

IV. Statutory and Executive Order Reviews

Executive Order 12866—Regulatory Planning and Review and Executive Order 13563—Improving Regulation and Regulatory Review

Executive Order 12866 provides that the Office of Information and Regulatory Affairs in the Office of Management and Budget (OMB) will review all significant rules. Pursuant to OMB guidance dated October 12, 1993, the approval of State program amendments is exempted from OMB review under Executive Order 12866. Executive Order 13563, which reaffirms and supplements Executive Order 12866, retains this exemption.

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSMRE for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the **Federal Register** indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. We conclude our review of the proposed amendment after the close of the public comment period and determine whether the amendment should be approved, approved in part, or not approved. At that time, we will also make the determinations and certifications required by the various laws and executive orders governing the rulemaking process and include them in the final rule.

Special Local Regulations; Recurring Marine Events and Within the Fifth Coast Guard District

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to amend the regulations for recurring marine events that take place within the Fifth Coast Guard District area of responsibility. We invite your comments on this rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before July 6, 2021.

ADDRESSES: You may submit comments identified by docket number USCG–2020–0332 using the Federal eRulemaking Portal at <http://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

FOR FURTHER INFORMATION CONTACT: If you have questions about this proposed rulemaking, call or email Mr. Jerry Barnes, Fifth Coast Guard District Office of Waterways Management, U.S. Coast Guard; telephone 757–398–6230, Jerry.R.Barnes@uscg.mil.

II. Background, Purpose, and Legal Basis

The Fifth Coast Guard District puts in place recurring special local regulations to ensure public safety for marine events that take place either on or over the navigable waters of the United States within the Fifth Coast Guard District area of responsibility as defined at 33 CFR part 3, subpart 3.25. These recurring special local regulations are found in the Code of Federal Regulations at 33 CFR 100.501 and that section’s respective table. The Coast Guard regularly updates these regulations. They were last substantively amended June 13, 2017. The Fifth Coast Guard District is proposing to revise these regulations for improved clarity, to correspond with current Coast Guard operating policies for marine events, to update existing events, add new events, and remove events that no longer require additional safety measures. Based on the nature of marine events, large numbers of participants and spectators, and event locations, the events listed in the table to 33 CFR 100.501 could pose a risk to participants or waterway users if normal

vessel traffic were to interfere with the event. Possible hazards include risks of injury or death resulting from near or actual contact among participant vessels and non-participant vessels or mariners traversing through the regulated area. In order to protect the safety of all waterway users including event participants and non-participants, this rule would establish special local regulations for the time and location of each marine event.

The purpose of this rulemaking is to ensure the safety of persons, vessels, and the navigable waters within close proximity to recurring marine events before, during, and after the scheduled events. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70041. The Secretary has delegated ports and waterways authority, with certain reservations not applicable here, to the Commandant via DHS Delegation No. 0170.1(II)(70). The Commandant has further delegated these authorities within the Coast Guard as described in 33 CFR 1.05–1

III. Discussion of Proposed Rule

Changes To Improve Clarity and Reflect Current Coast Guard Marine Event Policies

We are proposing several stylistic and formatting changes to update 33 CFR 100.501, and associated tables, to provide greater clarity and remove potential ambiguities. We are also proposing to make revisions to reflect current Coast Guard marine event policy.

- Plain language edits, such as switching from passive to active voice and more clearly stating the enforcement period for each event.
- Writing regulatory requirements and definitions in the singular rather than the plural, where appropriate.
- Listing definitions and the events by COTP Zone in alphabetical order.
- Reformatting the table entries so that they all have similar formatting (there are currently discrepancies in how similar entries are formatted).
- Separating the special local regulations for each COTP Zone into their own tables.
- Amending the name and location for Sector Virginia to Portsmouth, VA, where the command center is located and to change the phone number for Sector North Carolina.

Additionally, we are proposing to consolidate all defined terms into a single paragraph, paragraph (b) of § 100.501, and list them in alphabetical order. Currently the defined terms “buffer area”, “race area”, and “spectator area” appear in the

regulatory requirements in 33 CFR 100.501(c) rather than with the definitions. These definitions would be moved to the definition section and put into alphabetical order. Regulatory requirements for these areas will remain in the regulatory requirements portion of the regulation.

We would change the defined term of “buffer area” to “buffer zone” to comport with the more common usage. The definition would be revised to reflect that it may sometimes be appropriate to have a buffer zone event if there is not a spectator area within the regulated area.

