

would pose an unreasonable adverse effect on the environment.

The registrants in Table 2 of Unit II have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for cancellation should submit such withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for

shipment prior to the effective date of the cancellation action. Upon cancellation of the products identified in Table 1 of Unit II, EPA anticipates not allowing registrants to sell and distribute existing stocks of these products after publication of the Cancellation Order in the **Federal Register**, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal. Persons other than registrants will generally be allowed to sell, distribute, or use existing stocks until such stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

(Authority: 7 U.S.C. 136 *et seq.*)

Dated: June 10, 2021.

Marietta Echeverria,

Acting Director, Registration Division, Office of Pesticide Programs.

Open Commission Meeting Thursday, June 17, 2021

The Federal Communications Commission will hold an Open Meeting on the subjects listed below on Thursday, June 17, 2021, which is scheduled to commence at 10:30 a.m.

Due to the current COVID-19 pandemic and related agency telework and headquarters access policies, this meeting will be in a wholly electronic format and will be open to the public on the internet via live feed from the FCC's web page at www.fcc.gov/live and on the FCC's YouTube channel.

Item No.	Bureau	Subject
1	OFFICE OF ENGINEERING AND TECHNOLOGY AND OFFICE OF ECONOMICS AND ANALYTICS.	TITLE: Protecting Against National Security Threats to the Communications Supply Chain through the Equipment Authorization (ET Docket No. 21-232) and Competitive Bidding Programs (EA Docket No. 21-233). SUMMARY: The Commission will consider a Notice of Proposed Rulemaking and Notice of Inquiry seeking comments on steps it could take to secure the nation's critical communications networks through its equipment authorization and competitive bidding programs.
2	OFFICE OF ENGINEERING AND TECHNOLOGY.	TITLE: Allowing Earlier Equipment Marketing and Importation Opportunities (ET Docket No. 20-382). SUMMARY: The Commission will consider a Report and Order that would adopt changes to the equipment authorization rules to allow expanded marketing and importation of radiofrequency devices prior to certification, with conditions.
3	PUBLIC SAFETY AND HOMELAND SECURITY.	TITLE: Improving the Emergency Alert System (PS Docket No. 15-94) and Wireless Emergency Alerts (PS Docket No. 15-91). SUMMARY: The Commission will consider a Report and Order and Further Notice of Proposed Rulemaking to implement section 9201 of the National Defense Authorization Act for Fiscal Year 2021, which is intended to improve the way the public receives emergency alerts on their mobile phones, televisions, and radios.
4	ENFORCEMENT	TITLE: Improving Robocall and Spoofing Input from Private Entities (EB Docket No. 20-374). SUMMARY: The Commission will consider a Report and Order to implement Section 10(a) of the TRACED Act by adopting a streamlined process that will allow private entities to alert the FCC's Enforcement Bureau about suspected unlawful robocalls and spoofed caller ID.
5	WIRELINE COMPETITION	TITLE: Promoting Telehealth for Low-Income Consumers (WC Docket No. 18-213). SUMMARY: The Commission will consider a Second Report and Order that would provide guidance on the administration of the Connected Care Pilot Program and further instructions to program participants.
6	WIRELESS TELECOMMUNICATIONS	TITLE: Exploring Spectrum Options for Devices Used to Mark Fishing Equipment (WT Docket No. 21-230). SUMMARY: The Commission will consider a Notice of Proposed Rulemaking that would satisfy the Commission's statutory obligation in Section 8416 of the National Defense Authorization Act for Fiscal Year 2021 to initiate a rulemaking proceeding to explore whether to authorize devices that can be used to mark fishing equipment for use on Automatic Identification System (AIS) channels consistent with the core purpose of the AIS to prevent maritime accidents.
7	MEDIA	TITLE: Improving Low Power FM Radio (MB Docket No. 19-193). SUMMARY: The Commission will consider an Order on Reconsideration of a proceeding to modernize the LPFM technical rules.
8	ENFORCEMENT	TITLE: Enforcement Bureau Action. SUMMARY: The Commission will consider an enforcement action.

