The Statement, as supplemented, describes a change in the Authorization Holders' upstream ownership. The Statement was filed under the Natural Gas Act (NGA).

DATES: Protests, motions to intervene, or notices of intervention, as applicable, and written comments are to be filed electronically as detailed in the Public Comment Procedures section no later than 4:30 p.m., Eastern time, June 23, 2021.

ADDRESSES: Electronic Filing by email: fergas@hq.doe.gov.

DOE is currently accepting only electronic submissions at this time. If a commenter finds that this change poses an undue hardship, please contact Office of Fossil Energy staff at (202) 586-2627 or (202) 586-4749 to discuss the need for alternative arrangements. Once the Covid-19 pandemic health emergency is resolved, DOE anticipates resuming all of its regular options for public comment submission, including postal mail and hand delivery/courier.

SUPPLEMENTARY INFORMATION:

Summary of Change in Control

The Authorization Holders state that the upstream ownership change described in the Statement is the result of the acquisition (Transaction) by KKR Pinnacle Aggregator L.P. (KKR Pinnacle), a subsidiary of KKR & Co. Inc. (together with its subsidiaries, KKR), of a non-controlling 20% interest in the equity of the reorganized Sempra Global Holdings, LP (Sempra Global), a subsidiary of Sempra.

According to the Authorization Holders, the Transaction is part of a series of integrated transactions involving Sempra's portfolio of Northern American energy infrastructure projects. Prior to the closing of the Transaction, Sempra will conduct an internal reorganization to consolidate the assets of its liquefied natural gas (LNG) business and its ownership in Infraestructura Energética Nova, S.A.B. de C.V. (IEnova) under Sempra Global, which will be renamed Sempra Infrastructure Partners (SIP). The Authorization Holders state that, as part of the integrated transactions, on April 26, 2021, Sempra launched a stock-for-stock exchange offer with the intent of acquiring the outstanding

shares in IEnova that it does not currently own.

Following the reorganization and consummation of the Transaction, KKR Pinnacle will own a 20% non-controlling equity interest in SIP. Post-consummation, Sempra will maintain control of SIP as the 80% owner, with KKR Pinnacle having certain minority protections.

Additional details can be found in the Statement and related supplements, posted on the DOE/FE website at: <https://www.energy.gov/sites/default/files/2021-05/Sempra%20CIC%20Statement%20%284.30.2021%29.pdf>; <https://www.energy.gov/sites/default/files/2021-05/Sempra%20Supplement%20to%20CIC%20Statement%20%285.3.2021%29%20%28002%29.pdf>; <https://www.energy.gov/sites/default/files/2021-05/Supplemental%20Service%20re%20CIC%20Statement%20%285.19.2021%29.pdf>.

DOE/FE Evaluation

DOE/FE will review the Statement, as supplemented, in accordance with its Procedures for Changes in Control Affecting Applications and Authorizations to Import or Export Natural Gas (CIC Procedures).¹ Consistent with the CIC Procedures, this notice addresses the Authorization Holders' various existing authorizations to export LNG to non-free trade agreement (non-FTA) countries, as identified in the Statement.² If no interested person protests the change in control and DOE takes no action on its own motion, the proposed change in control will be deemed granted 30 days after publication in the **Federal Register**. If one or more protests are submitted, DOE will review any motions to intervene, protests, and answers, and will issue a determination as to whether the proposed change in control has been demonstrated to render the underlying authorizations inconsistent with the public interest.

Public Comment Procedures

Interested persons will be provided 15 days from the date of publication of this notice in the **Federal Register** to move to intervene, protest, and answer the Authorization Holders' Statement, as

supplemented.³ Protests, motions to intervene, notices of intervention, and written comments are invited in response to this notice only as to the change in control described in the Statement, as supplemented. All protests, comments, motions to intervene, or notices of intervention must meet the requirements specified by DOE's regulations in 10 CFR part 590.

As noted, DOE is only accepting electronic submissions at this time. Please email the filing to fergas@hq.doe.gov. All filings must include a reference to "FE Docket Nos. 11-145-LNG, *et al.*" in the title line, or "Cameron LNG, LLC, *et al.* Change in Control" in the title line. *Please Note:* Please include all related documents and attachments (e.g., exhibits) in the original email correspondence. Please do not include any active hyperlinks or password protection in any of the documents or attachments related to the filing. All electronic filings submitted to DOE must follow these guidelines to ensure that all documents are filed in a timely manner. Any hardcopy filing submitted greater in length than 50 pages must also include, at the time of the filing, a digital copy on disk of the entire submission.

The Authorization Holders' Statement, the supplements thereto, and any filed protests, motions to intervene, notices of intervention, and comments will be available electronically by going to the following DOE/FE Web address: <https://www.energy.gov/fe/services/natural-gas-regulation>.

Notice of Request for Information (RFI) on Hydrogen Program's Demonstration Opportunities Aligned With Hydrogen Energy Earthshot Initiative

AGENCY: Office of Energy Efficiency and Renewable Energy, Office of Fossil Energy, Office of Nuclear Energy, Office of Electricity, Office of Science, Department of Energy.

ACTION: Request for information.

SUMMARY: The U.S. Department of Energy (DOE) invites public comment on its Request for Information (RFI) number DE-FOA-0002529 regarding the DOE's Hydrogen Energy Earthshot initiative to enable low cost, clean hydrogen at scale. Energy Earthshots being launched by DOE look beyond incremental advances and aim, instead, at the game-changing breakthroughs that will secure American leadership in enabling net-zero carbon technologies and address the climate crisis through the build-up of a clean and equitable energy future for all. The information being sought is intended to assist DOE's Hydrogen Program in further defining the scope and priorities of its initiatives to accelerate the production, storage, delivery, and end use of clean, affordable hydrogen in the United States. Specifically, this RFI seeks input on viable hydrogen demonstration and deployment projects, as well as science and innovation, that enable clean and affordable hydrogen production, infrastructure and end use to reduce emissions, create jobs, provide benefits to disadvantaged communities, and enable a net-zero carbon emissions economy by 2050. This is solely a request for information and not a Funding Opportunity Announcement (FOA). DOE is not accepting applications.

DATES: Responses to the RFI must be received by July 7, 2021 by 5:00 p.m.

ADDRESSES: Interested parties are to submit comments electronically to HFTORFI@ee.doe.gov. Include "HFTO RFI" in the subject line of the email. Email attachments can be provided as a Microsoft Word (.docx) file or an Adobe PDF (.pdf) file, prepared in accordance with the detailed instructions in the

¹ 79 FR 65541 (Nov. 5, 2014).

² The Authorization Holders' Statement also applies to: (1) Their various existing authorizations to export LNG to FTA countries, and (2) their various pending applications to export LNG to FTA and/or non-FTA countries, both as identified in the Statement. DOE/FE will respond to those portions of the Statement separately pursuant to the CIC Procedures, 79 FR 65542.