We would change the defined term “Coast Guard Patrol Commander” to “Event Patrol Commander” or “Event PATCOM” in alignment with updated local policy. The underlying associated definition would remain the same: A Coast Guard commissioned, warrant, or petty officer who has been designated by the COTP to act on their behalf.

We would change the defined term of “official patrol” to “official patrol vessel or official patrol” in alignment with updated local policy. The text of the

definition would remain unchanged except for some additional text at the end to allow the Event PATCOM to be augmented by local, state, or Federal officials authorized to act in support of the Coast Guard in accordance with local agreements. This revision enhances the resources available to the COTP to ensure the safety and security of the public during these events.

We are proposing to remove the defined term “spectator” and add in its place definitions for “participant” and “non-participant”. This wording change better reflects who is actually present in and near regulated areas and how the Coast Guard regulates their activities.

Delegation of Authority for Determination of Requirement for a Marine Patrol

We are proposing to amend current paragraph (b), paragraph (c) in the proposed text, to delegate authority to the local COTP in determining when a marine patrol is required. This delegation of authority from the District Commander provides the local operational commander the ability to

manage and maintain safety and security for events within their Area of Responsibility. We have also updated the text to allow for other government agencies to provide enforcement when working under local agreements and added the term Event Patrol Commander (Event PATCOM). Collectively, these changes enable the local Captain of the Port to retain operational control and incorporate risk based decision making to the event. Finally, authority has been given to the COTP, COTP representative, or Event PATCOM to postpone or cancel the event to ensure the safety of the event and the public.

Updates to Recurring Events Table

This proposed rule would add 7 new special local regulations for recurring marine events, revise 12 previously established regulations for recurring marine events, and remove 14 recurring events listed in § 100.501 for the reasons provided in the table. The revised events and the new events would be required to comply with the requirements in 33 CFR 100.501.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders and we discuss First Amendment rights of protestors.

A. Regulatory Planning and Review

Executive Orders 12866 and 13563 direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits. Executive Order 13771 directs agencies to control regulatory costs through a budgeting process. This NPRM has not been designated a “significant regulatory action,” under Executive Order 12866. Accordingly, the NPRM has not been reviewed by the Office of Management and Budget (OMB), and pursuant to OMB guidance it is exempt from the requirements of Executive Order 13771. This regulatory action determination is based on the short amount of time that vessels will be restricted from regulated areas, and the small size of these areas that are usually positioned away from high vessel traffic zones. Generally vessels would not be precluded from getting underway, or mooring at any piers or marinas currently located in the vicinity of the regulated areas. Advance notifications would also be made to the local maritime community by issuance of Local Notice to Mariners, Broadcast Notice to Mariners, Marine Safety Information or Security Bulletins so mariners can adjust their plans accordingly. Notifications to the public for most events will typically be made by local newspapers, radio and TV stations. The Coast Guard anticipates

that these special local regulated areas will only be enforced one to three times per year.

B. Impact on Small Entities

The Regulatory Flexibility Act of 1980, 5 U.S.C. 601–612, as amended, requires Federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard certifies under 5 U.S.C. 605(b) that this proposed rule would not have a significant economic impact on a substantial number of small entities.

While some owners or operators of vessels intending to transit through a special local regulated area may be small entities, for the reasons stated in section IV.A above, this proposed rule would not have a significant economic impact on any vessel owner or operator.

These special local regulated areas will not have a significant economic impact on a substantial number of small entities for the following reasons: The Coast Guard will ensure that small entities are able to operate in the areas where events are occurring to the extent possible while ensuring the safety of event participants and non-participants. The enforcement period will be short in duration and, in many of the areas, vessels can transit safely around the regulated area. Generally permission to enter, remain in, or transit through these regulated areas during the enforcement may be given when deemed safe to do so by the Event PATCOM on scene. Before the enforcement period, we will issue maritime advisories widely.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a

significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this proposed rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section. The Coast Guard will not retaliate against small entities that question or complain about this proposed rule or any policy or action of the Coast Guard.

C. Collection of Information

This proposed rule would not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

D. Federalism and Indian Tribal Governments

A rule has implications for federalism under Executive Order 13132 (Federalism), if it has a substantial direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this proposed rule under that order and have determined that it is consistent with the fundamental federalism principles and preemption requirements described in Executive Order 13132.

Also, this proposed rule does not have tribal implications under Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments) because it would not have a substantial direct effect on one or

more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes. If you believe this proposed rule has implications for federalism or Indian tribes, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section.

E. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this proposed rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

F. Environment

We have analyzed this proposed rule under Department of Homeland Security Directive 023–01, Rev. 1, associated implementing instructions, and Environmental Planning COMDTINST 5090.1 (series), which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (42 U.S.C. 4321–4370f), and have made a preliminary determination that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. Normally such actions are categorically excluded from further review under paragraph L61 of Appendix A, Table 1 of DHS Instruction Manual 023–01–001–01, Rev. 1, because it involves establishment of special local regulations related to marine event permits for marine parades, regattas, and other marine events. We seek any comments or information that may lead to the discovery of a significant environmental impact from this proposed rule.

G. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

V. Public Participation and Request for Comments

We view public participation as essential to effective rulemaking, and will consider all comments and material received during the comment period. Your comment can help shape the outcome of this rulemaking. If you submit a comment, please include the docket number for this rulemaking, indicate the specific section of this document to which each comment applies, and provide a reason for each suggestion or recommendation.

We encourage you to submit comments through the Federal eRulemaking Portal at <http://www.regulations.gov>. If your material cannot be submitted using <http://www.regulations.gov>, call or email the person in the **FOR FURTHER INFORMATION CONTACT** section of this document for alternate instructions.

We accept anonymous comments. All comments received will be posted without change to <https://www.regulations.gov> and will include any personal information you have provided. For more about privacy and submissions in response to this document, see DHS's eRulemaking System of Records notice (85 FR 14226, March 11, 2020).

Documents mentioned in this NPRM as being available in the docket, and all public comments, will be in our online docket at <https://www.regulations.gov> and can be viewed by following that website's instructions. Additionally, if you go to the online docket and sign up for email alerts, you will be notified when comments are posted or a final rule is published.

List of Subjects 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard proposes to amend 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

■ 1. The authority citation for part 100 continues to read as follows:

Authority: 46 U.S.C. 70041; 33 CFR 1.05–1.

■ 2. Revise § 100.501 to read as follows:

§ 100.501 Special Local Regulations; Marine Events within the Fifth Coast Guard District.

(a) *Applicability.* Paragraphs (a) through (i) of this section apply to the marine events listed in paragraph (i) of this section. The regulations in this

section are effective annually, for the duration of each event listed in paragraph (i) of this section. Annual notice of the exact times, and dates if there is a range of possible dates, of the enforcement period of the regulation in this section with respect to each event, the geographical area, and details concerning the nature of the event and the number of participants and type(s) of vessels involved will be published in Local Notices to Mariners and via Broadcast Notice to Mariners over VHF–FM marine band radio.

(b) *Definitions.* The following definitions apply to this section:

Buffer zone means a neutral area that surrounds the perimeter of the whole regulated area or a race area within a regulated area. The buffer zone provides separation between a race area and spectator area, or regulated area and a spectator area or other vessels that are operating in the vicinity of the special local regulated area for marine event. The purpose of a buffer zone is to minimize potential collision conflicts between participants, between participants and non-participants, or between participants or non-participants with nearby transiting vessels.

Captain of the Port Representative or COTP Representative means a commissioned, warrant, or petty officer of the Coast Guard designated by name by the Captain of the Port to verify an event's compliance with the conditions of its approved permit.

Event Patrol Commander or Event PATCOM means a commissioned, warrant, or petty officer of the Coast Guard who has been designated by the respective Coast Guard Sector—Captain of the Port to enforce these regulations in this section.

Non-participant means a person or a vessel not registered with the event sponsor either as a participant or an official patrol vessel.

Official patrol vessel or official patrol means any vessel assigned or approved by the respective Captain of the Port with a commissioned, warrant, or petty officer on board and displaying a Coast Guard ensign, or any state or local law enforcement vessel approved by the Captain of the Port in accordance with current local agreements.

Participant means any person or vessel registered with the event sponsor as participating in the event or otherwise designated by the event sponsor as having a function tied to the event.

Race area means an area bound by coordinates provided in latitude and longitude within the regulated area

inside of which the actual racing events are held.

Regulated area means an area where special local regulations apply to a specific described waterway to include creeks, sounds, bays, rivers, and oceans. Regulated areas include all navigable waters of a specific body of water described with intent to define boundaries where the Coast Guard enforces special local regulations. Boundaries may be described from shoreline to shoreline, reference bridges or other fixed structures, by points and lines defined by latitude and longitude. All coordinates reference Datum: NAD 1983.

Spectator area means an area bound by coordinates provided in latitude and longitude within the regulated area that outlines the boundary of an area reserved for non-participant vessels watching the event.

