

review conflicting scientific and technical data and provide recommendations for resolution. Use of the SRP only may be exercised after FEMA and local communities have been engaged in a collaborative consultation process for at least 60 days without a mutually acceptable resolution of an appeal. Additional information regarding the SRP process can be found online at https://www.floodsrp.org/pdfs/srp_overview.pdf.

The watersheds and/or communities affected are listed in the tables below. The Preliminary FIRM, and where applicable, FIS report for each community are available for inspection at both the online location https://hazards.fema.gov/femaportal/prelim_download and the respective Community Map Repository address listed in the tables. For communities with multiple ongoing Preliminary studies, the studies can be identified by

the unique project number and Preliminary FIRM date listed in the tables. Additionally, the current effective FIRM and FIS report for each community are accessible online through the FEMA Map Service Center at <https://msc.fema.gov> for comparison.

Michael M. Grimm,
Assistant Administrator for Risk Management, Department of Homeland Security, Federal Emergency Management Agency.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Internal Agency Docket No. FEMA-4595-DR; Docket ID FEMA-2021-0001]

Kentucky; Amendment No. 3 to Notice of a Major Disaster Declaration

AGENCY: Federal Emergency Management Agency, DHS.
ACTION: Notice.

SUMMARY: This notice amends the notice of a major disaster declaration for the Commonwealth of Kentucky (FEMA-4595-DR), dated April 23, 2021, and related determinations.

DATES: This amendment was issued May 27, 2021.

FOR FURTHER INFORMATION CONTACT: Dean Webster, Office of Response and Recovery, Federal Emergency Management Agency, 500 C Street SW, Washington, DC 20472, (202) 646-2833.

SUPPLEMENTARY INFORMATION: The notice of a major disaster declaration for the Commonwealth of Kentucky is hereby amended to include the following areas among those areas determined to have been adversely affected by the event declared a major disaster by the President in his declaration of April 23, 2021.

Anderson, Fayette, Jessamine, Laurel, Madison, Warren, and Woodford Counties for Individual Assistance.

Boyd, Clark, Franklin, Greenup, Jackson, Knott, Lawrence, Leslie, Letcher, Lincoln, Morgan, Owsley, Perry, Pulaski, and Rockcastle Counties for Individual Assistance (already designated for Public Assistance).

The following Catalog of Federal Domestic Assistance Numbers (CFDA) are to be used for reporting and drawing funds: 97.030, Community Disaster Loans; 97.031, Cora Brown Fund; 97.032, Crisis Counseling; 97.033, Disaster Legal Services; 97.034, Disaster Unemployment Assistance (DUA); 97.046, Fire Management Assistance Grant; 97.048, Disaster Housing Assistance to Individuals and Households In Presidentially Declared Disaster Areas; 97.049, Presidentially Declared Disaster Assistance—Disaster Housing Operations for Individuals and Households; 97.050 Presidentially Declared Disaster Assistance to Individuals and Households—Other Needs; 97.036, Disaster Grants—Public Assistance (Presidentially Declared Disasters); 97.039, Hazard Mitigation Grant.

Deanne Criswell,
Administrator, Federal Emergency Management Agency.

BILLING CODE 9111-23-P

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLNVS01000 L58530000 EU0000 241A; 14-08807; MO# 4500146038]

Notice of Realty Action: Modified Competitive Sale of 11 Parcels of Public Land in Clark County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of Realty Action.

SUMMARY: The Bureau of Land Management (BLM) proposes to offer 11 parcels of public land totaling 74.375 acres in the Las Vegas Valley (Valley) by modified competitive sale at not less than each parcel's appraised Fair Market Value (FMV) pursuant to the Southern Nevada Public Land Management Act of 1998 (SNPLMA), as amended. The sale will be subject to the applicable provisions of Section 203 of the Federal Land Policy and Management Act of 1976 (FLPMA). The BLM has completed a Determination of National Environmental Policy Act Adequacy (DNA) for the sale.

