Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, the cash deposit rate will be the rate established for the most recent segment of this proceeding for the producer of the subject merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 8.91 percent,¹⁷ the all-others rate established in the LTFV investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance

¹⁷ In the *Preliminary Results*, Commerce inadvertently listed as the all-others rate the estimated weighted-average dumping margin from the antidumping duty order on carbon steel flanges from India. See *Finished Carbon Steel Flanges from India: Final Determination of Sales at Less Than Fair Value*, 82 FR 29483 (June 29, 2017); see also *Order*, 82 FR at 40136. with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(h) and 351.221(b)(5).

Seamless Refined Copper Pipe and Tube From the Socialist Republic of Vietnam: Final Affirmative Determination of Sales at Less Than Fair Value and Final Negative Determination of Critical Circumstances

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that imports of seamless refined copper pipe and tube (copper pipe and tube) from the Socialist Republic of Vietnam (Vietnam) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is October 1, 2019, through March 31, 2020. Further, Commerce finds that critical circumstances do not exist.

DATES: Applicable June 24, 2021.

SUPPLEMENTARY INFORMATION:

Background

On February 1, 2021, Commerce published the *Preliminary Determination* in the LTFV investigation of copper pipe and tube from Vietnam.¹ On February 8, 2021, Commerce postponed the final determination of this investigation to June 16, 2021.² The petitioners in this investigation are the American Copper Tube Coalition and its individual constituent members (collectively, the petitioners).³ The sole mandatory respondent in this investigation is Hailiang (Vietnam) Copper Manufacturing Company Limited (Hailiang Vietnam),⁴ and in the *Preliminary Determination*, Commerce determined that Hailiang Vietnam and Hongkong Hailiang Metal Trading Limited (also known as Hong Kong Hailiang Metal Trading Limited) (Hongkong Hailiang) should be treated as a single entity, collectively, Hailiang Vietnam/Hongkong Hailiang.⁵ We invited interested parties to comment on the *Preliminary Determination*.⁶ A summary of the events that occurred since Commerce published the *Preliminary Determination* may be found in the Issues and Decision Memorandum.⁷

The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and

Scope of the Investigation

The products covered by this investigation are copper pipe and tube from Vietnam. For a full description of the scope of this investigation, see Appendix I.

Scope Comments

Commerce received no comments from interested parties regarding the scope of this investigation. Accordingly, Commerce has not modified the scope language from the *Preliminary Determination*.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice at Appendix II.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination, in accordance with section 782(i) of the Tariff Act of 1930, as amended (the Act).⁸

Methodology

Commerce conducted this investigation in accordance with section 731 of the Act. Export price was calculated in accordance with section 772(a) of the Act. Constructed export price was calculated in accordance with section 772(b) of the Act. Because Vietnam is a non-market economy within the meaning of section 771(18) of the Act, normal value was calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying Commerce’s determination, see the Preliminary Decision Memorandum; see also the Issues and Decision Memorandum.

Changes Since the Preliminary Determination

Based on our analysis of the comments received, the information received in lieu of on-site verification, and our analysis of the ministerial error allegations,⁹ we made certain changes to the margin calculations for Hailiang Vietnam/Hongkong Hailiang. For a discussion of these changes, see the Issues and Decision Memorandum and the Final Analysis Memorandum.¹⁰ In light of these changes to the margin calculations and the resulting revised estimated weighted-average dumping margin for Hailiang Vietnam/Hongkong Hailiang, we have also revised the rates assigned to companies eligible for a separate rate and to the Vietnam-wide entity.¹¹

Final Negative Determination of Critical Circumstances

Commerce preliminarily determined that critical circumstances did not exist for Hailiang Vietnam/Hongkong Hailiang, the non-individually investigated companies qualifying for a separate rate, and the Vietnam-wide

entity.¹² No parties submitted comments regarding our negative preliminary critical circumstances determination. For this final determination, Commerce revised its surge analysis to include all months for which U.S. import data are available. For the final determination, in accordance with section 735(a)(3) of the Act and 19 CFR 351.206, Commerce continues to find that critical circumstances do not exist for Hailiang Vietnam/Hongkong Hailiang, the non-individually investigated companies qualifying for a separate rate, and the Vietnam-wide entity. For a full description of the methodology and results of Commerce’s critical circumstances analysis, see the Issues and Decision Memorandum and the Final Critical Circumstances Surge Analysis Memorandum.¹³

