provide the requested data in the
desired format.

The BLM is especially interested in
public comment addressing the
following:

(1) Whether collection of information
is necessary for the proper performance
of the functions of the agency, including
whether or not the information will
have practical utility;

(2) determination of the accuracy of
BLM's estimate of the burden for
collection of information, including the
validity of the methodology and
assumptions used;

(3) methods to enhance the quality,
utility, and clarity of the information to
be collected; and

(4) how might the agency minimize
the burden of information collection on
those who respond, including use of
appropriate automated, electronic,
mechanical, or other technological
collection techniques or other forms of
information technology, *e.g.*, permitting
electronic submission of response.

Comments submitted in response to
this notice are a matter of public record.
The BLM will include or summarize
each comment in its request to OMB to
approve this ICR. Before including your
address, phone number, email address,

information in your comment, you
should be aware that your entire
comment—including your personal
identifying information—may be made
publicly available at any time. While
you can ask us in your comment to
