

The questionnaire is available online for respondents to print when they choose to mail or fax. Most respondents choose to report their data online. In addition to reporting current quarter data, respondents may provide initial data for the previous seven quarters or submit revisions to their data submitted in the previous seven quarters.

Data are received each quarter from 70 to 80 percent of the systems canvassed. In those instances when we are not able to obtain a response, we conduct follow-up operations using email and phone calls. Imputations are developed for each of the remaining nonresponse systems in the panel from the latest available data.

Changes Since the Preliminary Results

Based on a review of the record and comments received from interested parties, and for the reasons explained in the Issues and Decision Memorandum, we are revising the margin calculation for Zhonglian. Accordingly, for these final results, Commerce updated the rate assigned to the non-selected companies, which is based on the rate for Zhonglian. For a discussion of these changes, see the “Changes Since the Preliminary Results” section of the Issues and Decision Memorandum.

Final Determination of No Shipments

In the *Preliminary Results*, Commerce preliminarily found that ten companies had no shipments of subject merchandise during the POR: Dezhou Hualude Hardware Products Co., Ltd.; Hebei Minmetals Co., Ltd.; Nanjing Caiqing Hardware Co., Ltd.; Nanjing Yuechang Hardware Co., Ltd.; Shandong Qingyun Hongyi Hardware Products Co., Ltd.; Shanxi Hairu Trade Co., Ltd.; Shanxi Pioneer Hardware Industrial Co., Ltd.; Tag Fasteners Sdn. Bhd.; Tianjin Jinghai County Hongli Industry & Business Co., Ltd.; and Xi’an Metals & Minerals Import & Export Co., Ltd. Following the publication of the *Preliminary Results*, we received no comments from interested parties regarding these companies, and no party has submitted record evidence which would call our preliminary no-shipment finding into question. Therefore, for these final results, we continue to find that these ten companies had no shipments of subject merchandise during the POR. Consistent with our practice, we will issue appropriate instructions to U.S. Customs and Border Protection (CBP).

Separate Rates

In the *Preliminary Results*, we determined that nine companies, including the mandatory respondent, met the criteria for separate rate status. We have not received any information since the issuance of the *Preliminary Results* that provides a basis for reconsidering this preliminary determination. Therefore, Commerce
