Board of Overseers of the Malcolm Baldrige National Quality Award and Judges Panel of the Malcolm Baldrige National Quality Award

AGENCY: National Institute of Standards and Technology, Department of Commerce.

ACTION: Notice of open meeting.

SUMMARY: The Board of Overseers of the Malcolm Baldrige National Quality Award (Board of Overseers) and the Judges Panel of the Malcolm Baldrige National Quality Award (Judges Panel) will meet in open session on Thursday, June 17, 2021, from 11:00 a.m. to 4:00 p.m. Eastern time. The Board of Overseers, appointed by the Secretary of Commerce, reports the results of the Malcolm Baldrige National Quality Award (Award) activities to the Director of the National Institute of Standards and Technology (NIST) each year, along with its recommendations for the improvement of the Award process. The Judges Panel, also appointed by the Secretary of Commerce, ensures the integrity of the Award selection process and recommends Award recipients to the Secretary of Commerce. The purpose of this meeting is to discuss and review information received from the National Institute of Standards and Technology and from the Chair of the Judges Panel. The agenda will include: Baldrige Program Update, Baldrige Foundation Update, Baldrige Judges Panel Update, Ethics Review, Baldrige Award Process, and New Business/Public Comment.

DATES: The meeting will be held on Thursday, June 17, 2021 from 11:00 a.m. Eastern Time until 4:00 p.m. Eastern Time. The meeting will be open to the public.

ADDRESSES: The meeting will be a virtual meeting by webinar. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT:

Robert Fangmeyer, Director, Baldrige Performance Excellence Program, phone: 301-975-2361, email robert.fangmeyer@nist.gov.

SUPPLEMENTARY INFORMATION:

Authority: 15 U.S.C. 3711a(d)(1), 15 U.S.C. 3711a(d)(2)(B) and the Federal Advisory Committee Act, as amended, 5 U.S.C. App.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the Board of Overseers and the Judges Panel will meet in open session on Thursday, June 17, 2021 from 11:00 a.m. to 4:00 p.m. Eastern Time. The Board of Overseers (Board), composed of approximately twelve members preeminent in the field of organizational performance excellence and appointed by the Secretary of Commerce, makes an annual report on the results of Award activities to the Director of the National Institute of Standards and Technology (NIST), along with its recommendations for improvement of the Award process. The Judges Panel consists of no less than nine, and not more than twelve, members with balanced representation from U.S. service, manufacturing, small business, nonprofit, education, and health care industries. The Panel includes members who are familiar with the quality improvement operations and competitiveness issues of manufacturing companies, service companies, small businesses, nonprofits, health care providers, and educational institutions. The Judges Panel recommends Malcolm Baldrige National Quality Award recipients to the Secretary of Commerce.

The purpose of this meeting is to discuss and review information received from NIST and from the Chair of the Judges Panel of the Malcolm Baldrige National Quality Award. The agenda will include: Baldrige Program Update, Baldrige Foundation Update, Baldrige Judges Panel Update, Ethics Review, Baldrige Award Process, and New Business/Public Comment. The agenda may change to accommodate the Judges Panel and Board of Overseers business. The final agenda will be posted on the NIST Baldrige Performance Excellence website at <http://www.nist.gov/baldrige/community/overseers.cfm>. The meeting is open to the public.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Board's affairs and/or the Panel of Judges' general process are invited to request a place on the agenda. On June 17, 2021, approximately one-half hour will be reserved in the afternoon for public comments, and speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received, but is likely to be about 3 minutes each. The exact time for public comments will be included in the final agenda that will be posted on the Baldrige Performance

Excellence Program website at <http://www.nist.gov/baldrige/community/overseers.cfm>. Questions from the public will not be considered during this period. Requests must be submitted by email to Robyn Verner at robyn.verner@nist.gov and must be received by 4:00 p.m. Eastern Time, June 3, 2021 to be considered. Speakers who wish to expand upon their oral statements, those who had wished to speak, but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements by email to robyn.verner@nist.gov.

Admittance instructions: All participants will be attending via webinar. Please contact Ms. Verner by telephone at (301) 975-2361 or by email at robyn.verner@nist.gov for detailed instructions on how to join the webinar. All requests must be received by 4:00 p.m. Eastern Time, June 3, 2021.

