Federal Motor Carrier Safety Administration

[Docket No. FMCSA–2021–0014]

Qualification of Drivers; Exemption Applications; Hearing

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), Department of Transportation (DOT).

ACTION: Notice of applications for exemption; request for comments.

SUMMARY: FMCSA announces receipt of applications from 18 individuals for an exemption from the hearing requirement in the Federal Motor Carrier Safety Regulations (FMCSRs) to operate a commercial motor vehicle (CMV) in interstate commerce. If granted, the exemptions would enable these hard of hearing and deaf individuals to operate CMVs in interstate commerce.

DATES: Comments must be received on or before July 23, 2021.

C. Privacy Act

In accordance with 5 U.S.C. 552a(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to www.regulations.gov, as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at www.transportation.gov/privacy.

II. Background

Under 49 U.S.C. 31136(e) and 31315(b), FMCSA may grant an exemption from the FMCSRs for no longer than a 5-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The statute also allows the Agency to renew exemptions at the end of the 5-year period. FMCSA grants medical exemptions from the FMCSRs for a 2-year period to align with the maximum duration of a driver’s medical certification.

The 18 individuals listed in this notice have requested an exemption from the hearing requirement in 49 CFR 391.41(b)(11). Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting the exemption will achieve the required level of safety mandated by statute.

The physical qualification standard for drivers regarding hearing found in § 391.41(b)(11) states that a person is physically qualified to drive a CMV if that person first perceives a forced whispering voice in the better ear at not less than 5 feet with or without the use of a hearing aid or, if tested by use of an audiometric device, does not have an average hearing loss in the better ear greater than 40 decibels at 500 Hz, 1,000 Hz, and 2,000 Hz with or without a

SUPPLEMENTARY INFORMATION:

Title: Survey of Healthcare Experiences of Patients (SHEP).

OMB Control Number: 2900–0712.

Type of Review: Reinstatement of a previously approved collection.

Abstract: Survey of Healthcare Experience of Patients (SHEP) has been developed to measure patient satisfaction in the Veterans Health Administration and has been in use in its present form since 2008. The mission of VHA is to provide high quality medical care to eligible veterans. Executive Order 12862, dated September 11, 1993, called for the establishment and implementation of customer service standards, and for agencies to “survey customers to determine the kind and quality of services they want and their level of satisfaction with current services.” Further emphasized by the Executive Order 13571 on “Streamlining Service Delivery and Improving Customer Service,” issued on April 27, 2011, VA must work continuously to ensure that their programs are effective and meet their customers’ needs. To this end, VA is always seeking new and innovative ways to ensure the highest levels of customer satisfaction. The following is a list of the current SHEP surveys.
