International Traffic in Arms Regulations: Regular Employee

AGENCY: Department of State.

ACTION: Proposed rule.

SUMMARY: The Department of State proposes to amend the International Traffic in Arms Regulations (ITAR) to update the definition of regular employee to allow subject persons to work remotely, and to clarify the contractual relationships that meet the definition of regular employee.

ATTN: Regulatory Change, ITAR Section 120.39: Regular Employee.

SUPPLEMENTARY INFORMATION: In March 2020, the President declared a national emergency as a result of the COVID–19 pandemic. Subsequently, the Department announced a temporary suspension, modification, and exception through July 31, 2020, of the requirement that a regular employee, for purposes of ITAR §120.39(a)(2), work at a company’s facilities. The temporary measure allowed individuals to work remotely provided they are not located in Russia or a country listed in ITAR § 126.1 (85 FR 25287, May 1, 2020), and still be considered regular employees under the ITAR. The Department requested and received comments regarding the efficacy and duration of this temporary measure (85 FR 35376, June 10, 2020). Many commenters, one industry association, and several individual entities endorsed the telework provisions and requested that this measure be effective until the end of the year, if not extended indefinitely. Additionally, many commenters mentioned that this temporary measure allowed industry to continue their business activities despite COVID–19 as many employees could work remotely. In response, this temporary measure was extended until December 31, 2020 (85 FR 45513, July 29, 2020).

The Department is proposing to amend ITAR §120.39 permanently to allow certain individuals to work remotely, and further proposes to clarify the contractual relationships that meet the definition of regular employee. The Department recognizes that the workplace environment is evolving, therefore, the current “regular employee” criterion that an individual must work at a company’s facilities will be removed in the revised definition to allow for remote work. The Department also proposes to set forth clear criteria that will allow regulated entities to treat certain contractual staff as regular employees for the purposes of the ITAR, provided those individuals are sufficiently subject to the employer’s control such that the Department can hold the regulated employer responsible for the individual’s actions.

Further, the Department proposes to codify the meaning of a “long term contractual relationship” in ITAR §120.39(a)(2) by clarifying in the regulations that individuals must be providing services to an entity under a contract for a term of one year or more (ITAR §120.39(a)(2)(i)). The goal of this
The Department of State has determined that this rulemaking will not have tribal implications, will not preempt tribal law. Accordingly, Executive Order 13175 does not apply to this rulemaking.

This rulemaking does not impose or revise any information collections subject to 44 U.S.C. chapter 35.

RIN 1245–AA12

AGENCY: Office of Labor-Management Standards, Department of Labor.

ACTION: Notice of proposed rulemaking; request for comments.

SUMMARY: This document proposes to withdraw the final rule published in the Federal Register on March 6, 2020, 85 FR 13414 (Mar. 6, 2020) (2020 Form T–1 rule), which established the Form T–1, Trust Annual Report, required to be filed by labor organizations about certain trusts in which they are interested pursuant to the Labor-Management Reporting and Disclosure Act (LMRDA). Upon further review of the 2020 Form T–1 rule, including the pertinent facts and legally relevant policy considerations surrounding that rulemaking, the Department of Labor (Department) proposes to withdraw the rule implementing the Form T–1, because it believes that the trust reporting required under the rule is overly broad and is not necessary to prevent the circumvention and evasion of the Title II reporting requirements. Moreover, upon further consideration, the Department is concerned that the 2020 rulemaking record was insufficient to justify the separate trust reporting requirements as set forth in the 2020 Form T–1 rule.

DATES: The Department will consider all written comments submitted on or before July 26, 2021.

ADDRESSES: You may submit comments, identified by RIN 1245–AA12, only by the following method: Internet—Federal eRulemaking Portal. SUPPLEMENTARY INFORMATION:

I. Statutory Authority

The Department’s statutory authority is set forth in section 208 of the LMRDA, 29 U.S.C. 438. Section 208 of the LMRDA provides that the Secretary of Labor “shall have authority to issue, amend, and rescind rules and regulations prescribing the form and publication of reports required to be filed under [the Act] and such other reasonable rules and regulations . . . as he may find necessary to prevent the circumvention or evasion of such reporting requirements.” The Secretary has delegated his authority under the LMRDA to the Director of the Office of Labor-Management Standards (OLMS) and permitted re-delegation of such authority. See Secretary’s Order 03–2012 (Oct. 19, 2012), published at 77 FR 69375 (Nov. 16, 2012).

II. Background

A. Introduction

In enacting the LMRDA in 1959, Congress sought to protect the rights and interests of employees, labor organizations and the public generally as they relate to the activities of labor organizations, employers, labor relations consultants, and their officers, employees, and representatives. The LMRDA’s various reporting provisions are designed to empower labor organization members by providing them the means to maintain democratic control over their labor organizations and ensure a proper accounting of labor organization funds. Labor organization members are better able to monitor their labor organization’s financial affairs and to make informed choices about the leadership of their labor organization and its direction when labor organizations disclose financial information as required by the LMRDA. By reviewing a labor organization’s financial reports, a member may ascertain the labor organization’s priorities and whether they are in accord with the member’s own priorities and those of fellow members. At the same time, this transparency promotes both the labor organization’s own interests as a democratic institution and the interests of the public and the government. Furthermore, the LMRDA’s reporting and disclosure provisions, together with the fiduciary duty provision, 29 U.S.C. 501, which directly regulates the primary conduct of labor organization officials, operate to safeguard a labor organization’s funds from depletion by improper or illegal means. Timely and complete reporting also helps deter labor organization officers or employees from embezzling or otherwise making improper use of such funds.

B. The LMRDA’s Reporting and Other Requirements

When it enacted the LMRDA in 1959, a bipartisan Congress made the legislative finding that in the labor and management fields “there have been a number of instances of breach of trust, corruption, disregard of the rights of individual employees, and other failures to observe high standards of responsibility and ethical conduct which require further and supplemental legislation that will afford necessary protection of the rights and interests of employees and the public generally as they relate to the activities of labor organizations, employers, labor relations consultants, and their officers and representatives.” 29 U.S.C. 401(b). The statute was designed to remedy these various ills through a set of integrated provisions aimed at labor organization governance and management. These include a “bill of rights” for labor organization members, which provides for equal voting rights, freedom of speech and assembly, and other basic safeguards for labor organization democracy. see 29 U.S.C. 411–415; financial reporting and disclosure requirements for labor organizations, their officers and employees, employers, labor relations consultants, and surety companies, see 29 U.S.C. 431–436, 441; detailed