(c) *Patrol of the marine event.* The respective COTP may assign one or more official patrol vessels, as described in § 100.40, to each regulated event listed in the tables in paragraph (i) of this section. For each event assigned a patrol vessel, an Event PATCOM will be designated to oversee the patrol. The patrol vessel and the Event PATCOM may be contacted on VHF-FM Channel 16. The Event PATCOM may terminate the event, or the operation of any vessel participating in the marine event, at any time if deemed necessary for the protection of life or property.

(d) *Special local regulations—(1) Controls on vessel movement.* The Event PATCOM or official patrol vessel may forbid and control the movement of all persons and vessels in the regulated area(s). When hailed or signaled by an official patrol vessel, the person or vessel being hailed must immediately comply with all directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

(2) *Directions, instructions, and minimum speed necessary.* (i) The operator of a vessel in the regulated area must stop the vessel immediately when directed to do so by an official patrol vessel and then proceed only as directed.

(ii) A person or vessel must comply with all instructions of the Event PATCOM or official patrol vessel.

(iii) A vessel operator may request permission to enter and transit through a regulated area by contacting the Event PATCOM or official patrol vessel on VHF-FM channel 16. When authorized to transit through the regulated area, the vessel must proceed at the minimum speed necessary to maintain a safe

course that minimizes wake near the event area.

(3) *Race area.* Only participants and official patrol vessels are allowed to enter the race area.

(4) *Spectator area.* Non-participants are only allowed inside the regulated area if they remain within a designated spectator area or have authorization from the Event PATCOM or official patrol vessel to transit through the area. A non-participant vessel must be stationary or operate at a safe speed while within the designated spectator area. On scene official patrol vessels or the Event PATCOM will direct non-participant vessels to the spectator area. A non-participant must contact the Event PATCOM or official patrol vessel to request permission to pass through the regulated area. If permission is granted, the non-participant must pass directly through the regulated area at minimum speed necessary to maintain a safe course that minimizes wake and without loitering.

(5) *Regulated area.* Non-participants are only allowed inside the regulated area to pass through or enter and remain within a designated spectator area. A non-participant must contact the Event PATCOM or an official patrol vessel to request permission to either enter the Spectator Area or pass through the regulated area. If permission is granted, the non-participant may enter the spectator area or pass directly through the regulated area as instructed by the Event PATCOM or official patrol vessel at minimum speed necessary to maintain a safe course that minimizes wake and without loitering.

(6) *Postponement or cancellation.* The respective COTP or Event PATCOM may postpone or cancel a marine event at any time if, in the COTP's sole discretion, the COTP determines that cancellation is necessary for the protection of life or property.

(e) *Contact information.* Questions about marine events should be addressed to the local Coast Guard Captain of the Port for the area in which the marine event is occurring. Contact information is listed in paragraphs (e)(1) through (4) of this section. For a description of the geographical area of each Coast Guard Sector—Captain of the Port Zone, please see 33 CFR part 3, subpart 3.25.

(1) Coast Guard Sector Delaware Bay—Captain of the Port Zone, Philadelphia, Pennsylvania: (215) 271-4940.

(2) Coast Guard Sector Maryland-National Capital Region—Captain of the Port Zone, Baltimore, Maryland: (410) 576-2525.

(3) Coast Guard Sector Virginia—Captain of the Port Zone, Portsmouth, Virginia: (757) 483-8567.

(4) Coast Guard Sector North Carolina—Captain of the Port Zone, Wilmington, North Carolina: (910) 343-3882.

(f) *Application for marine events.* The application requirements of § 100.15 apply to all marine events listed in paragraph (i) of this section. For information on applying for a marine event permit, contact the Captain of the Port for the area in which the marine event will occur, at the phone numbers listed in paragraph (e) of this section.

(g) *Enforcement periods.* Each year prior to an event the Coast Guard will announce details concerning the event, including the exact date(s) and time(s) of the enforcement period of the special local regulation in this section and the geographical area, in the Local Notices to Mariners and by Broadcast Notice to Mariners over VHF-FM marine band radio. In the case of inclement weather or other just cause found by the respective COTP, the event may be conducted within 30 days before or after the date(s) listed in paragraph (i) of this section. If the event is held on an alternate date from that listed in paragraph (i) the Coast Guard will publish a notification in the **Federal Register** announcing the exact dates and time of the enforcement period with respect to the special local regulation in this section in addition to announcement in the Local Notices to Mariners and Broadcast Notice to Mariners.