Separate Rates

No party commented on our preliminary separate rate determinations with respect to the mandatory respondent and the non-individually examined companies. Thus, there is no basis to reconsider the *Preliminary Determination* with respect to separate rate status for this final determination.

Combination Rates

As explained in the *Initiation Notice* and implemented in the *Preliminary Determination*, we have continued to calculate producer/exporter combination rates for the respondents that are eligible for a separate rate.¹⁴ Policy Bulletin 05.1 describes this practice.¹⁵

Final Determination

The final estimated weighted-average dumping margins are as follows:

Producer	Exporter	Estimated weighted-average dumping margin (Percent)
Hailiang (Vietnam) Copper Manufacturing Company Limited/Hongkong Hailiang Metal Trading Limited (aka Hong Kong Hailiang Metal Trading Limited).	Hailiang (Vietnam) Copper Manufacturing Company Limited/Hongkong Hailiang Metal Trading Limited (aka Hong Kong Hailiang Metal Trading Limited).	8.35
Jintian Copper Industrial (Vietnam) Company Limited. (aka Jintian Copper Industrial (Vietnam) Co., Ltd).	Jintian Copper Industrial (Vietnam) Company Limited. (aka Jintian Copper Industrial (Vietnam) Co., Ltd).	8.35
Toan Phat Copper Tube Joint Stock Company	Toan Phat Copper Tube Joint Stock Company	8.35

Disclosure

Commerce intends to disclose to interested parties under Administrative Protective Order (APO), the calculations performed in connection with this final determination within five days of its public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final determination in the **Federal Register**, in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of all appropriate entries of copper pipe and tube from Vietnam, as described in Appendix I of this notice, which are entered, or withdrawn from warehouse, for consumption on or after February 1, 2021, the date of publication of the *Preliminary Determination* in the **Federal Register**.

Pursuant to section 735(c)(1)(B)(ii) of the Act and 19 CFR 351.210(d), upon publication of this notice, Commerce will instruct CBP to require a cash deposit for estimated antidumping duties for such entries as follows: (1) For the exporter/producer combinations listed in the table above, the cash deposit rate is equal to the estimated weighted-average dumping margin listed for that combination in the table; (2) for all combinations of Vietnamese exporters/producers not listed in the above table, the cash deposit rate is equal to the estimated weighted-average dumping margin listed in the table for the Vietnam-wide entity; and (3) for all third-country exporters, the cash deposit rate is equal to the cash deposit rate applicable to the Vietnamese exporter/producer combination (or the Vietnam-wide entity) that supplied that third-country exporter.

These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, we will notify the ITC of the final affirmative determination of sales at LTFV. Because the final

determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of subject copper pipe and tube, no later than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposited for antidumping duties will be refunded. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Notification Regarding APO

This notice serves as a reminder to the parties subject to APO of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or, alternatively, conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation that is subject to sanction.

Notification to Interested Parties

This determination is issued and published pursuant to sections 735(d) and 777(i)(1) of the Act, and 19 CFR 351.210(c).

Dated: June 16, 2021.

Christian Marsh,

Acting Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The products covered by this investigation are all seamless circular refined copper pipes and tubes, including redraw hollows, greater than or equal to 6 inches (152.4 mm) in actual length and measuring less than 12.130 inches (308.102 mm) in actual outside diameter (OD), regardless of wall thickness, bore (e.g., smooth, enhanced with inner

grooves or ridges), manufacturing process (e.g., hot finished, cold-drawn, annealed), outer surface (e.g., plain or enhanced with grooves, ridges, fins, or gills), end finish (e.g., plain end, swaged end, flared end, expanded end, crimped end, threaded), coating (e.g., plastic, paint), insulation, attachments (e.g., plain, capped, plugged, with compression or other fitting), or physical configuration (e.g., straight, coiled, bent, wound on spools).