DATES: Submit written comments regarding the sale until August 16, 2021. The modified competitive sale is to occur by an online auction hosted by EnergyNet, the BLM's service provider.

The online sale will take place on September 1, 2021, at 8:00 a.m., Pacific Time, on EnergyNet's website at https://www.EnergyNet.com/govt_listing.pl.

ADDRESSES: Mail written comments to the BLM Las Vegas Field Office (LVFO),

Assistant Field Manager, Division of Lands, 4701 North Torrey Pines Drive, Las Vegas, NV 89130.

In advance of the sale and no later than 30 days prior to the sale, a sales matrix providing the FMV for each sale parcel will be published on the following website: https://www.EnergyNet.com/govt_listing.pl. Parcels may be viewed online at the EnergyNet website approximately ten business days after the posting of this Notice of Realty Action in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Jayangi Ayesha Gamage by email: jgamage@blm.gov, or by telephone: 702-515-5189. For general information on previous BLM public land sales, go to <https://www.blm.gov/snplma>. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Relay Service (FRS) at 1-800-877-8339 to contact the above individual during normal business hours. The FRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: In order to determine the FMV through appraisal, the Department of the Interior may make certain extraordinary assumptions and hypothetical conditions concerning the attributes and limitations of the lands and potential effects of local regulations and policies on potential future land uses. Through publication of this Notice, the BLM advises that these assumptions may not be endorsed or approved by units of local government.

It is the buyer's responsibility to be aware of all applicable federal, state, and local government laws, regulations and policies that may affect the subject lands, including any required dedication of lands for public uses. It is the buyer's responsibility to be aware of existing or prospective uses of nearby properties. When conveyed out of federal ownership, the lands will be subject to any applicable laws, regulations, and policies of the applicable local government for proposed future uses. It is the responsibility of the buyer to be aware through due diligence of those laws, regulations, and policies, and to seek any required local approvals for future uses. Buyers should make themselves aware of any federal or state law or regulation that may impact the future use of the property. Any land lacking access from a public road or highway will be conveyed as such and acquiring future access will be the responsibility of the buyer.

Out of the 11 parcels of public lands that BLM proposes to offer, nine are located within Clark County jurisdiction and two within the City of Las Vegas jurisdiction. More specifically, of the 11 parcels, six are located in the northwest part of the Valley near Interstate 215 and State Route 157; four are located in southwest part of the Valley near Blue Diamond Road and Interstate 15; and one is located in the southeast part of the Valley near Interstate 15 and State Route 146.

The subject public lands are legally described as:

Mount Diablo Meridian, Nevada

The areas described aggregate 74.375 acres, according to the official plats of the surveys of said lands on file with the BLM.

The sale will be held online at https://www.EnergyNet.com/govt_listing.pl.

The BLM will publish this Notice of Realty Action once a week for three consecutive weeks in the *Las Vegas Review-Journal* newspaper. Prior to the sale, a sales matrix will be published on the following website: https://www.EnergyNet.com/govt_listing.pl.

The sales matrix provides information specific to each sale parcel such as legal description, physical location, encumbrances, acreage, and FMV. The FMV for each parcel will be available in the sales matrix no later than 30 days prior to the sale.

Information concerning the sale parcels, including encumbrances of record, appraisals, reservations, procedures and conditions, Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. 9620(h) (CERCLA), and other environmental documents that may appear in the BLM public files for the sale parcels are available for review by appointment only, during business hours, from 8:00 a.m. to 4:30 p.m. Pacific Time, Monday through Friday, at the BLM LVFO, except during Federal holidays.

This sale is in conformance with the BLM Las Vegas Resource Management Plan Record of Decision LD-1, approved on October 5, 1998. The Las Vegas Valley Disposal Boundary Environmental Impact Statement and Record of Decision issued on December 23, 2004, and the Las Vegas In-Valley Area Multi-Action Analysis Environmental Assessment (EA), DOI-BLM-NV-S010-2016-0054-EA (<https://eplanning.blm.gov/eplanning-ui/project/60096/510>), analyzed the sale parcels. A parcel-specific DNA, document number DOI-BLM-NV-S010-2020-0043-DNA, was prepared in connection with this Notice of Realty Action.

