Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 21, 2021.

Ryan Majerus,
Deputy Assistant Secretary for Policy and Negotiations.

SUPPLEMENTARY INFORMATION:

Background

This administrative review is being conducted in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Commerce published the notice of initiation of this administrative review on June 8, 2020.1 On July 21, 2020, Commerce tolled all preliminary and final deadlines in administrative reviews by 60 days.2 On January 15, 2021, Commerce extended the preliminary results deadline until April 30, 2021.3 On March 24, 2021, Commerce further extended the preliminary results deadline until June 18, 2021.4

Scope of the Order

The merchandise subject to the Order is certain activated carbon. The products are currently classifiable under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 3802.10.00. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of the Order remains dispositive.5

1 See Initiation of Antidumping and Countervailing Duty Administrative Reviews, 85 FR 35068 (June 8, 2020).
4 See Memorandum, “Certain Activated Carbon from the People’s Republic of China: Extension of Deadline for Preliminary Results of the Thirteenth Antidumping Duty Administrative Review,” dated March 24, 2021. However, on June 17, 2021, the President signed into law the Juneteenth National Independence Day Act, making June 19 a Federal holiday. See Juneteenth National Independence Day Act, S. 475, Public Law 117–17 (2021). Because the Federal holiday fell on a Saturday, it was observed on Friday, June 18, 2021. Where a deadline falls on a weekend or Federal holiday, the appropriate deadline is the next business day. See Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930. As Amended, 70 FR 24533 (May 10, 2005). Accordingly, the deadline for these preliminary results is on June 18, 2021.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–570–904]

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that Carbon Activated Tianjin Co., Ltd. (Carbon Activated) and Datong Juqiang Activated Carbon Co., Ltd. (Datong Juqiang), exporters of certain activated carbon from the People’s Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) April 1, 2019, through March 31, 2020. Interested parties are invited to comment on these preliminary results.

Preliminary Determination of No Shipments

Based on our analysis of U.S. Customs and Border Protection (CBP) information, and the no shipment certifications submitted by Beijing Pacific Activated Carbon Products Co., Ltd., Jilin Bright Future Chemicals Co., Ltd., Shanxi Dapu International Trade Co., Ltd., Shanxi Industry Technology Trading Co., Ltd., Shanxi Tianxi Purification Filter Co., Ltd., and Tianjin Channel Filters Co., Ltd., Commerce preliminarily determines that these companies had no shipments of subject merchandise during the POR. For additional information regarding this determination, see the Preliminary Decision Memorandum.

Consistent with our practice in non-market economy (NME) cases, we are not recasting this review but instead intend to complete the review with respect to these six companies for which we have preliminarily found no shipments and issue appropriate instructions to CBP based on the final results of the review.7

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Act. We calculated export prices and constructed export prices in accordance with section 772 of the Act. Because China is an NME country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. A list of the topics discussed in the Preliminary Decision Memorandum is included as Appendix I to this notice. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov. In addition, a complete version of the Preliminary Decision Memorandum is available at http://enforcement.trade.gov/frn/.

Preliminary Results of the Review

Commerce preliminarily finds that 61 companies for which a review was requested did not establish eligibility for a separate rate because they failed to provide either a separate rate application or separate rate certification. As such, we preliminarily determine that these 61 companies are part of the China-wide entity. For those companies that have established their eligibility for a separate rate, Commerce preliminarily determines that the following weighted-average dumping margins exist for the POR:

<table>
<thead>
<tr>
<th>Exporter</th>
<th>Weighted-average dumping margin (U.S. dollars per kilogram)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Carbon Activated Tianjin Co., Ltd</td>
<td>1.13</td>
</tr>
<tr>
<td>Datong Juguang Activated Carbon Co., Ltd</td>
<td>0.45</td>
</tr>
<tr>
<td>Datong Municipal Yunguang Activated Carbon Co., Ltd</td>
<td>0.58</td>

<tr>

<tr>

</tbody>
</table>

For the respondents that were not selected for individual examination in this administrative review but qualified for a separate rate, we have assigned to them the weighted-average margin calculated based on the publicly available ranged U.S. sales quantities of the mandatory respondents consistent with section 735(c)(5)(A) of the Act.

Disclosure and Public Comment

Commerce intends to disclose the calculations performed for these preliminary results to the parties no later than five days after the date of publication of this notice in accordance with 19 CFR 351.224(b). Pursuant to 19 CFR 351.309(c)(ii), interested parties may submit case briefs no later than 30 days after the date of publication of these preliminary results of review. Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities. Rebuttal briefs, limited to issues raised in the case briefs, may be filed no later than seven days after the case briefs are filed. Note that Commerce has temporarily modified certain of its requirements for serving documents containing business proprietary information, until further notice.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice. Requests should contain: (1) The party’s name, address and telephone number; (2) the number of participants; and (3) a list of issues parties intend to discuss. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at a date and time to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

All submissions to Commerce must be filed electronically using ACCESS and must also be served on interested parties. An electronically filed document must be received successfully in its entirety by ACCESS, by 5 p.m. Eastern Time (ET) on the date that the document is due. Unless otherwise extended, Commerce intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review. Commerce intends to issue assessment instructions to CBP 35 days after the publication of the final results.