The scope of this investigation covers, but is not limited to, seamless refined copper pipe and tube produced or comparable to the American Society for Testing and Materials (ASTM) ASTM-B42, ASTM-B68, ASTM-B75, ASTM-B88, ASTM-B88M, ASTM-B188, ASTM-B251, ASTM-B251M, ASTM-B280, ASTM-B302, ASTM-B306, ASTM-B359, ASTM-B743, ASTM-B819, and ASTM-B903 specifications and meeting the physical parameters described therein.

Also included within the scope of this investigation are all sets of covered products, including “line sets” of seamless refined copper tubes (with or without fittings or insulation) suitable for connecting an outdoor air conditioner or heat pump to an indoor evaporator unit. The phrase “all sets of covered products” denotes any combination of items put up for sale that is comprised of merchandise subject to the scope.

“Refined copper” is defined as: (1) Metal containing at least 99.85 percent by actual weight of copper; or (2) metal containing at least 97.5 percent by actual weight of copper, provided that the content by actual weight of any other element does not exceed the following limits:

Element	Limiting content percent by weight
Ag—Silver	0.25
As—Arsenic	0.5
Cd—Cadmium	1.3
Cr—Chromium	1.4
Mg—Magnesium	0.8
Pb—Lead	1.5
S—Sulfur	0.7
Sn—Tin	0.8
Te—Tellurium	0.8
Zn—Zinc	1.0
Zr—Zirconium	0.3
Other elements (each)	0.3

Excluded from the scope of this investigation are all seamless circular hollows of refined copper less than 12 inches in actual length whose actual OD exceeds its actual length.

The products subject to this investigation are currently classifiable under subheadings 7411.10.1030 and 7411.10.1090 of the Harmonized Tariff Schedule of the United

States (HTSUS). Products subject to the investigation may also enter under HTSUS subheadings 7407.10.1500, 7419.99.5050, 8415.90.8065, and 8415.90.8085. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the investigation is dispositive.

Prestressed Concrete Steel Wire Strand From Thailand: Partial Rescission of Antidumping Duty Administrative Review; 2020

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) is rescinding the administrative review, in part, of the antidumping duty order on prestressed concrete steel wire strand (PC Strand) from Thailand for the period of review (POR) January 1, 2020, through December 31, 2020.

DATES: Applicable June 24, 2021.

FOR FURTHER INFORMATION CONTACT: Samantha Kinney or Brian Smith, AD/

CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-2285 or (202) 482-1766, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 5, 2021, Commerce published a notice of opportunity to request an administrative review of the antidumping duty order on PC strand from Thailand.¹ In response to this request, Insteel Wire Products Company, Sumiden Wire Products Corporation, and Wire Mesh Corporation, (the petitioners) filed a timely request for review with respect to Siam Industrial Wire Co., Ltd. (SIW).² Thai Wire Products Public Company Limited (TWP) timely requested an administrative review of itself.³ Based on these requests, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act) and 19 CFR 351.213(b), Commerce initiated an administrative review of the antidumping duty order on PC strand from Thailand covering the period January 1, 2020, through December 31, 2020.⁴ TWP timely withdrew its request for an administrative review on May 25, 2021.⁵

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication date of the notice of initiation of the requested review. As noted above, TWP withdrew its request for an administrative review of itself by the established deadline.⁶

Because TWP's request for administrative review was withdrawn within 90 days of the date of publication of the *Initiation Notice*, and no other interested party requested a review of

this company, Commerce is rescinding its review with respect to TWP, in accordance with 19 CFR 351.213(d)(1). The administrative review remains active with respect to SIW, the remaining company for which a review was initiated.

Assessment

Commerce intends to instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of PC strand from Thailand at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2020, through December 31, 2020, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to certain importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a final reminder to certain parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties
