment with the Commission and deliver a copy to the filing provider.

**Other Protective Order Provisions.** Beyond the changes proposed above, we propose adopting the standard provisions found in other Commission Protective Orders. For example, we propose adopting standard provisions governing the designation of information as confidential or highly confidential, challenges to designations, the procedure for objecting to the disclosure of confidential or highly confidential information, and the review of confidential and highly confidential documents. Additionally, we propose adopting similar appendices, including one which contains an Acknowledgement of Confidentiality, and another which details what information and documents can be designated as highly confidential. We seek comment on whether and how we should modify these provisions or appendices in the context of the Robocall Mitigation Database.

**Ex Parte Rules.** This proceeding shall be treated as a “permit-but-disclose” proceeding in accordance with the Commission’s ex parte rules. Persons making ex parte presentations must file a copy of any written presentation or a memorandum summarizing any oral presentation within two business days after the presentation (unless a different deadline applicable to the Sunshine period applies). Persons making oral ex parte presentations are reminded that memoranda summarizing the presentation must: (1) List all persons attending or otherwise participating in the meeting at which the ex parte presentation was made; and (2) summarize all data presented and arguments made during the presentation. If the presentation consisted in whole or in part of the presentation of data or arguments already reflected in the presenters written comments, memoranda, or other filings in the proceeding, the presenter may provide citations to such data or arguments in his or her prior comments, memoranda, or other filings (specifying the relevant page and/or paragraph numbers where such data or arguments can be found) in lieu of summarizing them in the memorandum. Documents shown or given to Commission staff during ex parte meetings are deemed to be written ex parte presentations and must be filed consistent with section 1.1206(b) of the Commission’s rules. In proceedings governed by section 1.40(f) of the rules or for which the Commission has made available a method of electronic filing, written ex parte presentations and memoranda summarizing oral ex parte presentations, and all attachments thereto, must be filed through the electronic comment filing system available for that proceeding, and must be filed in their native format (e.g., .doc, .xml, .ppt, searchable.pdf). Participants in this proceeding should familiarize themselves with the Commission’s ex parte rules.