Alicia Chambers,

NIST Executive Secretariat.

National Oceanic and Atmospheric Administration

[RTID 0648-XA997]

Fisheries Off West Coast States; Pacific Coast Groundfish Fishery; Electronic Monitoring (EM) Program; Notice of EM Program Guidelines

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of availability.

SUMMARY: NMFS is providing guidelines for the development of Electronic Monitoring Service Plans (EMSP) and Vessel Monitoring Plans (VMPs) by EM service providers and vessel owners applying to participate in the Pacific Coast Groundfish EM Program. An EMSP is required as part of an application for an EM service provider permit and endorsement and describes how an EM Service Provider will provide EM services to contracted vessels. A VMP is required as part of an application for a vessel owner seeking authorization to use EM in lieu of a human observer and documents how the EM system will be used to monitor the vessel. NMFS is required to develop EM Program Guidelines and publish notice of their availability in the **Federal Register**.

DATES: Applicable May 24, 2021.

FOR FURTHER INFORMATION CONTACT:
Justin Kavanaugh, EM Program Coordinator, phone: 206–526–4353, justin.kavanaugh@noaa.gov.

Electronic Access

The EM Program Guidelines documents are posted online at: <https://www.fisheries.noaa.gov/permit/electronic-monitoring-program-service-provider-application-and-service-plan>.

SUPPLEMENTARY INFORMATION: The regulations at 50 CFR part 660, subpart J describe the requirements for an EM program for the West Coast Groundfish Trawl Catch Share Program. Vessels participating in the EM program may use EM systems (cameras and associated sensors) in lieu of human observers to meet the requirements of the Catch Share Program for 100-percent at-sea monitoring. Interested vessel owners must submit an application to NMFS, including a VMP that describes how fishing operations on the vessel will be conducted and how the EM system and associated equipment will be configured to effectively monitor fishing activities and document any discards. Required components of the VMP are described in the Federal regulations at 50 CFR 660.604(e)(3)(iii). NMFS will review the VMP to ensure that the equipment installed and the proposed operations of the vessel would effectively monitor vessel operations. NMFS has created VMP Guidelines to provide vessel owners additional information on what NMFS is looking for in a VMP and describes best practices and suggested language to satisfy the required components. Vessel owners may propose and NMFS may consider alternative, but equivalent, methods to meet the requirements of the EM program in the VMP. Through this **Federal Register** notice, NMFS is notifying interested vessel owners of the availability of the VMP Guidelines on its website.

Vessel owners authorized to use EM are required to obtain an EM system from a NMFS-permitted service provider, as well as services to install and maintain the EM system, and to process, store, and report EM data to NMFS. EM service providers interested in providing EM services to participating vessels must apply to NMFS for a permit. EM service providers must develop and submit an EMSP as part of the application for an EM provider permit, and must describe in detail how the applicant will provide EM services to vessels. The required components of an EMSP are described in Federal regulations at 50 CFR

660.603(b)(1)(vii). NMFS will review EMSPs as part of the application to ensure that it meets all required components, and would effectively fulfill the EM service provider responsibilities. NMFS has created EMSP Guidelines that describe the requirements for EM service providers, the required elements of the EMSP, as well as best practices, recommendations, and other information that NMFS will use to evaluate proposed EMSPs and to evaluate the performance of EM service providers in meeting the regulations to achieve the purpose of the EM Program. Specific requirements and standards for EM data processing, reporting, and other services are contained in the EM Program Manual on NMFS's website. The EMSP need only address the regulations at 50 CFR 660.603 “Electronic monitoring provider permits and responsibilities”; additional best practices and recommendations in this document are only examples of how the EM service provider may meet the requirements. If the provider does not utilize the recommended best practices or procedures, the EM service provider should explain in its EMSP how it would otherwise meet the EM Program requirements. An EM service provider may propose alternative, but equivalent methods to any of the recommendations in this document in their EMSP, and NMFS may consider and approve those methods if they achieve the purpose of the EM program as defined at 50 CFR 660.600(b) “EM program purpose”.

Through this **Federal Register** notice, NMFS is notifying interested EM service providers of the availability of the EM Program Guidelines and EM Program Manual on its website, as required by 50 CFR 660.600(b).