Item No.	Bureau	Subject

FEDERAL COMMUNICATIONS COMMISSION

[DA 21-684; FR ID 33087]

Media Bureau Reminds Remaining Analog Low Power Television and Television Translator Stations Without Digital Construction Permits To File Immediately

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: In this document, the Media Bureau (Bureau) of the Federal Communications Commission (Commission) reminds those remaining analog Low Power Television and TV Translator stations (LPTV/translator stations) that have not filed for a digital construction permit to construct a digital facility to do so immediately. Those analog LPTV/translator stations that fail to take immediate action will risk having their license automatically cancelled, by operation of law, after the analog termination date.

DATES: July 13, 2021 is the analog termination date and digital transition deadline.

FOR FURTHER INFORMATION CONTACT:

Mark Colombo (technical questions), Mark.Colombo@fcc.gov, (202) 418-7611, or Shaun Maher (legal questions), Shaun.Maher@fcc.gov, (202) 418-2324, of the Video Division, Media Bureau.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's document (Public Notice), DA 21-684, released on June 11, 2021. The full text of this document is available for downloading on the FCC website at <https://docs.fcc.gov/public/attachments/DA-21-684A1.pdf>. Remaining Analog LPTV/Translator Stations Without Digital Construction Permits. The Bureau has posted a list of the remaining analog LPTV/translator stations that have not obtained a digital construction permit to transition to digital operations on its web page: https://www.fcc.gov/sites/default/files/analog_stations_without_a_digital_permit.xlsx. The Bureau remind these stations that, after 11:59 p.m. local time on July 13, 2021, they may no longer operate any facility in analog mode and all analog licenses shall automatically cancel at that time without any affirmative action by the Commission. Analog LPTV/translator stations without a valid digital construction permit as of 11:59 p.m. local time on July 13, 2021, will find that their analog license has been automatically cancelled and will have their call signs deleted.

To avoid automatic cancellation of their station license, remaining analog LPTV/translator stations that do not have a digital construction permit should immediately file an application for one to ensure that they will be considered before the July 13, 2021, analog termination deadline. The Bureau recommends filing an application for on-channel digital conversion ("flash-cut") wherever possible in order to expedite processing. Instructions for filing an application for digital construction permit are included in the Appendix to the Public Notice.

Late-Filed Construction Permit Extension Applications. All analog LPTV/translator stations receiving a digital construction permit, regardless of the date it is granted, are assigned a construction permit expiration date of July 13, 2021. Any analog LPTV/translator station that finds that it will need additional time to complete its digital construction may submit an application for extension of its digital construction permit. Because the March

15, 2021 deadline for filing an extension of digital construction permit (CP extension filing deadline) has already passed, stations will need to include a request for waiver of the CP extension filing deadline along with its request for extension. The Bureau encourage such stations to submit their extension applications and filing deadline waivers as soon as possible to ensure that they will be considered before the July 13, 2021 expiration of their digital construction permit. The grant of an extension of time to complete construction of a station's digital facility will in no way extend the July 13, 2021, analog service termination date. Instructions for filing an extension application are included in the Appendix to the Public Notice.

Requests for Silent Authority. The Bureau reminds licensees that a station may suspend operations for a period of not more than 30 days absent specific authority from the Commission. Stations that remain silent for more than 10 days must notify the Commission not later than the tenth day of their suspended operations by filing a Suspension of Operations Notification via LMS as outlined in Appendix B to the Public Notice. Stations that need to remain silent for more than 30 days must file a Silent STA via LMS as outlined in the Appendix to the Public Notice.

The Bureau also reminds stations that the license of any station that remains silent for any consecutive 12-month period expires automatically at the end of that period, by operation of law, except that the Commission may extend or reinstate such station license if the holder of the license prevails in an administrative or judicial appeal, the applicable law changes, or for any other reason to promote equity and fairness. Stations that need to extend and/or reinstate their license should do so as part of a Silent STA or if the station is operational by filing a Legal STA. Either may be filed via LMS as outlined in the Appendix to the Public Notice.

Surrender/Cancellation of Analog Licenses. Stations that choose not to convert to digital and instead intend to permanently discontinue operations must do so no later than 11:59 p.m. local time on July 13, 2021. If a station is currently silent and does not intend to recommence analog operation prior to July 13, 2021, or plans to permanently discontinue operation prior to July 13, 2021, the Bureau encourages such
