Respond to a Pandemic” (Voluntary Agreement). Unless terminated earlier, the Voluntary Agreement is effective until August 17, 2025, and may be extended subject to additional approval by the Attorney General after consultation with the Chairman of the Federal Trade Commission. The Agreement may be used to prepare for or respond to any pandemic, including COVID–19, during that time.

On December 7, 2020, the first plan of action under the Voluntary Agreement—the Plan of Action to Establish a National Strategy for the COVID–19, during that time.

The Plan of Action established several sub-committees under the Voluntary Agreement, focusing on different aspects of the Plan of Action. The meetings were chaired by the FEMA Administrator or her delegate and attended by the Attorney General and the Chairman of the Federal Trade Commission or their delegates. In implementing the Voluntary Agreement, FEMA adheres to all procedural requirements of 50 U.S.C. 4558 and 44 CFR part 332.

Meeting Objectives: The objectives of the meetings were as follows:

1. Gather committee Participants and Attendees to ask targeted questions for situational awareness about PPE, drug products and drug substances, diagnostic test kits, medical devices, and medical gases.
2. Establish priorities for COVID–19 response under the Voluntary Agreement.
3. Identify tasks that should be completed under the appropriate Sub-Committee.
4. Identify information gaps and areas that merit sharing (both from FEMA to the private sector and vice versa).

Meetings Closed to the Public: By default, the DPA requires meetings held to implement a voluntary agreement or plan of action be open to the public. However, attendance may be limited if the Sponsor of the voluntary agreement finds that the matter to be discussed at a meeting falls within the purview of matters described in 5 U.S.C. 552b(c), such as trade secrets and commercial or financial information. The Sponsor of the Voluntary Agreement, the FEMA Administrator, found that these meetings to implement the Voluntary Agreement involved matters which fall within the purview of matters described in 5 U.S.C. 552b(c) and the meetings were therefore closed to the public.

Specifically, these meetings to implement the Voluntary Agreement may have required participants to disclose trade secrets or commercial or financial information that is privileged or confidential. Disclosure of such information allows for meetings to be closed pursuant to 5 U.S.C. 552b(c)(4). In addition, the success of the Voluntary Agreement depends wholly on the willing and enthusiastic participation of private sector participants. Failure to close these meetings could have had a strong chilling effect on private sector participation and caused a substantial risk that sensitive information would be prematurely released to the public, leading to participants withdrawing their support from the Voluntary Agreement. This would have significantly frustrated the implementation of the Voluntary Agreement. Frustration of an agency’s objective due to premature disclosure of information allows for the closure of a meeting pursuant to 5 U.S.C. 552b(c)(9)(B).
