

<https://www.reginfo.gov/public/do/eAgendaViewRule?pubId=201904&RIN=0412-AA90>.

Comment: One comment said that the RIN cited in the 60-day notice for future rulemaking had been withdrawn and asked about the status of the rulemaking.

Response: The rule with RIN: 0412-AA90 has not been withdrawn; it is still in the unified agenda.

Comment: Two comments asked for more information regarding the rulemaking under RIN 0412-AA90, including how the information collection would be updated during rulemaking.

Response: This information collection request will be updated in conjunction with the rulemaking to cover the full range of digital information for which submission will be required into DIS. Please see the forthcoming notice of proposed rulemaking for additional information about the rulemaking under RIN 0412-AA90 and submit comments or questions following the instructions in that notice.

Comment: One comment noted technical difficulty in setting up *login.gov* accounts.

Response: Contractors and recipients should contact their AORs/CORs regarding technical difficulties. The *login.gov* “help center” is also an available resource.

Comment: One comment noted poor alignment between DIS and the indicators contained in monitoring and evaluation plans required under awards, and recommended greater flexibility for input fields in DIS.

Response: DIS should align with the indicators contained in approved monitoring and evaluation plans, when such plans are required under awards. Contractors and recipients should contact their CORs/AORs regarding any disparities.

Comment: One comment noted character limitations for the input fields for deviation narrative were too restrictive.

Response: USAID's DIS team will consider this feedback for future system enhancement.

Comment: One comment noted that the reporting window in DIS to submit indicator data has not been long enough.

Response: Contractors and recipients should contact their CORs/AORs regarding access issues.

Purpose

USAID is implementing the Development Information Solution (DIS) Pilot to consolidate reporting, improve efficiencies, and facilitate evidence-based decision-making. The purpose of

this information collection is to require USAID contractors and grant recipients who collect indicator data under their award terms to: (1) Submit information to request access to the DIS, and (2) to submit indicator information to the DIS, which is collected under special award requirements unique to each award. In order to request access to the DIS, contractors and recipients of grants and cooperation agreements will need to submit the following information to USAID using either the Development Information Solution System Access Request Form, AID 545-11 (11/2020) or, when available, an electronic form integrated into DIS: Name, contact telephone number, name of organization, *Login.gov* username (which is the address used for *Login.gov* access), award number, award expiration date, the activities for which access is requested, and a signature and date to acknowledge agreement to the listed Rules of Behavior. We estimate that two persons may request access for each award that requires the collection of indicator data.

Contractors and recipients will use the access to DIS during the pilot to submit indicator data and narratives, including on the deviation between targets and actuals, when required as a subset of performance reporting under special award requirements. We estimate that indicator information will be submitted to DIS quarterly. As the DIS pilot progresses, USAID will use information from the pilot to inform rulemaking under Regulation Identifier Number (RIN) 0412-AA90, which will require contractors and grant recipients to submit digital information required under awards through the DIS, replacing other current methods of submission. This information collection request will be updated in conjunction with the rulemaking to capture digital information submission requirements for information collected under other standard award terms.

Overview of Information Collection

(1) Title of Information Collection: USAID Development Information Solution Pilot.

(2) Type of Review: A New Information Collection.

(3) Title of the Form: Development Information Solution System Access Request Form, AID 545-11 (11/2020).

(4) Respondents: USAID contractors and grant and cooperative agreement recipients.

(5) Estimated Number of Annual Responses-DIS Access: 2,368.

(6) Estimated Number of Annual Burden Hours-DIS Access: 1,184.

(7) Estimated Number of Annual Responses-Indicator Information: 11,236.

(8) Estimated Number of Annual Burden Hours-Indicator Information: 28,090.

(9) Total Estimated Number of Annual Responses: 13,604.

(10) Total Estimated Number of Annual Burden Hours: 29,274.

Instructions

All comments must be in writing and submitted through the method(s) specified in the Addresses section above. All submissions must include the information collection title. Please include your name, title, organization, postal address, telephone number, and email address in the text of the message. Please note that comments submitted in response to this Notice are public record. We recommend that you do not submit detailed personal information, Confidential Business Information, or any information that is otherwise protected from disclosure by statute.

