merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.7 For entries of subject merchandise during the POR produced by ARLANXEO Brasil for which it did not know the merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.8

Consistent with its recent notice,9 Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for ARLANXEO Brasil S.A. will be equal to the weighted-average dumping margin established in the final results of this review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will be the rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 19.61 percent, the all-others rate if there is no rate for the exporter is not a firm covered in this proceeding or the company participated; (3) if the exporter is a firm covered in a prior segment of this proceeding, the cash deposit rate for ARLANXEO Brasil S.A. will be equal to the weighted-average cash deposit rate for ARLANXEO Brasil S.A. and the cash deposit rates for other producers or exporters not covered in this review but covered in a prior segment of this proceeding.

These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notice to Interested Parties

We are issuing and publishing these results of administrative review in accordance with sections 751(a) and 777(i) of the Act and 19 CFR 351.221(b)(5). Dated: June 3, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance.

Certain Steel Nails From Taiwan: Preliminary Determination of No Shipments in the Antidumping Duty Administrative Review; 2019–2020

AGENCY: Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Create Trading Co., Ltd. (Create Trading), the sole company under review, made no shipments of certain steel nails from Taiwan during the period of review (POR), July 1, 2019, to June 30, 2020. We invite interested parties to comment on this preliminary determination of no shipments.

FOR FURTHER INFORMATION CONTACT: Suzanne Lam, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0783.

SUPPLEMENTARY INFORMATION:

Background

On July 1, 2020, Commerce published in the Federal Register a notice of opportunity to request an administrative review of the antidumping duty order on certain steel nails from Taiwan.1 Based on timely requests for administrative review,2 on September 3, 2020, Commerce published the notice of initiation for an administrative review, covering 141 companies, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.221(c)(1)(i).3 On September 21, 2020, the petitioner timely withdrew its request for administrative review of all companies it originally requested, except for one

company, Create Trading. Subsequently, the nine Taiwanese companies that had self-requested an administrative review, also withdrew their requests for review. Accordingly, on October 15, 2020, and December 10, 2020, pursuant to 19 CFR 351.213(d)(1), Commerce rescinded the administrative review, in part, of all companies under review except for Create Trading. The review remains active only with respect to Create Trading, which filed a statement of no sales.

On November 23, 2020, the petitioner submitted comments regarding Create Trading’s statement of no sales. At Commerce’s request, U.S. Customs and Border Protection (CBP) provided entry documents associated with Create Trading’s claim. Subsequently, on March 5, 2021, Commerce requested additional information from Create Trading regarding the CBP entry documents vis-à-vis its statement of no sales. On March 19, 2021, Create Trading responded to Commerce’s request for information, and on April 5, 2021, the petitioner submitted comments regarding Create Trading’s response.

Scope of the Order

The merchandise covered by this order is certain steel nails from Taiwan. The certain steel nails subject to the order are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7317.00.55.02, 7317.00.55.03, 7317.00.55.05, 7317.00.55.07, 7317.00.55.08, 7317.00.55.11, 7317.00.55.18, 7317.00.55.19, 7317.00.55.20, 7317.00.55.30, 7317.00.55.40, 7317.00.55.50, 7317.00.55.60, 7317.00.55.70, 7317.00.55.80, 7317.00.55.90, 7317.00.65.30, 7317.00.65.60 and 7317.00.75.00. Certain steel nails subject to this order also may be classified under HTSUS subheadings 7907.00.60.00, 8206.00.00.00 or other HTSUS subheadings. Although the HTSUS numbers are provided for convenience and for customs purposes, the written product description, available in the Appendix to this notice, remains dispositive.

Preliminary Determination of No Shipments

Create Trading reported that it had no reviewable sales during the POR because its unaffiliated producers had knowledge of the final destination of the subject merchandise that they produced and sold to Create Trading, and which Create Trading resold to U.S. customers during the POR. Create Trading provided sales documentation, such as invoices and packing lists from its unaffiliated producers, as well as accounting records as evidence in support of its claim. Based on the information provided by Create Trading, which we find is supported by entry documents provided by CBP, we preliminarily determine that Create Trading was not the first party in the transaction chain to have knowledge that the merchandise was destined for the United States, and, thus, Create Trading is not considered the exporter of subject merchandise during the POR for purposes of this review. Specifically, the record demonstrates that Create Trading’s unaffiliated suppliers had knowledge that the steel nails they produced and sold to Create Trading were destined for the United States. Thus, we preliminarily determine that Create Trading had no shipments during the POR.