---

9 Because no interested party requested a review of the China-wide entity and Commerce no longer considers the China-wide entity as an exporter conditionally subject to administrative reviews, we did not conduct a review of the China-wide entity. Thus, the rate for the China-wide entity is not subject to change as a result of this review. See Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings, 78 FR 65963, 65969–70 (November 4, 2013). The China-wide entity rate of 2.42 U.S. dollars per kilogram was last reviewed in Certain Activated Carbon from the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2012–2013, 79 FR 70183 (November 25, 2014).

17 See 19 CFR 351.310(d).

18 See 19 CFR 351.303.

19 See 19 CFR 351.304.

20 See 19 CFR 351.212(b)(1).
For entries that were not reported in the U.S. sales data submitted by companies individually examined during this review, Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.\textsuperscript{25} Additionally, if Commerce determines that an exporter under review had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s cash deposit rate) will be liquidated at the rate for the China-wide entity.\textsuperscript{26}

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated antidumping duties, as applicable.

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For each specific company listed in the final results of this review, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except that if the ad valorem rate is de minimis, then the cash deposit rate will be zero); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

### Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213, and 19 CFR 351.221(b)(4).

Dated: June 21, 2021.

James Maeder,
Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Events and Efforts Supporting Cybersecurity Career Awareness Week

AGENCY: National Institute of Standards and Technology (NIST), Commerce.

ACTION: Notice of information collection, request for comment.

SUMMARY: The Department of Commerce, in accordance with the Paperwork Reduction Act of 1995 (PRA), invites the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public’s reporting burden. The purpose of this notice is to allow for 60 days of public comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before August 27, 2021.

ADDRESSES: Interested persons are invited to submit written comments by mail to Maureen O’Reilly, Management Analyst, NIST by email to PRAcomments@doc.gov. Please reference OMB Control Number 0693–0082 in the subject line of your comments. Do not submit Confidential Business Information or otherwise sensitive or protected information.

SUPPLEMENTARY INFORMATION:

I. Abstract

As part of NIST’s charge for National Cybersecurity Awareness and Education outlined in the Cybersecurity Enhancement Act of 2014, the National Initiative for Cybersecurity Education (NICE) energizes and promotes a robust network and an ecosystem of cybersecurity education, training, and workforce development. NICE, led by NIST, fulfills this mission by coordinating with government, academic, and industry partners to build on existing successful programs, facilitate change and innovation, and bring leadership and vision to increase the number of skilled cybersecurity professionals helping to keep our Nation secure.

Further, the NICE Strategic Plan emphasizes a goal to promote the discovery of cybersecurity careers and multiple pathways. In support of this goal, Cybersecurity Career Awareness Week aims to inspire, educate, and engage children through adults to pursue careers in cybersecurity. The annual week-long celebration provides for learning about the contributions, innovations, and opportunities that can be found by exploring cybersecurity as a field of study or career choice. The NICE community is encouraged to organize and participate in activities and initiatives during the week that:
• Create excitement around increasing public awareness and engagement in building a strong cybersecurity workforce.
• Emphasize the demand and opportunities in the field of cybersecurity.
• Increase awareness around the multiple career options within the field of cybersecurity.
• Highlight the numerous pathways to enter the cybersecurity career field.
• Showcase programs that increase participation of women, minorities, veterans, people with disabilities, and other underrepresented populations in the cybersecurity workforce.
• Advance the NICE Strategic Plan objective to inspire cybersecurity career awareness.

This collection is necessary to support the NICE Strategic Plan objective to inspire cybersecurity career awareness. The collection of information will allow the NICE Program Office to share with the public a compiled list of events and opportunities to learn about cybersecurity careers. Doing so will provide a resource for potential attendees, extend the reach of programs and efforts, serve as a source of metrics for outreach activities and impact, and encourage more stakeholders to get involved in National Cybersecurity Career Awareness Week.

The information gathered in this collection will be populated into a publicly accessible list on nist.gov/nice on an on-going basis. The public will access this list to learn about events held by the public to raise cybersecurity career awareness with the intention to increase the reach of and participation at such events. The list will also serve as a resource for those wishing to access information on cybersecurity careers. The information collected will not be analyzed or changed prior to publishing.

Information collected includes basic contact information, such as name, however the data is referential in nature only. Records will not be retrieved by a personal identifier; therefore, this is not a Privacy Act System of Records and does not require a SORN or Privacy Act Statement. The primary goal for this collection is to learn what kind of events are happening and where.

II. Method of Collection

The primary method of collection will be via an electronic (internet) submission form.
