SUPPLEMENTARY INFORMATION: On

February 24, 2021, NMFS published a notice of availability of a draft MMP for the Monument (86 FR 11238). Presidential Proclamation 8335 (January 12, 2009, 74 FR 1557) requires the Secretaries of the Interior and Commerce to prepare management plans and promulgate implementing regulations that address specific actions necessary for the proper care and management of the Monument.

The draft MMP includes elements similar to a National Wildlife Refuge System Comprehensive Conservation Plan (CCP), and we are conducting the planning process for those elements in a manner similar to the CCP planning and public involvement process. The National Wildlife Refuge System Administration Act of 1966 (Refuge Administration Act, 16 U.S.C. 668dd-668ee), as amended by the National Wildlife Refuge System Improvement Act of 1997, requires the FWS to develop a CCP for each national wildlife refuge. This draft MMP would incorporate CCP requirements and would define each agency's management roles and responsibilities.

The draft MMP lays out the goals, objectives, and proposed management activities for the next 15 years, consistent with sound principles of fish and wildlife management, conservation, legal mandates, and consistent with FWS and NMFS policies. The draft MMP includes an environmental assessment to evaluate the potential environmental impacts of implementing the MMP. The FWS and NMFS would review and update the MMP at least every 15 years, in accordance with the Refuge Administration Act.

More information about the Monument's history, wildlife, and habitats is available in a Notice of Intent published on April 5, 2011 (76 FR 18773).

The FWS and NMFS seek comments on the draft MMP and EA. We will consider comments received when deciding whether to approve or modify the MMP. The original public comment period for the notice of availability of the MMP was scheduled to close on

May 25, 2021. In response to a request from Mr. Ralph D.L.G. Torres, Governor of the Commonwealth of the Northern Mariana Islands, the FWS and NMFS are extending the comment period for 60 days, and are accepting public comments through July 26, 2021. The public may submit comments as described under **ADDRESSES**.
