The special requirements listed in 33 CFR 165.1332(b) apply to the activation and enforcement of these safety zones. All vessel operators who desire to enter the safety zone must obtain permission from the COTP or their Designated Representative by contacting the Coast Guard Sector Puget Sound Joint Harbor Operations Center (JHOC) on VHF Channel 13 or Channel 16 or via telephone at (206) 217–6002. The Coast Guard may be assisted by other Federal, State, or local law enforcement agencies in enforcing this regulation.

In addition to the publication of this document in the Federal Register, the Coast Guard will provide the maritime community with extensive advanced notification of enforcement of these safety zones via the Broadcast Notice to Mariners or Local Notice to Mariners.

P.M. Hilbert,
Captain, U.S. Coast Guard, Captain of the Port, Sector Puget Sound.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2021–0338]

RIN 1625–AA00

Safety Zone; Tugs Kimberly Anne and Westwind and Barge Big Digger Operating in the Straits of Mackinac, MI.

AGENCY: Coast Guard, DHS.

ACTION: Temporary interim rule with request for comment.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the navigable water within a 500-yard radius of two tugs and a barge in the Straits of Mackinac. The safety zone is needed to protect personnel, vessels, and the marine environment from the potential hazards created by the work, inspection, diving, and surveying of pipelines in the Straits of Mackinac. Entry of vessels or persons into the zone is prohibited unless specifically authorized by the Captain of the Port Sault Sainte Marie or their designated representative. Due to the lengthy duration of this safety zone, the Coast Guard is accepting and reviewing public comments until June 15, 2021. While this rule is effective beginning June 1, 2021, the Coast Guard reserves the right to modify the safety zone if an issue is raised by the public comments that requires such a modification.

DATES: This rule is effective without actual notice from May 26, 2021 through October 15, 2021. For the purposes of enforcement, actual notice will be issued from June 1, 2021 through May 26, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to https://www.regulations.gov, type USCG–2021–0338 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email CWO4 Robert A. Gruschow or LT Deaven S. Palenzuela, Sector Sault Sainte Marie Waterways Management Division, U.S. Coast Guard at (906) 253–2462/(906) 635–3223 or email ssmprevention@uscg.mil.

II. Public Participation and Request for Comments

We encourage you to participate in this rulemaking by submitting comments and related materials. All comments received will be posted without change to http://www.regulations.gov and will include any personal information you have provided.

1. Submitting Comments

If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation. You may submit your comments and material online at http://www.regulations.gov by typing the docket number in the “SEARCH” box and click “SEARCH.” Click on “Submit a Comment” on the line associated with this rulemaking.

2. Viewing Comments and Documents

To view comments, as well as documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking.

III. Background Information and Regulatory History

The Coast Guard is issuing this temporary interim rule with an abridged opportunity to comment out prior pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable. The final details of the specific dates, vessels names, and safety zone distances concerning the safety zones were not finalized within a sufficient time to allow for notice and a subsequent 30-day comment period before work, inspection, surveying and the replacement and the removal of multiple cables. Delaying this rule to allow for a notice and comment period would be impracticable because it would inhibit the Coast Guard’s ability to protect the public from the potential hazards associated with aforementioned operation commencing on June 1, 2021. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. For the same reasons discussed in the preceding paragraph, delaying the effective date of this rule would be impracticable because immediate action is needed to respond to the potential safety hazards.

associated with the work, inspections, and surveying of underwater infrastructure.

IV. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port Sault Sainte Marie (COTP) has determined that potential hazards created by the work, inspection, diving, and surveying of underwater infrastructure in the Straits of Mackinac starting June 1, 2021 will be a safety concern for anyone within a 500-yard radius of the tugs and barge. This rule is needed to protect personnel, vessels, and the marine environment in the navigable waters within the safety zone while the operation is conducted.

V. Discussion of the Rule

This rule establishes a safety zone from June 1, 2021 to October 15, 2021. The safety zone will cover all navigable waters within 500 yards of the tugs and barge being used to work, inspect, dive, and survey pipelines in the Straits of Mackinac. The duration of the zone is intended to protect personnel, vessels, and the marine environment in these navigable waters while the operation is conducted. No vessel or person will be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative.

VI. Regulatory Analyses

We developed this rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. This rule has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, this rule has not been reviewed by the Office of Management and Budget (OMB).