Dated: May 19, 2021.

Mark Walther,

Senior Procurement Executive.

BILLING CODE 6116-01-P

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[Doc No. AMS-FCIS-21-0035]

Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Agricultural Marketing Service (AMS) is announcing our intention to request a 3-year extension and revision of a currently approved information collection for “Export Inspection and Weighing Waiver for High Quality Specialty Grain Transported in Containers”.

DATES: Comments must be received by July 26, 2021.

ADDRESSES: Comments must be submitted through the Federal e-rulemaking portal at <http://www.regulations.gov> and should reference the document number and the date and page number of this issue of the **Federal Register**. All comments submitted in response to this notice will

be included in the record and made available to the public. Please be advised the identity of individuals or entities submitting comments will be made public on the internet at the address provided above.

FOR FURTHER INFORMATION CONTACT: Jessica Dreier, Compliance Officer, Quality Assurance and Compliance Division, Federal Grain Inspection Service, AMS, USDA; email: FGISQACD@usda.gov.

SUPPLEMENTARY INFORMATION: Congress enacted The United States Grain Standards Act (USGSA) (7 U.S.C. 71–87k) to facilitate the marketing of grain in interstate and foreign commerce. The USGSA, with few exceptions, requires all grain shipped from the United States to be officially inspected and weighed. The USGSA authorizes the Department of Agriculture to waive the mandatory inspection and weighing requirements in circumstances when the objectives of the USGSA would not be impaired.

Section 7 CFR 800.18 of the regulations waives the mandatory inspection and weighing requirements of the USGSA for high quality specialty grain exported in containers. This waiver was established to facilitate the marketing of high quality specialty grain exported in containers. This action is consistent with the objectives of the USGSA and promotes the continuing development of the high quality specialty grain export market.

FGIS requires exporters to maintain records pertaining to these shipments and to make them available upon request for review or copying purposes (76 FR 45397). These records shall be maintained for a period of 3 years. This information collection requirement is essential to ensure exporters who ship high quality specialty grain in containers comply with the waiver provisions. FGIS does not require exporters of high quality specialty grain to complete and submit new Federal government record(s), form(s), or report(s).

Title: Export Inspection and Weighing Waiver for High Quality Specialty Grains Transported in Containers.

OMB Number: 0581–0306.

Expiration Date of Approval: August 31, 2021.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The regulations under the USGSA waive the mandatory inspection and weighing requirements for high quality specialty grain exported in containers. FGIS established this waiver to facilitate the marketing of high quality specialty grain exported in

containers. To ensure compliance with this waiver, FGIS required these exporters to maintain records generated during their normal course of business that pertain to these shipments and make these documents available to FGIS upon request, for review and copying purposes.

Grain Contracts

Estimate of Burden: Public reporting and recordkeeping burden for maintaining contract information is estimated to average 6 hours per exporter.

Respondents: Exporters of high quality specialty grain in containers.

Estimated Number of Respondents: 40.

Estimated Total Annual Responses: 40.

Estimated Number of Responses per Respondent: 1.

Estimated Total Annual Burden on Respondents: 240.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Jessica Dreier at FGISQACD@usda.gov.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will become a matter of public record.

Erin Morris,

Associate Administrator, Agricultural Marketing Service.

BILLING CODE P

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request; Correction

May 19, 2021.

The Department of Agriculture has submitted the following information collection requirement(s) to Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995,

Public Law 104–13. Comments are requested regarding: Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by June 24, 2021 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Rural Utilities Service

Title: 7 CFR 1780, Water and Waste Disposal Loan and Grant Program.

Action: Notice; Correction.

OMB Control Number: 0572–0121.

Summary of Collection: The Department of Agriculture published a document in the **Federal Register** on May 19, 2021, Volume 86, page 27065 concerning a request for comments on the Information Collection “7 CFR 1780, Water and Waste Disposal Loan and Grant Program” OMB control number 0572–0121. The 156,339 total burden hours reported were incorrect. The correct figures are 163,203 total burden hours.

Levi S. Harrell,

Departmental Information Collection Clearance Officer.
