[Docket No. FR–6196–C–02]

Adjustment of Civil Monetary Penalty Amounts for 2020; Correction

AGENCY: Office of General Counsel, HUD.

ACTION: Final rule; correcting amendment.

SUMMARY: On March 6, 2020, HUD published its Adjustment of Civil Monetary Penalty Amounts for 2020 final rule. Subsequently, when HUD published its 2021 Civil Monetary Penalty final rule, HUD became aware of an error in the codification of the 2020 rule. As a result, HUD is publishing this rule to correct the earlier codification error.

REVISIONS TO 24 CFR 28

§ 28.10 directed the Federal Register to “revised paragraphs (a)(1)(1) introductory text and (b)(1) introductory text.” HUD used this amendatory instruction in publishing its annual civil money penalty adjustment final rules in 2017 (May 30, 2017, 82 FR 24521), 2018 (July 16, 2018, 83 FR 32790), and 2019 (March 15, 2019, 84 FR 9451).

Subsequent to HUD’s publication of its Adjustment of Civil Monetary Penalty Amounts for 2021 final rule (March 16, 2021, 86 FR 14370), however, HUD became aware of an error in the codification of 24 CFR 28.10. Section 28.10 provides the basis for civil penalties and assessments under the Program Fraud Civil Remedies Act of 1986. Specifically, HUD determined that paragraph (a)(1)(i), which provides that a civil penalty may be imposed when a claim is made that “is false, fictitious, or fraudulent,” failed to codify.

To correct this error in the codification of HUD’s Adjustment of Civil Monetary Penalty Amounts for 2020 final rule, this rule recodifies 24 CFR 28.10(a)(1)(i).

Accordingly, 24 CFR 28 is corrected by making the following correcting amendment:

PART 28—IMPLEMENTATION OF THE PROGRAM FRAUD CIVIL REMEDIES ACT OF 1986

1. The authority citation for part 28 continues to read as follows:

2. Amend § 28.10 by adding paragraph (a)(1)(i) to read as follows:

§ 28.10 Basis for civil penalties and assessments.

(a) * * *

(i) Is false, fictitious, or fraudulent;

PBGC uses the interest assumptions in appendix B to part 4044 (“Interest Rates Used to Value Benefits”) to determine the present value of annuities in an involuntary or distress termination of a single-employer plan under the asset allocation regulation. The assumptions are also used to determine the value of multiemployer plan benefits and certain assets when a plan terminates by mass withdrawal in accordance with PBGC’s regulation on Duties of Plan Sponsor Following Mass Withdrawal (29 CFR part 4281).

The third quarter 2021 interest assumptions will be 2.13 percent for the first 25 years following the valuation date and 2.23 percent thereafter. In comparison with the interest assumptions in effect for the second quarter of 2021, these interest assumptions represent an increase of 5

years in the select period (the period during which the select rate (the initial rate) applies), an increase of 0.31 percent in the select rate, and an increase of 0.55 percent in the ultimate rate (the final rate).

Need for Immediate Guidance

PBGC has determined that notice of, and public comment on, this rule are impracticable, unnecessary, and contrary to the public interest. PBGC routinely updates the interest assumptions in appendix B of the asset allocation regulation each quarter so that they are available to value benefits. Accordingly, PBGC finds that the public interest is best served by issuing this rule expeditiously, without an opportunity for notice and comment, and that good cause exists for making the assumptions set forth in this amendment effective less than 30 days after publication to allow the use of the proper assumptions to estimate the value of plan benefits for plans with valuation dates early in the third quarter of 2021.

PBGC has determined that this action is not a “significant regulatory action” under the criteria set forth in Executive Order 12866. Because no general notice of proposed rulemaking is required for this amendment, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