Submit comments to the address in the **ADDRESSES** section. Before including your address, phone number, email address, or other personally identifiable information in your comment, you should be aware that your entire comment—including any personally identifiable information—may be made publicly available at any time. While you can ask us in your comment to withhold your personally identifiable information from public review, we cannot guarantee that we will be able to do so.

Any comments regarding the proposed sale will be reviewed by the BLM Nevada State Director or other authorized official of the Department of the Interior, who may sustain, vacate, or modify this realty action in response to such comments. In the absence of any comments, this realty action will become the final determination of the Department of the Interior.

The use of the modified competitive sale method is consistent with 43 CFR 2711.3-2. Public lands may be offered for sale by modified competitive bidding procedures when the

authorized officer determines it is necessary based on public policies. Following Centers for Disease Control recommendations to coordinate with state and local health officials on mitigating the risk of COVID-19 transmission, the BLM has determined that utilizing an online auction would maximize the opportunity for public input and involvement while prioritizing the health and safety of BLM employees and the interested public. This approach is consistent with the State of Nevada's current COVID-19 Mitigation and Management Guidance for Safe Gatherings, which limits the size of public gatherings to 100 individuals, or 35 percent occupancy (whichever is fewer). While local guidance is subject to change over time, the BLM's requirements to provide advance public notification regarding the sale and procedures for participation, limit our ability to adapt or change with updated guidance. Therefore, the BLM will adhere to holding this sale online, as this method offers the most assurance that a sale can be conducted whether COVID-19 restrictions are lessened or increased.

Sale procedures and registration process:

Federal law requires that bidders must be:

- (1) a citizen of the United States, 18 years of age or older;
- (2) a corporation subject to the laws of any state or of the United States;
- (3) a state, instrumentality, or political subdivision authorized to hold property; or
- (4) an entity legally capable of conveying and holding lands or interests therein under the laws of the State of Nevada.

The successful bidder must submit proof of citizenship or articles of incorporation within 30 days from receipt of acceptance of bid letter. Evidence of United States citizenship is a birth certificate, passport, or naturalization papers. Citizenship documents or Articles of Incorporation (as applicable) must be provided to the BLM LVFO for each sale.

To participate in the BLM bidding process, you must register and obtain a bidder number. Registration for online bidding will be available prior to the sale date at EnergyNet's website (https://www.EnergyNet.com/govt_listing.pl). Click on the orange "Register for Sale" button on the blue "BLM Nevada SNPLMA Summer 2021 Land Sale" banner to register, and click on the light blue "View Listings" button on the "BLM Nevada SNPLMA Summer 2021 Land Sale" banner to obtain maps and get information on how to submit

competitive online bids via the internet for the sale. A submitted online internet bid is a binding offer.

In order to participate in this sale, prospective buyers must create an EnergyNet account, complete the EnergyNet Bidding Terms Agreement, request a bidding allowance, and register for the BLM Nevada SNPLMA Summer 2021 Land Sale. EnergyNet may require approximately five (5) business days to determine bidder's financial qualifications. Additional information on how to register at EnergyNet may be found at https://www.energynet.com/page/Government_Listings_Participation.

Assistance creating an EnergyNet account and registering for the sale is available by telephoning the EnergyNet Government Resources department at 877-351-4488 and by using the following link to create a Buyer's Account: https://www.EnergyNet.com/bidder_reg.pl?registration_choice=government. After the account is created, follow the link "Submit Bank Information Online" and fill in the form with the following information:

- Bank Name
- Banker's Name
- Telephone Number of Banker
- Address of Bank
- Requested Bid Allowance amount

EnergyNet will verify the Bank Name is a recognized financial institution and contact the banker to ask if the prospective buyer has the financial means to cover the requested Bid Allowance, which is the limit or ceiling for bids and is NOT recorded as a bid or offer per property at auction. Upon receiving an affirmative answer, the allowance will be granted.

