SUPPLEMENTARY INFORMATION:

I. Background

In FR Doc. 2021–00538 of January 19, 2021 (86 FR 5864), the final rule titled “Medicare and Medicaid Programs; Contract Year 2022 Policy and Technical Changes to the Medicare Advantage Program, Medicare Prescription Drug Benefit Program, Medicaid Program, Medicare Cost Plan Program, and Programs of All Inclusive Care for the Elderly” contained technical errors that are identified and corrected in this correcting amendment.

II. Summary of Errors

A. Summary of Errors in the Preamble

On pages 5870, 5895, 5950, 5975, 5983, 5985, 5987, 6007, 6016, and 6088, we inadvertently included an incorrect link.

On page 5938, in our discussion of tiering exceptions requests and the complaint tracking module, we inadvertently included an incorrect phrase. The RTBT is corrected to read “that this.”

On pages 5962 and 6058, we made typographical errors in several regulatory citations.

On pages 5977 and 5990, made typographical errors in cross-references to other sections of the final rule.

On page 6062, in our discussion of the information collection requirements (ICRs) regarding beneficiaries’ education on opioid risks and alternative treatments (§ 423.128), we mistakenly referred to “Part D sponsors” rather than “Part D parent organizations.”

B. Summary of Errors in the Regulations Text

On page 6094, in the amendatory instructions for § 422.101, we inadvertently omitted changes that would move existing paragraph (f)(2)(vi) to paragraph (f)(3)(i). This error caused a duplication of those paragraphs. Therefore, we are removing paragraph (f)(2)(vi) to correct this error.

On page 6103, we inadvertently changed the format in the regulation text for § 422.760(b)(3)(iii)(C) that was inconsistent with the language in § 423.760(b)(3)(iii)(C). In addition, we made a typographical error in § 422.760(b)(3)(iii)(A). On page 6120, in the regulation text for § 423.568(j)(2) and (3) and (k), we inadvertently use language applicable to MA plans instead of Part D plan sponsors.

On page 6128, in the regulations text for § 423.2267, we inadvertently misnumbered a paragraph.

III. Waiver of Proposed Rulemaking and Delay in Effective Date

Under 5 U.S.C. 553(b) of the Administrative Procedure Act (APA), the agency is required to publish a notice of the proposed rule in the Federal Register before the provisions of a rule take effect. Specifically, 5 U.S.C. 553 requires the agency to publish a notice of the proposed rule in the Federal Register that includes a reference to the legal authority under which the rule is proposed, and the terms and substance of the proposed rule or a description of the subjects and issues involved. Further, 5 U.S.C. 553 requires the agency to give interested parties the opportunity to participate in the rulemaking through public comment before the provisions of the rule take effect. Similarly, section 1871(b)(1) of the Act requires the Secretary to provide notice of the proposed rule in the Federal Register and provide a period of not less than 60 days for public comment for rulemakings to carry out the administration of the Medicare program under title XVIII of the Act. In addition, section 553(d)(4) of the APA, and section 1871(e)(1)(B)(ii) of the Social Security Act (the Act) mandate a 30-day delay in effective date after issuance or publication of a rule. Sections 553(b)(B) and 553(d)(3) of the APA provide for exceptions from the notice and comment and delay in effective date APA requirements. In cases in which these exceptions apply, sections 1871(b)(2)(C) and 1871(e)(1)(B)(ii) of the Act, also provide exceptions from the notice and 60-day comment period and delay in effective date requirements of the Act. Section 553(b)(B) of the APA and section 1871(b)(2)(C) of the Act authorize an agency to dispense with normal rulemaking requirements for good cause if the agency makes a finding that the notice and comment process are impracticable, unnecessary, or contrary to the public interest. In addition, both section 553(d)(3) of the APA and section 1871(e)(1)(B)(ii) of the Act allow the agency to avoid the 30-day delay in effective date where such delay is contrary to the public interest and an agency includes a statement of support.

We believe that this correcting document does not constitute a rule that would be subject to the notice and comment or delayed effective date requirements of the APA or section 1871 of the Act. This correcting document corrects typographical errors in the preamble and regulations text of the final rule but does not make substantive changes to the policies that were adopted in the final rule. As a result, this correcting document is intended to ensure that the information in the final rule accurately reflects the policies adopted in that final rule.

In addition, even if this were a rule to which the notice and comment procedures and delayed effective date requirements applied, we find that there is good cause to waive such requirements. Undertaking further notice and comment procedures to incorporate the corrections in this document into the final rule or delaying the effective date would be contrary to the public interest because it is in the public’s interest to ensure that final rule accurately reflects our policies. Furthermore, such procedures would be unnecessary, as we are not altering payment eligibility or benefit methodologies or policies, but rather, simply implementing correctly the policies that we previously proposed, received comment on, and subsequently finalized. This correcting document is intended solely to ensure that the final rule accurately reflects these policies. Therefore, we believe we have good cause to waive the requirements for notice and comment and delay of effective date.
