

information reported pursuant to the SD is identifiable within the system, TSA requires these owners/operators to indicate that they are providing the information pursuant to the SD. TSA is now seeking renewal of this revised information collection for the maximum three-year approval period.

Using the CISA reporting system, TSA expects the mandatory reporting of pipeline cybersecurity incidents to CISA will occur 20 times per year for each pipeline owner/operator, and it will take approximately 2 hours to gather the appropriate information to submit each incident report. The potential burden to the public for this task is $100 \times 20 \times 2$ hours = 4,000 hours.

TSA estimates that approximately 100 pipeline owner/operators will report their cybersecurity manager and alternate point of contact information. It will take the pipeline owner/operator approximately 30 minutes (0.50 hour) to do so, and the potential burden for this task is 100×0.50 hour = 50 hours.

For non-cybersecurity pipeline incidents, TSA expects voluntary reporting of pipeline security incidents will occur on an irregular basis. TSA estimates that approximately 32 incidents will be reported annually, requiring a maximum of 30 minutes (0.50 hour) to collect, review, and submit event information. The potential burden to the public for this task is estimated to be 16 hours. Therefore, the total hour burden to the public for this information collection request is estimated to be 4,000 hours + 50 hours + 16 hours = 4,066 hours annually.

The public comment period for the notice published on February 8, 2021, closed on April 9, 2021.

*Summary of Form HUD-92564-CN
Comments and HUD Responses:*

Comment: A commenter expressed concern that a section of a disclosure statement on the form that the qualified home inspector "will . . . estimate the remaining useful life of the major systems, equipment, structure and finishes" does not accurately state the scope of a home inspection and should be replaced with "will . . . report systems and components that appear to be near the end of their service lives".

HUD Response: HUD clarified the statement by incorporating the recommended replacement language.

Comment: A commenter encouraged HUD to implement efforts to expand portals for delivering form HUD-92564-CN: *For Your Protection: Get a Home Inspection* message as widely as possible, by all existing and evolving methods, to as many prospective homebuyers as possible, and to prospective buyers likely to enter the home buying market in the foreseeable future.

HUD Response: HUD continues to utilize electronic and digital methods as well as paper versions to disseminate the English and Spanish versions of form HUD 92564-CN, *For Your Protection: Get a Home Inspection* to prospective home buyers through real estate brokers and any conceivable means. The form is also available in English and Spanish on HUD website and is accessible by real estate brokers, mortgage originators and prospective homebuyers. There is no cost associated with accessing the form and the website is available 24 hours a day, 7 days per week. Additionally, HUD has incorporated Form HUD-92564-CN, *For Your Protection: Get a Home Inspection* into its origination and processing policy described in the Single Family Housing Policy Handbook 4000.1 and requires Mortgagees to provide the form to prospective homebuyers at first contact, be it for pre-qualification, pre-approval, or initial application.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A and more specifically regarding:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

SUPPLEMENTARY INFORMATION: In accordance with the Paperwork Reduction Act of 1995 and 5 CFR 1320.8(d)(1), all information collections require approval. We may not conduct or sponsor and you are not required to respond to a collection of information unless it displays a currently valid OMB control number.

As part of our continuing effort to reduce paperwork and respondent burdens, we invite the public and other Federal agencies to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on March 5, 2021 (86 FR 12966). No comments were received.

We are again soliciting comments on the proposed ICR that is described below. We are especially interested in public comment addressing the following issues: (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) How might the agency minimize the burden of this collection of information on those who are to respond, including through the use of

appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology (*e.g.*, permitting electronic submission of response).

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Abstract: Various laws, statutes, and regulations, to include the Public Lands Corps Act (16 U.S.C. 1721 et. seq.), the Outdoor Recreation Authority (16 U.S.C. 4601), Volunteers in the National Forests Program (16 U.S.C. 558 a-d), and the Forest Foundation Volunteers Act (16 U.S.C. 583j), authorize Federal land management agencies to work with volunteers to plan, develop, maintain, and manage projects and service activities on public lands and adjacent projects throughout the nation. We use volunteers to aid in disaster response, interpretive functions, visitor services, conservation measures and development, research and development, recreation, and or other activities as allowed by an agency's policy and regulations. Providing, collecting, and exchanging written and electronic information is required from potential and selected program participants of all ages so they can access opportunities and benefits provided by agencies guidelines. Those under the age of 18 years must have written consent from a parent or guardian to participate in volunteer activities.

In this revision, Interior will request OMB approval to assume the management and responsibility of common forms OF-301, OF-301a, and OF-301b from the Department of Agriculture—U.S. Forest Service (currently approved under OMB Control No. 0596-0080). These forms, available for prospective volunteers to complete electronically or as paper forms, serve two functions:

- Recruiting potential volunteers, and
- Formalizing agreements between current volunteers and the agencies with which they are volunteering.