Important notes regarding your Bid Allowance: For security reasons, a bidder must contact its banker and grant permission to speak to EnergyNet about its Bid Allowance request. EnergyNet will not request the account balance or ask any questions about assets or lines of credit. EnergyNet will not request the bank account number, nor will it have the ability to withdraw funds.

The auction website is open to the public. The internet-based land sale can be observed in real-time. However, you must register as a bidder on the website, in advance, in order to submit bids for a parcel. The auction website will be active and available for use approximately ten days after the date of this Notice and will remain available for viewing until the completion of the auction. The available parcels listed in this Notice will be detailed on the EnergyNet. Interested parties may visit the website at any time. Potential

bidders may register for the online auction as soon as the auction website is active.

Potential bidders are encouraged to visit the website prior to the start of the open bidding period to become familiar with the site and review the bidding instructions available at https://www.energynet.com/page/Government_Listings_Participation. Supporting documentation is available on the website to familiarize new users to the process and answer frequently asked questions.

Payments to the BLM will not be made through the auction website. At the conclusion of the final parcel's bidding period, the successful bidder for each parcel will be provided instructions by the online auction system via email on how to make the required payment to the BLM. In addition, you will be required to pay a commission fee to EnergyNet of 1.5 percent (a percentage) of the highest qualifying bid for each parcel purchased by successful bidders. EnergyNet will submit a separate invoice via email to each successful bidder for the total amount due to the BLM and a separate invoice for the amount due to EnergyNet.

Parcels will begin online bidding at the established FMV. Each parcel will have its own unique open bidding period, with start and stop times clearly identified on the auction website. The open bidding period for each parcel will run for three hours from start to finish, and only bids placed during this three-hour period will be accepted. Each parcel will close bidding sequentially so that each bidder will know if it is the highest winning bid before subsequent parcels close. The website will display each current high bid, and the high bid bidder's number.

The online system allows participants to submit maximum bids, which is the highest amount a bidder is willing to pay for each parcel to enable a bidder to participate in the online auction without having to be logged into the website at the time the auction period closes. The auction website provides a full explanation of placing maximum bids, as well as an explanation of how it works to place bids on your behalf to maintain your high bidder status up to the chosen maximum bid amount. The BLM strongly encourages potential bidders to review the bidding tutorial in the Frequently Asked Questions area on the auction website in advance of the sale. EnergyNet will declare the highest qualifying bid as the high bid. The successful bidder must submit a deposit of not less than 20 percent of the successful bid amount by 4:00 p.m.,

Pacific Time, immediately following the close of the sale in the form of a certified check, postal money order, electronic fund transfer, bank draft, or cashier's check made payable in U.S. dollars to the "Department of the Interior, Bureau of Land Management."

The BLM will send the successful bidder(s) an acceptance of bid letter with detailed information for full payment. In accordance with 43 CFR 2711.3-1(d), the successful bidder will forfeit the bid deposit if it fails to pay the full purchase price within 180 days of the sale. The BLM will make no exceptions. The BLM cannot accept the remainder of the bid price at any time following the 180th day after the sale.

If a bidder is the apparent successful bidder with respect to multiple parcels and that bidder fails to submit the minimum 20 percent bid deposit resulting in default on any single parcel following the sale, the BLM may cancel the sale of all parcels to that bidder. If a successful bidder cannot consummate the transaction for any reason, the BLM may consider the second highest bidder to purchase the parcel. If there are no acceptable bids, a parcel may remain available for sale on a future date without further legal notice.

The BLM LVFO must receive the request for escrow instructions prior to 30 days before the prospective patentee's scheduled closing date. There are no exceptions.

All name changes and supporting documentation must be received at the BLM LVFO by 4:30 p.m. Pacific Time, 30 days from the date on the high-bidder letter. There are no exceptions. To submit a name change, the apparent successful bidder must submit the name change in writing on the Certificate of Eligibility form to the BLM LVFO.

