published in the Federal Register a notice of initiation of an administrative review of the antidumping duty order on steel wheels from China covering the period April 22, 2019, through August 31, 2020.4

On November 24 and November 25, 2020, respectively, Trans Texas and Trailstar withdrew their respective review requests.3 On January 21, 2021, Rimco withdrew its request for an administrative review.6 No other interested parties requested an administrative review.

Recision of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the date of publication of the notice of initiation of the requested review. Because Trailstar, Trans Texas, and Rimco’s review requests were withdrawn within 90 days of the date of publication of the Initiation Notice, and no other interested party requested a review, Commerce is rescinding this review in accordance with 19 CFR 351.213(d)(1), in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period April 22, 2019, through August 31, 2020, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 35 days after the date of publication of this notice in the Federal Register.

Recision of Review

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction. This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.420(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of the antidumping duties and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.
