enforced from 10 p.m. through 10:30 p.m. on July 3, 2021.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email Commander Matthew M. Spolarich, Chief of Prevention, U.S. Coast Guard Marine Safety Unit Houma; telephone 985–850–6437, email matthew.m.spolarich@uscg.mil.

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce the safety zone in 33 CFR 165.801, Table 5, line 7, for the Independence Day Celebration at Bridge Side Marina in Grand Isle, Louisiana from 10 p.m. through 10:30 p.m. This action is being taken to provide for the safety of life on navigable waters during this event. Our regulation for marine events within the Eighth Coast Guard District requiring safety zones, § 165.801, Table 5, line 7, specifies the location of the safety zone as a 500 foot radius from the Pier located at Bridge Side Marina, 2012 LA Highway 1, Grand Isle, LA (Lat: 29°12'14" N; Long: 090°02'28.47" W). During the enforcement period, as reflected in § 100.801, entry into this zone is prohibited unless authorized by the Captain of the Port or a designated representative. Persons or vessels desiring to enter into or passage through the zone must request permission from the Captain of the Port or a designated representative.

In addition to this notice of enforcement in the Federal Register, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners and Broadcast Notice to Mariners.

Dated: June 28, 2021.

J.W. Russell,
Captain, U.S. Coast Guard, Captain of the Port Houma.

Procurement Activities of the Corps of Engineers

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes the U.S. Army Corps of Engineers’ part titled, “Procurement Activities of the Corps of Engineers.” Each removed section is out-of-date, duplicative of existing regulations, and otherwise covers internal agency operations that have no public compliance component or adverse public impact. Regulations governing internal procurement activities can be found on file with the agency. Therefore, this part can be removed from the Code of Federal Regulations (CFR).

DATES: This rule is effective on July 2, 2021.

FOR FURTHER INFORMATION CONTACT: Ms. Wanda Cross at (202) 761–1034 or by email at wanda.m.cross2@usace.army.mil.

SUPPLEMENTARY INFORMATION: This final rule removes from the CFR part 210 of title 33, “Procurement Activities of the Corps of Engineers.” The rules at 33 CFR 210.1, 210.2, and 210.3 were published on December 7, 1961 (26 FR 11732) pursuant to Department of Defense procurement statutes, 10 U.S.C. Chapter 137. The regulation at 33 CFR 210.1 provides for procedures for the advance notices to prospective bidders on certain construction contracts. The regulation at 33 CFR 210.2 provides for procedures to notify the successful bidder of the acceptance of their bid. The regulation at 33 CFR 210.3 provides for procedures to issue a notice to proceed to contractors. The rule at 33 CFR 210.4 was initially published on January 14, 1975 (40 FR 2582), and amended on March 24, 1980 (45 FR 19202). The rule at 33 CFR 210.5 was published on March 24, 1980 (45 FR 19202). The regulations at 33 CFR 210.4 and 210.5 provide for the administration of appeals before the Corps of Engineers Board of Contract Appeals. While the rules apply only to the Corps’ internal
PART 210—[REMOVED]

Accordingly, for the reasons stated in the preamble and under the authority of 5 U.S.C. 301, the Corps removes 33 CFR part 210.

Dated: June 29, 2021.

Emergency Supplies of Drinking Water

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes the U.S. Army Corps of Engineers’ part titled, “Emergency Supplies of Drinking Water.” This part is mostly duplicative of an equivalent part in the agency’s regulations. Where it is not duplicative this part could be misleading, as its provisions have been superseded by those in the equivalent part related to emergency water supplies due to contaminated water sources. Therefore, this part can be removed from the Code of Federal Regulations (CFR).

DATES: This rule is effective on July 2, 2021.

FOR FURTHER INFORMATION CONTACT: Mr. Willem Helms at (202) 761–5909 or by email at willem.h.helms@usace.army.mil.

SUPPLEMENTARY INFORMATION: This final rule removes from the CFR part 214 of title 33, “Emergency Supplies of Drinking Water.” The regulation was initially promulgated on February 19, 1976 (41 FR 7506), solely in order to implement the 1974 amendment to Public Law 84–99 in Section 82(2) of Public Law 93–251, authorizing the Chief of Engineers to provide emergency supplies of clean drinking water to any locality with contaminated drinking water causing or likely to cause a substantial threat to the public health and welfare. The removed part is mostly duplicative of the equivalent section of 33 CFR part 203 at § 203.61, Emergency water supplies due to contaminated water source. The Corps’ current emergency management regulation in 33 CFR part 203 includes coverage of the contaminated water authority among the other aspects of the Corps’ emergency management program. Where it is not duplicative part 214 could be misleading, as its provisions have been superseded by those in 33 CFR part 203 related to emergency water supplies due to contaminated water sources. While the rule applies only to Corps internal agency guidance regarding responses to provide emergency supplies of drinking water, it was published, at that time, in the Federal Register to aid public accessibility.

The solicitation of public comment for this removal is unnecessary as the removed sections in this part are out-of-date, duplicative of existing regulations, and otherwise cover internal agency operations that have no public compliance component or adverse public impact. Sections 210.1, 210.2, and 210.3 are duplicative with and/or have been updated by the Federal Acquisition Regulation (FAR) subparts 5, 11, 14, and 15 which provide procedures for advance notice, notice of award, commencement, and completion of work. Sections 210.4 and 210.5 no longer apply. In addition, the Engineer Board was absorbed by the Armed Services Board of Contract Appeals in July 2000.

This removal is being conducted to provide clarity and reduce confusion for the public as well as for the Corps regarding the current policy which governs the Corps’ internal procurement activities. The removal of the regulation will ensure the Corps’ policy complies with the existing FAR which can be found at the source provided in this SUPPLEMENTARY INFORMATION section.

The regulation does not place a burden on the public; therefore, its removal does not provide a reduction in public burden or costs. This rule is not significant under Executive Order 12866, “Regulatory Planning and Review.”
