Economic Development Administration

Notice of Petitions by Firms for Determination of Eligibility To Apply for Trade Adjustment Assistance

AGENCY: Economic Development Administration, Department of Commerce.

ACTION: Notice and opportunity for public comment.

SUMMARY: The Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of the firms contributed importantly to the total or partial separation of the firms' workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

SUPPLEMENTARY INFORMATION:

I. Abstract

The NIST Center for Neutron Research (NCNR) Information Management System (IMS) is a public facing, web-based application to collect, manage and report operational data related to NCNR's role as a unique national user facility which was chartered to serve the nation's scientific community by providing unique experimental apparatus for scientific studies using neutron scattering. In order to fulfill that mission, NCNR established a complex business process to fairly distribute available scientific resources to prospective external users, outlined by the following steps:

- Registration of NCNR users
- Collection of scientific experiment proposals
- Regularly scheduled peer review of said proposals
- Merit-based award of available experimental resources
- Experiment date scheduling for selected projects (instrument scheduling)
- Collection and management of data required by the NCNR site access protocol
- Managing the Health Physics training of arriving scientists
- Coordination of administrative data

- Collection of data in support of related activities such as NCNR Summer School for facility users
- Management of the research results such as collected data, and subsequent publications
- Numerous reporting functions used to evaluate and manage the NCNR activities.
