

EPA-HQ-OPP-2021-0132, is available at <http://www.regulations.gov> or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460-0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566-1744, and the telephone number for the OPP

Docket is (703) 305-5805. Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit <https://www.epa.gov/dockets>.

existing stocks and provisions dates in Units IV and VI of the cancellation notice that published in the **Federal Register** on June 8, 2021 (86 FR 30460) (FRL-10024). As such, FR Doc. 2021-11919 that published in the **Federal Register** on June 8, 2021 (86 FR 30460) (FRL-10024-48) is corrected as follows:

II. What does this correction do?

This notice is being issued to correct Table 1 in Unit II and the corresponding

1. On page 30460, in Table 1, remove the complete entries for “10163-41, 10163-225, 10163-242, 10163-243, and FL000011.”
2. Insert the following table below Table 1.

TABLE 1A—PRODUCT CANCELLATIONS

EPA Registration No.	Product name	Active ingredients
10163-41	Prokil Cryolite 96	Cryolite.
10163-225	Gowan Cryolite Bait	Cryolite.
10163-242	Prokil Cryolite 75-Dust	Cryolite.
10163-243	Prokil Cryolite 50-Dust	Cryolite.
FL000011	Prokil Cryolite 96	Cryolite.

3. On page 30461, in Unit IV., insert “The effective date of the cancellations that are the subject of this notice for the product registrations identified in Table 1A of Unit II., will be September 30, 2022.”

4. On page 30461, in Unit VI., insert “The registrant may continue to sell and distribute existing stocks of the cryolite products listed in Table 1A of Unit II. until March 31, 2024, which is 18 months after the effective date of the cancellations.”

Prior to the issuance of the cancellation order, the registrant of the five cryolite product registrations in Table 1A, requested the cancellations to be effective on September 30, 2022. The Agency intended to accept this effective cancellation date, but inadvertently neglected to separate out these products with the correct effective date in the prior cancellation order. In addition, as requested, the registrant may continue to sell and distribute existing stocks of the cryolite products listed in Table 1A of Unit II. until March 31, 2024, which is 18 months after the effective date of the cancellations. Persons other than the registrants may sell, distribute, or use existing stocks of products listed in Table 1A of Unit II. until exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Authority: 7 U.S.C. 136 *et seq.*

Dated: June 16, 2021.

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OPP-2021-0377; FRL-10025-04]

Atrazine, Simazine, and Malathion; Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations and/or Amend Registrations To Terminate Certain Uses

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), EPA is issuing a notice of receipt of requests by the registrants to voluntarily cancel their registrations of certain products containing the pesticides atrazine and simazine, and/or to amend their atrazine, simazine, or malathion product registrations to terminate or delete one or more uses. The requests would delete atrazine use in or on roadsides; Conservation Reserve Program (CRP) land; conifers, including Christmas tree plantings; timber and forestry; and miscanthus and other perennial bioenergy crops. The requests would delete simazine use in or on shelterbelts and all forestry uses except for

Christmas tree plantings. The requests would delete malathion use as a mosquito larvicide and in or on cull piles (including the terms cull dumps, fruit dumps, and cull fruit and vegetable dumps). The requests are limited to the product registrations specified in this notice and would not terminate all of the atrazine, simazine, or malathion products registered for use in the United States. EPA intends to grant these requests at the close of the comment period for this announcement unless the Agency receives substantive comments within the comment period that would merit its further review of the requests, or unless the registrants withdraw their requests. If these requests are granted, any sale, distribution, or use of products listed in this notice will be permitted after the registrations have been cancelled/uses deleted only if such sale, distribution, or use is consistent with the terms as described in the final order. **DATES:** Comments must be received on or before July 23, 2021.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA-HQ-OPP-2021-0377, online at <http://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

Due to the public health concerns related to COVID-19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via

email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit <http://www.epa.gov/dockets>.

FOR FURTHER INFORMATION CONTACT:

Alexander Hazlehurst, Pesticide Re-Evaluation Division (7508P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460-0001; telephone number: (703) 347-0221; email address: Hazlehurst.alexander@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale,

distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action.

B. What should I consider as I prepare my comments for EPA?

1. *Submitting CBI.* Do not submit this information to EPA through [regulations.gov](https://www.regulations.gov) or email. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked

will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. *Tips for preparing your comments.* When preparing and submitting your comments, see the commenting tips at <http://www.epa.gov/dockets/comments.html>.

II. What action is the Agency taking?

This document announces receipt by EPA of requests from registrants to cancel certain and/or delete certain uses of atrazine, simazine, and malathion product registrations. The affected products and the registrants making the requests are identified in Tables 1, 2 and 3 of this unit.

Unless a request is withdrawn by the registrant or if the Agency determines that there are substantive comments that warrant further review of this request, EPA intends to issue an order canceling and/or amending the affected registrations.

94144	Infincrop LLC, 4110 136th ST CT NW, Gig Harbor, WA 98332.

III. What is the Agency’s authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The atrazine, simazine, and malathion registrants have requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 30-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Requests

Registrants who choose to withdraw a request for product cancellation or use deletion should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products(s) have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the action. If the requests for voluntary cancellation and/or amendments to delete uses are granted, the Agency intends to publish the cancellation/use deletion order in the **Federal Register**.

In any order issued in response to these requests for cancellation of a product registration/product registrations and/or for an amendment/amendments to delete uses, EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Tables 1 and 2 of Unit II.

For voluntary product cancellations, registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation/use deletion order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 1 of Unit II., except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Once EPA has approved product labels reflecting the requested amendments to delete uses, registrants will be permitted to sell or distribute products under the previously approved labeling for a period of 18 months after the date of **Federal Register** publication of the cancellation/use deletion order, unless other restrictions have been imposed. Thereafter, registrants will be prohibited from selling or distributing the products whose labels include the deleted uses identified in Table 2 of Unit II., except for export consistent with FIFRA section 17 or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of

canceled products/products whose labels include the deleted uses until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products/deleted uses.

Authority: 7 U.S.C. 136 *et seq.*

Dated: June 16, 2021.

Mary Reaves,

Director, Pesticide Re-Evaluation Division, Office of Pesticide Programs.

Pesticide Program Dialogue Committee; Request for Nominations to the Pesticide Program Dialogue Committee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency’s (EPA’s) Office of Pesticide Programs is inviting nominations from a diverse range of qualified candidates to be considered for appointment to the Pesticide Program Dialogue Committee (PPDC). The PPDC is chartered to provide policy advice, information, and recommendations to the EPA on a wide variety of pesticide regulatory developments and reform initiatives, evolving public policy, and program implementation issues associated with evaluating and reducing risks from pesticide use. To maintain the representation outlined by the charter, nominees will be selected to represent: Environmental/public interest and animal rights groups; farm worker organizations; pesticide industry and trade associations; pesticide user, grower, and commodity groups; federal/
