

Section 19(b)(2) of the Act<sup>9</sup> provides that proceedings to determine whether to approve or disapprove a proposed rule change must be concluded within 180 days of the date of publication of notice of filing of the proposed rule change. The time for conclusion of the proceedings may be extended for up to 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination.<sup>10</sup> The 180th day after publication of the Notice in the **Federal Register** is June 8, 2021.

The Commission is extending the period for Commission action on the Proposed Rule Change. The Commission finds that it is appropriate to designate a longer period within which to take action on the Proposed Rule Change so that the Commission has sufficient time to consider the issues raised by the Proposed Rule Change and to take action on the Proposed Rule Change. Accordingly, pursuant to Section 19(b)(2)(B)(ii)(II) of the Act,<sup>11</sup> the Commission designates August 7, 2021, as the date by which the Commission should either approve or disapprove the Proposed Rule Change SR-FICC-2020-017.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.<sup>12</sup>

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–92121; File No. SR–CBOE–2021–037]

### Self-Regulatory Organizations; Cboe Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fees Schedule To Adopt a New Floor Broker Incentive Program and To Make a Clarifying Change to the Definition of Facilitation Orders

June 7, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b–4 thereunder,<sup>2</sup> notice is hereby given that on June 1, 2021, Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe Exchange, Inc. (the “Exchange” or “Cboe Options”) proposes to amend its Fees Schedule to adopt a new Floor Broker incentive program and to make a clarifying change to the definition of facilitation orders. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of

the most significant aspects of such statements.

#### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange proposes to amend its Fees Schedule to adopt a new Floor Broker incentive program and to make a clarifying change to the definition of facilitation orders in footnote 11 of the Fees Schedule, effective June 1, 2021.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 16 options venues to which market participants may direct their order flow. Based on publicly available information, no single options exchange has more than 16% of the market share.<sup>3</sup> Thus, in such a low-concentrated and highly competitive market, no single options exchange possesses significant pricing power in the execution of option order flow. The Exchange believes that the ever-shifting market share among the exchanges from month to month demonstrates that market participants can shift order flow, or discontinue use of certain categories of products, in response to fee changes. Accordingly, competitive forces constrain the Exchange’s transaction fees, and market participants can readily trade on competing venues if they deem pricing levels at those other venues to be more favorable. The Exchange offers specific rates and rebates in its Fees Schedule, like that of other options exchanges’ fees schedules, which the Exchange believes provide incentive to Trading Permit Holders (“TPHs”) to increase order flow of certain qualifying orders.

Also, in response to the competitive environment, the Exchange offers various tiered incentive programs which provide TPHs opportunities to qualify for higher rebates or reduced rates where certain volume criteria and thresholds are met. Tiered pricing provides an incremental incentive for TPHs to strive for higher tier levels, which provides increasingly higher benefits or discounts for satisfying increasingly more stringent criteria. For example, the Exchange currently offers, among other tiered volume programs, a
