

(2) develops and applies spatial analytic and small area estimation methods to identify geographic variations in chronic disease conditions and related risk factors for public health programming and decision making; (3) provides public health leadership in the prevention of excessive alcohol use and other chronic disease risk factors through public health surveillance, partnerships, and applied research for translation into public health practice; (4) provides public health leadership for epilepsy and other chronic conditions with significant impact on quality of life through surveillance and epidemiologic research, partnerships, applied research and translation, and development and evaluation of programs and interventions in order to expand the reach of evidence-based programs and practices and improve quality of life; and (5) conducts strategic and innovative scientific research on lupus and other evolving and cross-cutting disease issues including determining the burden, developing pilot programs and assessing effectiveness of public health approaches, and works with national, state and local partners to increase awareness, advance knowledge, and inform public health and health care practice.

Healthy Schools Branch (CUCPG) (1) Supports state, local, territorial, and tribal agencies and national non-governmental organizations to develop, implement, evaluate, and disseminate school policy, systems, and environmental strategies and interventions to improve the health of students and school staff by promoting healthy eating, physical activity, and a tobacco-free lifestyle; (2) supports implementation and evaluation of a coordinated approach to school health and best practices in health education; physical education and other physical activity programs; nutrition services; school health services; school counseling, psychological, and social services; health promotion for staff; family and community involvement; and school health and safety policies and environment; (3) provides leadership and consultation on how schools work and how to foster effective collaboration between the public health and education sectors; (4) documents and strengthens the scientific associations among chronic disease-related health risks, school-based health promotion initiatives, and academic achievement; (5) evaluates school-based policy, systems, and environmental changes and interventions to improve health behaviors and reduce chronic disease-related health risks among

children and adolescents; (6) synthesizes and translates scientific research to develop and disseminate guidance, tools, and resources to help schools prevent chronic disease-related risks among children and adolescents; (7) supports efforts of national, state, and local surveillance systems to monitor chronic disease-related health risk behaviors among youth, along with the policies, programs, and practices schools implement to address those health risk behaviors; (8) strengthens efforts of national, state, and local programs to provide high quality professional development services to support school-based chronic disease prevention policies, programs, and practices; (9) in accomplishing the functions listed above, collaborates with other components of CDC and HHS; the U.S. Department of Education, U.S. Department of Agriculture, and other federal agencies; national professional, voluntary, and philanthropic organizations; international agencies; and other organizations as appropriate; and (10) assists other nations in reducing chronic disease-related health risks among children and adolescents and in implementing and improving school health programs.

Population Health Surveillance Branch (CUCPH). (1) Plans and directs all activities related to the Behavioral Risk Factor Surveillance System (BRFSS), the nation's premier system of health surveys that collect state data about United States residents regarding their health-related risk behaviors, chronic health conditions, and use of preventive services; (2) coordinates BRFSS surveillance activities across all states and CDC programs; (3) provides support to build state capacity for BRFSS survey operations, data management, analysis, dissemination, and use of the data by state agencies to set public health priorities and monitor public health programs; (4) develops guidelines and criteria for the enhancement of behavioral risk factor surveys at the state and local levels; (5) delivers timely health data of high validity and reliability to states, CDC scientists, the national public health community, and the general public; (6) supports and enhances analysis and dissemination of information from the BRFSS to promote the broad use and application of BRFSS results and findings by policy and decision makers, public health professionals, and other relevant audiences through communication channels and formats appropriate to these constituencies; (7) plans and coordinates cross cutting research related to survey methodology;

(8) provides scientific leadership and guidance to surveillance programs to assure highest scientific quality and professional standards related to BRFSS; (9) provides leadership to CDC, states and other organizations to support effective and flexible population health surveillance, including rapidly emerging public health issues and threats; and (10) provides administrative and management support, as required, for states and territories including oversight of BRFSS and other grants, cooperative agreements, and reimbursable agreements.

Retitle *HIV Surveillance (CVJCE)* to HIV Surveillance Branch.

Retitle *HIV Prevention Capacity and Development Branch (CVJCH)* to HIV Prevention Capacity Development Branch.

Dia Taylor,

Chief Operating Officer (Acting), Centers for Disease Control and Prevention.

BILLING CODE 4160-18-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Community Living

Reallotment of FY 2021 Funds: Puerto Rico

AGENCY: Administration on Disabilities (AoD), Administration for Community Living (ACL), U.S. Department of Health and Human Services (HHS).

ACTION: Notice of reallotment of FY 2021 funds.

SUMMARY: The Administration on Disabilities (AoD) intends to reallot funds under the authority of the Development Disabilities Assistance and Bill of Rights Act of 2000 which states: "If the Secretary determines that an amount of an allotment to a State for a period (of a fiscal year or longer) will not be required by the State during the period for the purpose for which the allotment was made, the Secretary may reallot the amount."

DATES: Funds will be reallotted after August 13, 2021 and before September 30, 2021.

FOR FURTHER INFORMATION CONTACT: Allison Cruz, Office of Intellectual and Developmental Disabilities, Administration on Disabilities, Administration for Community Living, 330 C St. SW, Washington, DC 20201. Telephone (202) 795-7408. Email allison.cruz@acl.hhs.gov. Please note the telephone number is not toll free. This document will be made available in alternative formats upon request.

Written correspondence can be sent to Administration for Community Living, U.S. Department of Health and Human Services, 330 C St. SW, Washington, DC 20201.

SUPPLEMENTARY INFORMATION: AoD will be reallocating FY 2021 funds awarded to the State Council on Developmental Disabilities (SCDD) located within the Commonwealth of Puerto Rico. This determination is based on the limited reported expenditures and requests for reimbursement over the last several years from the SCDD in the Commonwealth of Puerto Rico.

The Puerto Rico SCDD will have up to \$1.8 million rescinded and proportionately redistributed to the remaining SCDDs. SCDDs that receive FY 2021 reallocated funds will have through the end of FY 2022 to obligate the funds and until the end of FY 2023 to liquidate the funds. Reallocated funds for the SCDDs must be used according to the terms as outlined in the FY 2021 Notice of Award for each program.

Jennifer G. Johnson,

Deputy Commissioner, Administration on Disabilities.
