Environmental Impact Statements; Notice of Availability

EIS No. 20210067, Final, FRA, NJ, Hudson Tunnel Project—Combined Final Environmental Impact Statement/Record of Decision and Final Section 4(f) Evaluation, Contact: Amishi Castelli 617–431–0416. Under 23 U.S.C. 139(n)(2), FRA is issuing a single document that consists of a final environmental impact statement and record of decision. Therefore, the review period does not apply.

EIS No. 20210069, Draft, USCG, ND, BNSF Railway Bridge 196.6 Project across the Missouri River, Morton and Burleigh Counties, Between Bismarck and Mandan, North Dakota, Comment Period Ends: 07/26/2021, Contact: Rob McCaskey 314–269–2381.

Dated: June 7, 2021.

Candi Schaedle,
Acting Director, NEPA Compliance Division, Office of Federal Activities.

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060–0286; FRS 31249]

Information Collection Being Reviewed by the Federal Communications Commission Under Delegated Authority

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act of 1995 (PRA), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission’s burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently approved collection.

Supplementary Information: Title: Section 80.302, Notice of Discontinuance, Reduction, or Impairment of Service Involving a Distress Watch.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: The reporting requirement contained in section 80.302 is necessary to ensure that the U.S. Coast Guard is timely notified when a coast station, which is responsible for maintaining a listening watch on a designated marine distress and safety frequency discontinues, reduces or impairs its communications services. This notification allows the Coast Guard to seek an alternate means of providing radio coverage to protect the safety of life and property at sea or object to the planned diminution of service. The information is used by the U.S. Coast Guard district office nearest to the coast station. Once the Coast Guard is aware that such a situation exists, it is able to inform the maritime community that radio coverage has or will be affected and/or seek to provide coverage of the safety watch via alternate means.

Federal Communications Commission.

Marlene Dortch,
Secretary, Office of the Secretary.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.
