

On June 25, 2021, pursuant to section 751(c) of the Act, the ITC determined that termination of the Suspension Agreements on CTL plate from Russia and Ukraine would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.<sup>3</sup>

Therefore, pursuant to section 351.218(f)(4) of Commerce’s regulations, Commerce is publishing this notice of the continuation of the Suspension Agreements on CTL plate from Russia and Ukraine.

**Scope**

The products covered by these Suspension Agreements include hot-rolled iron and non-alloy steel universal mill plates (*i.e.*, flat-rolled products rolled on four faces or in a closed box pass, of a width exceeding 150 mm but not exceeding 1250 mm and of a thickness of not less than 4 mm, not in coils and without patterns in relief), of rectangular shape, neither clad, plated nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances; and certain iron and non-alloy steel flat-rolled products not in coils, of rectangular shape, hot-rolled, neither clad, plated, nor coated with metal, whether or not painted, varnished, or coated with plastics or other nonmetallic substances, 4.75 mm or more in thickness and of a width which exceeds 150 mm and measures at least twice the thickness. Included as subject merchandise in the Suspension Agreements are flat-rolled products of nonrectangular cross-section where such cross-section is achieved subsequent to the rolling process (*i.e.*, products which have been “worked after rolling”) for example, products

**Continuation**

As a result of the respective determinations by Commerce and the ITC that termination of the Suspension Agreements on CTL plate from Russia and Ukraine would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby gives notice of the continuation of the Suspension Agreements on CTL plate from Russia and Ukraine.
