

painting, treatment, or method of manufacture, and with or without flanges, doors, or internal or external components (e.g., flooring/decking, ladders, lifts, electrical buss boxes, electrical cabling, conduit, cable harness for nacelle generator, interior lighting, tool and storage lockers) attached to the wind tower section. Several wind tower sections are normally required to form a completed wind tower.

Wind towers and sections thereof are included within the scope whether or not they are joined with non-subject merchandise, such as nacelles or rotor blades, and whether or not they have internal or external components attached to the subject merchandise.

Specifically excluded from the scope are nacelles and rotor blades, regardless of whether they are attached to the wind tower. Also excluded are any internal or external components which are not attached to the wind towers or sections thereof, unless those components are shipped with the tower sections.

Merchandise covered by this investigation is currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheading 7308.20.0020 or 8502.31.0000. Wind towers of iron or steel are classified under HTSUS 7308.20.0020 when imported separately as a tower or tower section(s). Wind towers may be classified under HTSUS 8502.31.0000 when imported as combination goods with a wind turbine (i.e., accompanying nacelles and/or rotor blades). While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of this investigation is dispositive.

SUPPLEMENTARY INFORMATION:

Background

On February 2, 2021, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the antidumping duty order on stainless steel butt-weld pipe fittings from Italy for the period February 1, 2020, through January 31, 2021.¹ On February 26, 2021, Core Pipe Products, Inc. and Taylor Forge Stainless, Inc. (the petitioners) timely requested an administrative review of the antidumping duty order with respect to Filmag Italia, SpA (Filmag).² This request was in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b). Commerce received no other requests for an administrative review of the antidumping duty order for the POR.

On April 1, 2021, pursuant to section 751(a) of the Act and 19 CFR 351.221(c)(1)(i), Commerce initiated an administrative review of the antidumping duty order covering the POR with respect to Filmag.³ On April 16, 2021, the petitioners timely withdrew their request for administrative review with respect to Filmag.⁴

notice of initiation of the requested review. The petitioners withdrew their request for review within 90 days of the publication date of the *Initiation Notice*. No other parties requested an administrative review of the antidumping duty order. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding in its entirety the administrative review of the antidumping duty order on stainless steel butt-weld pipe fittings from Italy covering the period February 1, 2020, through January 31, 2021.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of stainless steel butt-weld pipe fittings from Italy during the POR. Antidumping duties shall be assessed at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).
