II. Discussion

On May 4, 2021, the NRC published a document in the Federal Register (86 FR 37570) requesting comments on DG–1381, “Control of Heavy Loads at Nuclear Facilities.” This DG is a proposed new regulatory guide to endorse selected national consensus standards related to heavy load handling that replace NRC technical reports. The national consensus standards provide greater flexibility in the selection of lifting equipment and have incorporated recent operating experience to provide a more accurate risk-informed perspective of heavy load handling activities. This is a new regulatory guide incorporating guidance for risk-informing heavy load handling activities. The public comment period was originally scheduled to close on June 3, 2021. Upon the request of industry, specifically Nuclear Energy Institute, the NRC has decided to extend the public comment period on this document until July 5, 2021, to allow more time for members of the public to submit their comments.

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 34273; File No. 812–15173]

Calamos Investment Trust, et al.

May 19, 2021.

AGENCY: Securities and Exchange Commission (“Commission”).

ACTION: Notice.

Notice of an application for an order pursuant to: (a) Section 6(c) of the Investment Company Act of 1940 (“Act”) granting an exemption from sections 18(f) and 21(b) of the Act; (b) section 12(d)(1)(J) of the Act granting an exemption from section 12(d)(l) of the Act; (c) sections 6(c) and 17(b) of the Act granting an exemption from sections 17(a)(1), 17(a)(2) and 17(a)(3) of the Act; and (d) section 17(d) of the Act and rule 17d–1 under the Act to permit certain joint arrangements and transactions. Applicants request an order that would permit certain registered management investment companies to participate in a joint lending and borrowing facility. Applicants: J. Christopher Jackson, cjackson@calamos.com (with a copy to Paulita Pike, Esq., paulita.pike@ropesgray.com, and to Rita Rubin, Esq., rita.rubin@ropesgray.com).

FOR FURTHER INFORMATION CONTACT: Harry Eisenstein, Senior Special Counsel, at (202) 551–6764 and Holly Hunter-Ceci, Assistant Chief Counsel, at (202) 551–6825 (Division of Investment Management, Chief Counsel’s Office).

SUPPLEMENTARY INFORMATION: The following is a summary of the application. The complete application may be obtained via the Commission’s website by searching for the file number, or an applicant using the Company name box, at http://www.sec.gov/search/search.htm or by calling (202) 551–8090.

Summary of the Application:

1. Applicants request an order that would permit the applicants to participate in an interfund lending facility where each Fund could lend money directly to and borrow money directly from other Funds to cover unanticipated cash shortfalls, such as unanticipated redemptions or trade fails.2 The Funds will not borrow under the facility for leverage purposes and the loans’ duration will be no more than seven days.3

2. Applicants anticipate that the proposed facility would provide a borrowing Fund with a source of liquidity at a rate lower than the bank borrowing rate at times when the cash position of the Fund is insufficient to meet temporary cash requirements. In addition, Funds making short-term cash loans directly to other Funds would earn interest at a rate higher than they otherwise could obtain from investing their cash in repurchase agreements or certain other short-term money market instruments. Thus, applicants assert that the facility would benefit both borrowing and lending Funds.

3. Applicants agree that any order granting the requested relief will be subject to the terms and conditions stated in the application. Among others, the Adviser, through certain members of the Adviser’s administrative and other personnel (the “Interfund Program Team”), would administer the facility as a disinterested fiduciary as part of its duties under the investment management agreements with each Fund and would receive no additional fee as compensation for its services in connection with the administration of the facility. The facility would be subject to oversight and certain approvals by the Funds’ Boards, including, among others, approval of the interest rate formula and of the method for allocating loans across Funds, as well as review of the process in place to evaluate the liquidity implications for the Funds. A Fund’s aggregate outstanding interfund loans will not exceed 15% of its current net assets, and the Fund’s loans to any one Fund will not exceed 5% of the lending Fund’s net assets.4

4. Applicants assert that the facility does not raise the concerns underlying section 12(d)(l) of the Act given that the Funds are part of the same group of investment companies and there will be no duplicative costs or fees to the Funds.5 Applicants also assert that the

---

1 Certain of the Funds (defined below) may be money market funds that comply with Rule 2a–7 under the Act (each a “Money Market Fund”). None of the existing Funds is a Money Market Fund, but if Money Market Funds rely on this relief in the future, they typically will not participate as borrowers because such Funds rarely need to borrow cash to meet redemptions.

2 Applicants request that the order apply to the Applicants and to any existing or future registered open-end management investment company or series thereof for which CAL or any successor thereto or an investment adviser controlling, controlled by, or under common control (within the meaning of Section 2(a)(9) of the Act) with CAL or any successor thereto serves as investment adviser (each such investment adviser entity being included in the term “Adviser,” and each such investment company, or series thereof, a “Fund” and collectively the “Funds”). For purposes of the requested order, “successor” is limited to any entity that results from a reorganization into another jurisdiction or a change in the type of a business organization.

3 Any Fund, however, will be able to call a loan on one business day’s notice.

4 Under certain circumstances, a borrowing Fund will be required to pledge collateral to secure the loan.

5 Applicants state that the obligation to repay an interfund loan could be deemed to constitute a security for the purposes of sections 17a(1) and 12(d)(1) of the Act.
