The LIHWAP is an emergency program intended to maintain continuity in water services for households with the lowest incomes that pay a high proportion of income for drinking water and waste water services. LIHWAP grantees have the flexibility to design certain policies and procedures related to the implementation of their LIHWAP programs in order to target the specific needs of their service population. The LIHWAP Plan will collect information related to each grantee's program design, including eligibility, benefit amounts, outreach, fiscal monitoring, etc. Grantees must report on program design and be approved prior to making payments on behalf of eligible households.

Respondents: LIHWAP Grantees, including States, Territories, and tribes that received a Low Income Household Energy Assistance Program (LIHEAP) grant award for Fiscal Year 2021.

ANNUAL BURDEN ESTIMATES

Instrument	Total number of respondents	Total number of responses per respondent	Average burden hours per response	Annual burden hours

Estimated Total Annual Burden Hours: 412.

Grantees are required to submit one Plan that will cover their FY 2021 funding (including the American Rescue Plan funding) and covers the project period funded through September 30, 2023.
