ACTION: Notice of public meeting via webinar.

SUMMARY: The New England Fishery Management Council (Council) is scheduling a public meeting of its Herring Committee Meeting via webinar to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

Recommendations from this group will be brought to the full Council for formal consideration and action, if appropriate.

DATES: This webinar will be held on Friday, June 4, 2021 at 9 a.m. Webinar registration URL information: <https://>

attendee.gotowebinar.com/register/6006190433932284939.

ADDRESSES: *Council address:* New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950.

FOR FURTHER INFORMATION CONTACT: Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465–0492.

SUPPLEMENTARY INFORMATION:

Agenda

The Committee will meet to continue development of Framework 9, an action to implement a rebuilding plan for Atlantic herring that was declared overfished, and potentially adjust herring accountability. The Committee will also continue development of Framework 7, an action to protect spawning Atlantic herring on Georges Bank. They will discuss 2020–2024 herring research priority recommendations for Council consideration. They will discuss other business, as necessary.

Although non-emergency issues not contained on the agenda may come before this Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

Special Accommodations

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies, Executive Director, at 978–465–0492, at least 5 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 20, 2021.

National Telecommunications and Information Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; NTIA Internet Use Survey

AGENCY: National Telecommunications and Information Administration (NTIA), Department of Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before July 26, 2021.

ADDRESSES: Interested persons are invited to submit written comments to Rafi Goldberg, Telecommunications Policy Analyst, NTIA, via email at rgoldberg@ntia.gov. Please reference OMB Control Number 0660–0021 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Rafi Goldberg, Telecommunications Policy Analyst, NTIA, at (202) 482–4375 or rgoldberg@ntia.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

NTIA seeks approval under the Paperwork Reduction Act (PRA) to add 67 questions to the November 2021 edition of the U.S. Census Bureau's Current Population Survey (CPS). This collection of questions is known as the NTIA Internet Use Survey, and is also referred to as the CPS Computer and Internet Use Supplement. NTIA has sponsored fifteen such surveys since 1994.

Secretary of Commerce Gina Raimondo recently observed that “high-quality, affordable broadband isn't a luxury, but it's a necessity for

education, jobs, and healthcare.”¹ Digitally connected Americans provide the modern workforce, creative innovation, and growing customer base to help sustain our nation’s global competitiveness; data from the NTIA Internet Use Survey will inform policies aimed at achieving digital equity so that the internet’s benefits are accessible to all Americans. The research and policy analysis enabled by this data collection are particularly important as the nation recovers from a pandemic that has further highlighted the importance of the internet in daily life.

NTIA is working with Congress, the Federal Communications Commission (FCC), other federal agencies, state and local governments, as well as with industry and nonprofits to develop and promote policies that foster ubiquitous broadband deployment, adoption, and effective use. These policies help to ensure that families and businesses can obtain competitively priced high-speed internet service, and that everyone is able to gain the skills necessary to use the technology. Collecting current, systematic, and comprehensive information on internet use and non-use by U.S. households is critical to enabling policymakers to gauge progress made to date, and also to identify specific areas and demographic groups in which adoption is a concern with a specificity that permits carefully targeted and cost-effective responses.

The U.S. Census Bureau is widely regarded as a premier data collector based on centuries of experience and rigorous scientific methods. Collection of NTIA’s requested internet usage data will occur in conjunction with a future edition of the U.S. Census Bureau’s CPS, thereby significantly reducing the potential burdens on the U.S. Census Bureau and on surveyed households.

The U.S. government has an increasingly pressing need for comprehensive data in this area. The U.S. Government Accountability Office (GAO), NTIA, and the FCC have issued reports noting the importance of useful broadband data for policymakers. Moreover, Congress passed legislation—the Broadband Data Improvement Act in 2008, the American Recovery and Reinvestment Act in 2009, the Broadband DATA Act, and the Consolidated Appropriations Act, 2021—wholly or in part to address this deficiency. Modifying the CPS to include NTIA’s requested internet use

questions will enable the Commerce Department and NTIA to respond to congressional concerns and directives.

NTIA has made a copy of the proposed information collection instrument available at <https://www.ntia.gov/other-publication/2021/request-comments-ntias-draft-internet-use-survey>.

II. Method of Collection

The NTIA Internet Use Survey will be administered by the U.S. Census Bureau as a supplement to the CPS. Data will be collected through personal visits and live telephone interviews using computer-assisted telephone interviewing and computer-assisted personal interviewing.

III. Data

Patent and Trademark Office

[Docket No. PTO–C–2021–0031]

Patent and Trademark Public Advisory Committees

AGENCY: United States Patent and Trademark Office, Commerce.

ACTION: Request for nominations for the Patent and Trademark Public Advisory Committees.

SUMMARY: On November 29, 1999, the President signed into law the Patent and Trademark Office Efficiency Act (1999 Act), which, among other things, established two Public Advisory Committees to review the policies, goals, performance, budget, and user fees of the United States Patent and Trademark Office (USPTO) with respect to patents, in the case of the Patent Public Advisory Committee (PPAC), and trademarks, in the case of the Trademark Public Advisory Committee (TPAC), and to advise the Director of the USPTO on these matters (now codified in the United States Code). The America Invents Act Technical Corrections Act made several amendments to the 1999 Act, including the requirement that the terms of the USPTO Public Advisory Committee members be realigned by 2014, so that December 1 will be used as the start and end date, with terms staggered so that each year, three existing terms expire and three new terms begin on December 1. With this current notice, the USPTO is requesting nominations for up to three members of the PPAC and up to three members of the TPAC, for terms of three years that will begin on December 1, 2021.

DATES: Nominations must be electronically transmitted on or before July 9, 2021.

ADDRESSES: Persons wishing to submit nominations will be required to electronically complete the appropriate Public Advisory Committee application