This regulatory action determination is based on the size and location of the safety zone. Vessel traffic will be able to safely transit around this safety zone which would impact a small designated area of the Straits of Mackinac. Moreover, the Coast Guard will issue a Broadcast Notice to Mariners via VHF–FM marine channel 16 about the zone, and the rule would allow vessels to seek permission to enter the zone.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit the safety zone may be small entities, for the reasons stated in section V.A above, this rule will not have a significant economic impact on any vessel owner or operator.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please call or email the person listed in the FOR FURTHER INFORMATION CONTACT section.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance, with Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

C. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act requires agencies to assess actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves a safety zone that will prohibit entry within 500 yards of tugs and barges used to work, inspect, dive, and survey pipelines in the Straits of Mackinac. It is categorically excluded from further review under paragraph L[60(a)] of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1. A Record of Environmental Consideration supporting this determination is available in the docket. For instructions on locating the docket, see the ADDRESSES section of this preamble.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protestors. Protesters are asked to call or email the
person listed in the FOR FURTHER INFORMATION CONTACT section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and record keeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

§ 165.T09–0338 Safety Zone; Tugs Kimberly Anne and Westwind and Barge Big Digger operating in the Straits of Mackinac, MI.

1. The authority citation for part 165 continues to read as follows:

Authority: 46 U.S.C. 70034, 70051; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security, Security Enforcement of the Safety Zone.

2. Add § 165.T09–0338 to read as follows:

§ 165.T09–0338 Safety Zone; Tugs Kimberly Anne and Westwind and Barge Big Digger operating in the Straits of Mackinac, MI.

(a) Location. The following areas are safety zones: All navigable water within 500 yards of the Tugs Kimberly Anne and Westwind and Barge Big Digger while conducting work, inspection, diving, and surveying of pipelines in the Straits of Mackinac.

(b) Definitions. As used in this section, designated representative means a Coast Guard Patrol Commander, including a Coast Guard Coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Sault Sainte Marie (COTP) in the enforcement of the safety zone.

(c) Regulations. (1) In accordance with the general regulations in § 165.23, entry into, transiting, or anchoring within the safety zone described in paragraph (a) is prohibited unless authorized by the Captain of the Port, Sault Sainte Marie or his designated representative.

(2) Before a vessel operator may enter or operate within the safety zones, they must obtain permission from the Captain of the Port, Sault Sainte Marie, or his designated representative via VHF Channel 16 or telephone at (906) 635–3233. Vessel operators given permission to enter or operate in the safety zone must comply with all orders given to them by the Captain of the Port, Sault Sainte Marie or his designated representative.

(d) Enforcement period. This section will be enforced from June 1, 2021 to October 15, 2021.

A.R. Jones,
Captain, U.S. Coast Guard, Captain of the Port Sault Sainte Marie.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 165

[Docket Number USCG–2021–0206]

RIN 1625–AA00

Safety Zone: East River, New York, NY

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for navigable waters of the east channel of the East River between the Roosevelt Island Bridge (mile 6.4) and Gibbs Point approximately 800 yards northeast of the bridge. The safety zone is needed to protect personnel, vessels, and the marine environment from potential hazards created by the retrieval, maintenance and reinstallation of one TriFrame with three attached underwater turbines, associated cabling, and three Private Aids to Navigation. When enforced, entry of vessels or persons into this zone is prohibited unless specifically authorized by the Captain of the Port New York.

DATES: This rule is effective without actual notice from May 26, 2021 through 11:59 p.m., May 27, 2021. For the purposes of enforcement, actual notice will be used from 3:30 p.m., May 3, 2021 until May 26, 2021.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to https://www.regulations.gov, type USCG–2021–0206 in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email Mr. Jeff Yunker, Sector New York Waterways Management Division; U. S. Coast Guard; telephone 718–354–4195, email jeffrey.m.yunker@uscg.mil.

CFR Code of Federal Regulations

DHS Department of Homeland Security

FR Federal Register

NPRM Notice of proposed rulemaking

PATON Private Aids to Navigation

RITE Roosevelt Island Tidal Energy Project

§ Section

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because it is impracticable. Four barges, four tugs, and three work vessels will be conducting heavy lift operations and removing and reinstalling three PATON underwater turbines for the RITE Project. It is impracticable to publish an NPRM because we must establish this safety zone by May 3, 2021 to respond to the potential safety hazards associated with heavy lift operations and lack sufficient time to provide a reasonable comment period and then consider those comments before issuing the rule. The Coast Guard is publishing this rule to be effective through May 27, 2021 in case the project is delayed due to unforeseen circumstances.

Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the Federal Register. Delaying the effective date of this rule would be impracticable and against the public interest because immediate action is needed to respond to the potential safety hazards associated with multiple construction vessels operating within a confined area of the East River.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231). The Captain of the Port New York (COTP) has determined that potential hazards associated with the installation of the RITE Project TriFrame with three underwater turbines and associated PATON markings this installation on May 3–6,