Public Comment

Interested parties may submit case briefs no later than 30 days after the date of publication of this notice. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than seven days after the time limit for filing case briefs. Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Case and rebuttal briefs must be filed electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) and must also be served on interested parties.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance. Hearing requests should contain: (1) The

party’s name, address, and telephone number; (2) the number of participants; and (3) a list of issues to be discussed. Issues raised in the hearing will be limited to issues raised in the briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a time and date to be determined.22

Commerce intends to issue the final results of this administrative review, including the results of its analysis raised in any written briefs, no later than 120 days after the publication of these preliminary results in the Federal Register, unless otherwise extended.23

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.24

As discussed above, we preliminarily determine that Create Trading was not the first party in the transaction chain to have knowledge that the merchandise was destined for the United States, and thus Create Trading is not considered the exporter of subject merchandise during the POR for purposes of this review. Consistent with the 2003 Assessment of Antidumping Duties notice and reseller policy, we find it appropriate in this case to instruct CBP to liquidate any existing entries of merchandise produced by Create Trading’s unaffiliated producers and exported by Create Trading at the rate applicable to the producer(s).25 Because none of the producers have their own rates, we will instruct CBP to liquidate entries at the all-others rate from the investigation, as revised, of 2.16 percent,26 in accordance with the reseller policy.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the Federal Register. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be in effect for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For merchandise exported by manufacturers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently-completed segment; (2) if the exporter is not a firm covered in a prior review, or the original investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; and (3) the cash deposit rate for all other manufacturers or exporters will continue to be 2.16 percent, the all-others cash deposit rate established in the Amended LTFV Final.27 These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.420(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and sections 19 CFR 351.213(h)(1) and 351.221(b)(4).

Dated: June 3, 2021.

Christian Marsh,
Acting Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background
On March 25, 2021, Commerce published the Preliminary Determination in this investigation in the Federal Register. The petitioner in this investigation is the Wind Tower Trade Coalition. In addition to the Government of Malaysia, the mandatory respondent in this investigation is CS Wind Malaysia Sdn Bhd (CS Wind).

A summary of the events that occurred since Commerce published the Preliminary Determination is found in the Issues and Decision Memorandum, which is hereby adopted by this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at http://enforcement.trade.gov/fn/.

Period of Investigation
The period of investigation is January 1, 2019, through December 31, 2019.

Scope of the Investigation
The products covered by this investigation are wind towers from Malaysia. For a complete description of the scope of this investigation, see Appendix I.

Verification
Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(l) of the Act.4

Analysis of Subsidy Programs and Comments Received
The subsidy programs under investigation, and the issues raised in the case and rebuttal briefs by parties in this investigation, are discussed in the Issues and Decision Memorandum. For a list of the issues raised by parties, and to which we responded in the Issues and Decision Memorandum, see Appendix II of this notice.

Methodology
Commerce conducted this investigation in accordance with section 701 of the Act. For each of the subsidy programs found countervailable, Commerce determines that there is a subsidy, i.e., a financial contribution by an “authority” that gives rise to a benefit to the recipient, and that the subsidy is specific. For a full description of the methodology underlying our final determination, see the Issues and Decision Memorandum.

In making this final determination, Commerce is relying, in part, on facts otherwise available pursuant to section 776(a) of the Act. For a full discussion of our application of facts available, see the Preliminary Determination 5 and Comment 3 of the accompanying Issues and Decision Memorandum.

Changes Since the Preliminary Determination
Based on our review and analysis of the record and the comments received from parties, we made certain changes to the countervailable subsidy rate calculation for CS Wind. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate
Section 705(c)(5)(A) of the Act provides that in the final determination, Commerce shall determine an all-others rate for companies not individually examined. This rate shall be an amount equal to the weighted average of the estimated subsidy rates established for those companies individually examined, excluding any rates that are zero, de minimis, or based entirely under section 776 of the Act.

In this investigation, Commerce calculated an individual estimated countervailable subsidy rate for CS Wind that is not zero, de minimis, or based entirely on facts otherwise available. Accordingly, we have assigned CS Wind’s subsidy rate to all