(h) *Regulations for specific marine events in paragraph (i) of this section—*
(1) *USNA Blue Angels Air Show, Coast Guard Sector Maryland-National Capital Region—COTP Zone.* Except for an emergency situation, a vessel may not anchor or maintain station within the spectator area without the permission of the COTP Maryland-National Capital Region or designated Event PATCOM. The COTP Maryland-National Capital Region has designated this spectator area for commercial small passenger vessel use. This area is closed except for commercial small passenger vessels holding a valid Certificate of Inspection regulated under 46 CFR chapter I, subchapters K and T (46 CFR 114.110 and 175.110). Vessels that meet the requirements of this section may request access to the Severn River spectator area by contacting the City of Annapolis Harbormaster at (410) 263-7973 or email harbormaster@annapolis.gov to obtain a vessel spectator area application. Vessel spectator area applications shall be submitted no later than 10 calendar

RIN 1625–AA00

Safety Zone; Lake Charles, Lake Charles, LA

AGENCY: Coast Guard, Department of Homeland Security (DHS).

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard is proposing to establish a temporary safety zone for all navigable waters of Lake Charles west of 93°13'51.2" W, east of 93°14'8.3" W, and extending 500 yards south from the northern shore of Lake Charles. This safety zone is necessary to protect persons and vessels from hazards associated with a Pro Watercross event on August 28 and 29, 2021 in Lake Charles, LA. Entry of vessels or persons into this zone would be prohibited unless authorized by the Captain of the Port Marine Safety Unit Port Arthur or a designated representative. We invite your comments on this proposed rulemaking.

DATES: Comments and related material must be received by the Coast Guard on or before June 18, 2021.

ADDRESSES: You may submit comments identified by docket number USCG–2021–0379 using the Federal eRulemaking Portal at <https://www.regulations.gov>. See the “Public Participation and Request for Comments” portion of the **SUPPLEMENTARY INFORMATION** section for further instructions on submitting comments.

II. Background, Purpose, and Legal Basis

On May 19, 2021, the Pro Watercross Organization notified the Coast Guard that it would be conducting watercross races from 8 a.m. through 6 p.m. on August 28 and 29, 2021. These watercross races are scheduled to be conducted along the north shore of Lake Charles in waters west of 93°13'51.2" W, east of 93°14'8.3" W, and extending 500 yards south from the north shoreline of Lake Charles, LA. The Captain of the Port Marine Safety Unit Port Arthur (COTP) has determined that potential hazards associated with the pro watercross races would be a safety concern for spectator craft and vessels in the vicinity of these race events.

The purpose of this rulemaking is to ensure the safety of vessels and the navigable waters in the vicinity of the pro watercross race course, during, and after the scheduled races. The Coast Guard is proposing this rulemaking under authority in 46 U.S.C. 70034 (previously 33 U.S.C. 1231).

III. Discussion of Proposed Rule

The COTP is proposing to establish a temporary safety zone from 8 a.m. on August 28, 2021, through 6 p.m. on August 29, 2021. The safety zone would be enforced from 8 a.m. through 6 p.m. on both days the 28th and the 29th of August 2021. The safety zone would cover all navigable waters west of 93°13'51.2" W, east of 93°14'8.3" W, and extending 500 yards south from the

north shoreline of Lake Charles, LA. The duration of the safety zone is intended to protect participants, spectators, and other persons and vessels, in the navigable waters of the Lake Charles during the watercross races.

No vessel or person would be permitted to enter the safety zone without obtaining permission from the COTP or a designated representative. They may be contacted on VHF–FM channel 13 or 16, or by phone at by telephone at 337–912–0073.

The COTP or a designated representative may prohibit or control the movement of all vessels in the zone. When hailed or signaled by an official patrol vessel, a vessel would come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both. The COTP or a designated representative may terminate the operation of any vessel at any time it is deemed necessary for the protection of life or property. The COTP or a designated representative may terminate enforcement of the safety zone at the conclusion of the event.

The COTP or a designated representative would inform the public of the effective period for the safety zone as well as any changes in the dates and times of enforcement through Local Notice to Mariners (LNMs), Broadcast Notices to Mariners (BNMs), and/or Marine Safety Information Bulletins (MSIBs) as appropriate.

IV. Regulatory Analyses

We developed this proposed rule after considering numerous statutes and Executive orders related to rulemaking. Below we summarize our analyses based on a number of these statutes and Executive orders, and we discuss First Amendment rights of protestors.
