§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of FAA Order 7400.11E, Airspace Designations and Reporting Points, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class D and E airspace designation listed in this document will be published subsequently in the Order.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1F, “Environmental Impacts: Policies and Procedures” prior to any FAA final regulatory action.

Proposed Amendment of Class E Airspace; Tuscaloosa, AL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: This action proposes to amend Class E airspace extending upward from 700 feet above the surface for Tuscaloosa National Airport, Tuscaloosa, AL. The FAA is proposing this action as a result of an airspace review caused by the decommissioning of the CRIMSON Very High Frequency Omnidirectional Range collocated with Tactical Air Navigation (VORTAC). This action would also update name of Tuscaloosa National Airport, (formerly Tuscaloosa Municipal Airport) AL. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations in the area.

DATES: Comments must be received on or before August 9, 2021.

SUPPLEMENTARY INFORMATION:

Authority for This Rulemaking

The FAA’s authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency’s authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority, as it would amend Class E airspace for Tuscaloosa National Airport, Tuscaloosa, AL, to support IFR operations in the area.

The Class E airspace extending upward from 700 feet above the surface would be amended by increasing the radius from 7.0 miles to 9.4 miles, adding an extension 4.0 miles each side of the 117° bearing from the airport extending from the 9.4-mile radius to 11.8 miles southeast of the airport and within 2.0 miles each side of the of the 041° bearing extending from the 9.4-mile radius to 11.5 miles northeast of the airport and within 4.0 miles each side of the 296° bearing extending from the 9.4-mile radius to 10.8 miles northwest of the airport and within 2.0 miles each side of the 221° bearing extending from the 9.4-mile radius to 11.8 miles southwest of the airport. This action would also update name of Tuscaloosa National Airport, (formerly Tuscaloosa Municipal Airport) AL.

Class E airspace designations are published in Paragraph 6005, of FAA Order 7400.11E, dated July 21, 2020, and effective September 15, 2020, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

Reinstatement of HUD’s Discriminatory Effects Standard

AGENCY: Office of the Assistant Secretary for Fair Housing and Equal Opportunity, HUD.

ACTION: Proposed rule.

SUMMARY: In 2020, HUD published a rule titled “HUD’s Implementation of the Fair Housing Act’s Disparate Impact Standard” ("2020 Rule"). Prior to the effective date of the 2020 rule, the U.S. District Court for the District of Massachusetts issued a preliminary injunction in Massachusetts Fair Housing Center v. HUD, staying HUD’s implementation and enforcement of the rule. Consequently, the 2020 Rule never took effect. After reconsidering the 2020 Rule, HUD is proposing to recodify its previously promulgated rule titled, “Implementation of the Fair Housing Act’s Discriminatory Effects Standard” ("2013 Rule"), which, as of the date of publication of this Proposed Rule, remains in effect due to the preliminary injunction. HUD believes the 2013 Rule better states Fair Housing Act jurisprudence and is more consistent with the Fair Housing Act’s remedial purposes.

DATES: Comment due date: August 24, 2021.

ADDRESSES: Interested persons are invited to submit written comments regarding this rule to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW, Room 10276, Washington, DC 20410. All communications should refer to the above docket number and title. There are two methods for submitting public comments.

1. Electronic Submission of Comments. Interested persons may submit comments electronically through the Federal eRulemaking Portal at www.regulations.gov. HUD strongly encourages commenters to submit comments electronically. Electronic submission of comments allows the commenter maximum time to prepare and submit a comment, ensures timely receipt by HUD, and enables HUD to make them immediately available to the public. Comments submitted electronically should be viewed by other commenters and interested members of the public. Commenters should follow the instructions provided on that site to submit comments electronically.

2. Submission of Comments by Mail. Comments may be submitted by mail to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW, Room 10276, Washington, DC 20410–0500.

Note: To receive consideration as public comments, comments must be submitted through one of the two methods specified above. Again, all submissions must refer to the docket number and title of the rule.

No Facsimile Comments. Facsimile (FAX) comments are not acceptable.

Public Inspection of Public Comments. All properly submitted comments and communications submitted to HUD will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address. Due to security measures at the HUD Headquarters building, an appointment to review the public comments must be scheduled in advance by calling the Regulations Division at 202–708–3055 (this is not a toll-free number).