The BLM must receive the remainder of the full bid price for the parcel no later than 4:30 p.m. Pacific Time, within 180 days following the day of the sale. The successful bidder must submit payment in the form of a certified check, postal money order, bank draft, cashier's check, or make available by electronic fund transfer payable in U.S. dollars to the "Department of the Interior—Bureau of Land Management" to the BLM LVFO. The BLM will not accept personal or company checks.

Arrangements for electronic fund transfer to the BLM for payment of the balance due must be made a minimum of two weeks prior to the payment date. The BLM will not sign any documents related to 1031 Exchange transactions. The bidder is responsible for timing for completion of such an exchange. The BLM cannot be a party to any 1031 Exchange.

In accordance with 43 CFR 2711.3-1(f), the BLM may accept or reject any or all offers to purchase, or withdraw any parcel of land or interest therein from sale within 30 days, if the BLM authorized officer determines consummation of the sale would be inconsistent with any law, or for other reasons as may be provided by applicable law or regulations. No contractual or other rights against the United States may accrue until the BLM officially accepts the offer to purchase and the full bid price is paid.

According to the SNPLMA, as amended, Public Law 105-263 section 4(c), lands identified within the Las Vegas Valley Disposal Boundary are withdrawn from location and entry under the mining laws and from operation under the mineral leasing and geothermal leasing laws until such time as the Secretary of the Interior (Secretary) terminates the withdrawal or the lands are patented.

Upon publication of this Notice in the **Federal Register**, the described land will be segregated from all forms of appropriation under the public land laws, except for the sale provisions of the FLPMA. Upon publication of this Notice and until completion of this sale, the BLM will no longer accept land use applications affecting the parcels identified for sale. The parcels may be subject to land use applications received prior to publication of this Notice if processing the application would have no adverse effect on the marketability of title, or the FMV of the parcel. The segregated effect of this Notice terminates upon issuance of a patent or other document of conveyance to such lands, or publication in the **Federal Register** of a termination of the segregation. The total segregation period may not exceed two years unless it is extended by the BLM State Director, Nevada prior to the termination date in accordance with 43 CFR 2711.1-2(d).

Terms and Conditions: FLPMA Section 209, 43 U.S.C. 1719(a), states that "all conveyances of title issued by the Secretary . . . shall reserve to the United States all minerals in the lands." Accordingly, all minerals for the sale parcels will be reserved to the United States. The patents, when issued, will contain a mineral reservation to the United States for all minerals.

In response to requests to clarify this mineral reservation as it relates to mineral materials, such as sand and gravel, we refer interested parties to the regulations at 43 CFR 3601.71(b), which provides that the owner of the surface estate of lands with reserved Federal minerals may "use a minimal amount of mineral materials for . . . personal use"

within the boundaries of the surface estate without a sales contract or permit. The regulation provides that all other use, absent statutory or other express authority, requires a sales contract or permit. The BLM refers interested parties to the explanation of this regulatory language in the preamble to the final rule published in the **Federal Register** in 2001, available at <https://www.federalregister.gov/d/01-29001>, which states that minimal use "would not include large-scale use of mineral materials, even within the boundaries of the surface estate" (66 FR 58894). Further explanation is contained in BLM Instruction Memorandum No. 2014-085 (April 23, 2014), available on BLM's website at <https://www.blm.gov/policy/im-2014-085>.

The parcels are subject to limitations prescribed by law and regulation, and certain encumbrances in favor of third parties. Prior to patent issuance, a holder of any Right-of-way (ROW) within the sale parcels will have the opportunity to amend its ROW for conversion to a new term, including in perpetuity if applicable, or to an easement. The BLM will notify valid existing ROW holders of record of their ability to convert their compliant ROWs to perpetual ROWs or easements. In accordance with Federal regulations at 43 CFR 2807.15, once notified, each valid holder may apply for the conversion of its current authorization.

