in interstate commerce. Respondents (public utilities and power marketers) subject to these annual charges must submit FERC–582 data to the Commission by April 30 of each year. 6 The Commission issues bills for annual charges to respondents. Then, respondents must pay the charges within 45 days of the Commission’s issuance of the bill. Respondents file requests for waivers and exemptions of fees and charges 7 based on need. The Commission’s staff uses the filer’s financial information to evaluate the request for a waiver or exemption of the obligation to pay a fee or an annual charge. The 60-day notice published to the Federal Register on April 16, 2021 and received no comments. 8

[Project No. 10482–122: Eagle Creek Hydro Power, LLC, Eagle Creek Water Resources, LLC, Eagle Creek Land Resources, LLC; Project No. 10481–069: Eagle Creek Hydro Power, LLC, Eagle Creek Water Resources, LLC, Eagle Creek Land Resources, LLC; Project No. 9690–115: Eagle Creek Hydro Power, LLC, Eagle Creek Water Resources, LLC, Eagle Creek Land Resources, LLC] Notice of Intent To Prepare an Environmental Assessment

On March 31, 2021, Eagle Creek Hydro Power, LLC, Eagle Creek Water Resources, LLC, and Eagle Creek Land Resources, LLC (co-licensees collectively referred to as Eagle Creek) jointly filed an application for a new license for each of the “Mongaup River Projects” consisting of: (1) The 7.85-megawatt (MW) Swinging Bridge Hydroelectric Project (Scling Bridge Project); (2) the 4.0-MW Mongaup Falls Hydroelectric Project (Mongaup Falls Project); and (3) the 10.8-MW Rio Hydroelectric Project (Rio Project). The Swinging Bridge Project is located on the Mongaup River and Black Lake Creek in Sullivan County, New York. The Mongaup Falls Project is located on the Mongaup River and Black Brook in Sullivan County, New York. The Rio Project is located on the Mongaup River in Sullivan and Orange Counties, New York. The projects do not occupy any federal land.

In accordance with the Commission’s regulations, on January 29, 2021, Commission staff issued a notice that the project was ready for environmental analysis (REA notice). 1 Based on the information in the record, including comments filed on the REA notice and an Offer of Settlement (Settlement Agreement), filed on May 28, 2021, staff does not anticipate that licensing the project would constitute a major federal action significantly affecting the quality of the human environment. Therefore, staff intends to prepare a multi-project Environmental Assessment (EA) on the application to license each of the Mongaup River Projects.

The EA will be issued and circulated for review by all interested parties. All comments filed on the EA will be analyzed by staff and considered in the Commission’s final licensing decision.

The application will be processed according to the following schedule. Revisions to the schedule may be made as appropriate.