The following numbered terms and conditions will appear on the conveyance documents for the sale parcels:

1. All mineral deposits in the lands so patented, and to it, or persons authorized by it, the right to prospect for, mine, and remove such deposits from the same under applicable law and regulations to be established by the Secretary are reserved to the United States, together with all necessary access and exit rights;

2. A right-of-way is reserved for ditches and canals constructed by authority of the United States under the Act of August 30, 1890 (43 U.S.C. 945);

3. The parcels are subject to valid existing rights;

4. The parcels are subject to reservations for roads, public utilities, and flood control purposes, both existing and proposed, in accordance with the local governing entities' transportation plans; and

5. An appropriate indemnification clause protecting the United States from claims arising out of the lessee's/patentee's use, occupancy, or occupations on the leased/patented lands.

To the extent required by law, the parcel is subject to the requirements of Section 120(h) of the CERCLA, as amended. Accordingly, notice is hereby given that the lands have been examined and no evidence was found to indicate that any hazardous substances have been stored for one year or more, nor that any hazardous substances have been disposed of or released on the subject properties.

No warranty of any kind, express or implied, is given by the United States as to the title, whether or to what extent the land may be developed, its physical condition, future uses, or any other circumstance or condition. The conveyance of a parcel will not be on a contingency basis.

Authority: 43 CFR 2711.1–2.

Stephen Leslie,

Acting Assistant Field Manager, Division of Lands.

BILLING CODE 4310–HC–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1527 (Final)]

Standard Steel Welded Wire Mesh From Mexico; Scheduling of the Final Phase of Anti-Dumping Duty Investigation

AGENCY: United States International Trade Commission.

ACTION: Notice.

DATES: June 23, 2021.

FOR FURTHER INFORMATION CONTACT: Julie Duffy ((202) 708–2579), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for the Commission’s antidumping duty and countervailing duty investigations may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION: Effective December 3, 2020, the Commission established a general schedule for the conduct of the final phase of its

investigations on standard steel welded wire mesh (“wire mesh”) from Mexico (85 FR 81487, December 16, 2020), following a preliminary determination by the U.S. Department of Commerce (“Commerce”) that imports of subject wire mesh from Mexico were being subsidized by the government of Mexico (85 FR 78124, December 3, 2020). Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on December 16, 2020 (85 FR 81487). In light of the restrictions on access to the Commission building due to the COVID–19 pandemic, the Commission conducted its hearing through written testimony and video conference on February 12, 2021. All persons who requested the opportunity were permitted to participate. The Commission subsequently issued its final determination that an industry in the United States was materially injured by reason of imports of wire mesh from Mexico provided for in subheadings 7314.20.00 and 7314.39.00 of the Harmonized Tariff Schedule of the United States (“HTSUS”) that have been found by Commerce to be subsidized by the government of Mexico (86 FR 18555, April 9, 2021).

Commerce has issued a final affirmative antidumping duty determination with respect to wire mesh from Mexico (86 FR 32891, June 23, 2021). Accordingly, the Commission currently is issuing a supplemental schedule for its antidumping duty investigation on imports of wire mesh from Mexico.

This supplemental schedule is as follows: The deadline for filing supplemental party comments on Commerce’s final antidumping duty determination is July 2, 2021. Supplemental party comments may address only Commerce’s final antidumping duty determination regarding imports of wire mesh from Mexico. These supplemental final comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of the Commission’s antidumping duty investigation covering subject imports from Mexico will be placed in the nonpublic record on July 8, 2021, and a public version will be issued thereafter.

For further information concerning this proceeding see the Commission’s notice cited above and the

Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission’s rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission’s rules, each document filed by a party to the antidumping duty and countervailing duty investigations must be served on all other parties to the investigations (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

Authority: This proceeding is being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission’s rules.

By order of the Commission.

Issued: June 25, 2021.

Lisa Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 731–TA–771–772, and 775 (Fourth Review)]

Stainless Steel Wire Rod From Japan, Korea, and Taiwan; Institution of a Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930 (“the Act”), as amended, to determine whether revocation of the antidumping duty order on stainless steel wire rod from Japan, Korea, and Taiwan would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted July 1, 2021. To be assured of consideration, the deadline for responses is August 2, 2021. Comments on the adequacy of responses
