

of AD 2002–08–16), whichever occurs first, remove the tie bar from service.

(ii) Thereafter following paragraph (g)(2)(i) of this AD, remove any tie bar P/N 341A31–4933–00 and –01 from service as follows:

(A) For a tie bar manufactured before 1995, remove the tie bar from service before accumulating 300 total hours TIS or 1 year since initial installation on any helicopter, whichever occurs first, and

(B) For a tie bar manufactured in 1995 or later, remove the tie bar from service before accumulating 600 total hours TIS or 2 years since initial installation on any helicopter, whichever occurs first.

(3) For tie bar P/N 704A33–633–270:

(i) Before further flight after the effective date of this AD, determine the date of initial installation on any helicopter, or if the date of initial installation cannot be determined, use the date of manufacture.

(ii) If the tie bar has accumulated 600 or more total hours TIS or 2 or more years since initial installation on any helicopter, whichever occurs first, before further flight, remove the tie bar from service.

(iii) If the tie bar has accumulated less than 600 total hours TIS or 2 years since initial installation on any helicopter, whichever occurs first, remove the tie bar from service before accumulating 600 total hours TIS or 2 years since initial installation on any helicopter, whichever occurs first.

(iv) Thereafter following paragraph (g)(3)(ii) or (iii) of this AD, remove any tie bar P/N 704A33–633–270 from service before accumulating 600 total hours TIS or 2 years since initial installation on any helicopter, whichever occurs first.

(4) As of the effective date of this AD, do not install tie bar P/N 341A31–4904–00, –01, –02, or –03; or 360A31–1097–02 or –03, on any helicopter.

(h) Special Flight Permits

Special flight permits are prohibited.

(i) Alternative Methods of Compliance (AMOCs)

(1) The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the International Validation Branch, send it to the attention of the person identified in paragraph (j)(1) of this AD. Information may be emailed to: 9-AVS-AIR-730-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

Addition of Certain Entities to the Entity List; Correction of Existing Entry on the Entity List

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: This final rule amends the Export Administration Regulations (EAR) by adding four entities to the Entity List. These four entities have been determined by the U.S. Government to be acting contrary to the foreign policy and national security interests of the United States and will be listed on the Entity List under the destination of Burma. This rule also amends the EAR by correcting the address of one entity, listed under Burma, on the Entity List.

DATES: This rule is effective July 6, 2021.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary for Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482–5991, Email: ERC@bis.doc.gov.

SUPPLEMENTARY INFORMATION:

Background

Entity List

The Entity List (supplement no. 4 to part 744 of the EAR) identifies entities for which there is reasonable cause to believe, based on specific and articulable facts, that the entities have been involved, are involved, or pose a significant risk of being or becoming involved in activities contrary to the national security or foreign policy interests of the United States. The EAR

(15 CFR parts 730–774) impose additional license requirements on, and limit the availability of most license exceptions for, exports, reexports, and transfers (in-country) to listed entities. The license review policy for each listed entity is identified in the “License Review Policy” column on the Entity List, and the impact on the availability of license exceptions is described in the relevant **Federal Register** document adding entities to the Entity List. BIS places entities on the Entity List pursuant to part 744 (Control Policy: End-User and End-Use Based) and part 746 (Embargoes and Other Special Controls) of the EAR.

The End-User Review Committee (ERC), composed of representatives of the Departments of Commerce (Chair), State, Defense, Energy and, where appropriate, the Treasury, makes all decisions regarding additions to, removals from, or other modifications to the Entity List. The ERC makes all decisions to add an entry to the Entity List by majority vote and makes all decisions to remove or modify an entry by unanimous vote.

Burma

This rule is part of an ongoing effort by the United States Government to impose restrictions on Burmese entities that support the Burmese military as part of a broader response to the February 1, 2021 coup by the military, which overthrew Burma’s democratically-elected government. On February 10, 2021, President Biden signed Executive Order (E.O.) 14014, “Blocking Property With Respect to the Situation in Burma” (E.O. 14104), in which he declared a national emergency to address the threat posed to the United States by the situation in, and in relation to, Burma following the coup. See 86 FR 9429 (Feb. 12, 2021).

Since February 2021, BIS has taken several actions under the EAR to strengthen export controls on Burma. These include the publication of “Burma: Implementation of Sanctions” (86 FR 10011) on February 18, 2021; “Burma: Implementation of Sanctions” (86 FR 13173) on March 8, 2021; “Addition of Entities to the Entity List” (86 FR 13179) on March 8, 2021; and “Expansion of Certain End-Use and End-User Controls and Controls on Specific Activities of U.S. Persons; Corrections; and Burma Sanctions” (86 FR 18433) on April 9, 2021.

ERC Entity List Decisions

Additions to the Entity List

This rule implements the decision of the ERC to add four entities to the Entity

List. The four entities are added based on § 744.11 (License requirements that apply to entities acting contrary to the national security or foreign policy interests of the United States) of the EAR. The four entities are located in Burma.

By making these Entity List additions, this final rule further strengthens export controls on Burma and addresses the foreign policy and national security concerns that formed the basis for the issuance of E.O. 14104. This rule also supports the United States Government's efforts to promote an immediate return to democracy in Burma. Specifically, BIS is adding the following four entities to the Entity List under the destination of Burma: Wanbao Mining, Ltd. and its two subsidiaries, Myanmar Wanbao Mining Copper, Ltd. and Myanmar Yang Tse Copper, Ltd.; and King Royal Technologies Co., Ltd. In particular, by adding Wanbao Mining, Ltd., Myanmar Wanbao Mining Copper, Ltd., and Myanmar Yang Tse Copper, Ltd. to the Entity List, this rule enhances the U.S. Government's efforts to ensure that items subject to the EAR are not available for copper mining operations by these three entities, which have revenue-sharing agreements with Myanmar Economic Holdings Limited (MEHL). MEHL provides revenue for Burma's Ministry of Defence, an entity responsible for the February 1, 2021 military coup. On March 8, 2021, BIS added MEHL and the Ministry of Defence to the Entity List. See 86 FR 13179 (March 8, 2021). Additionally, BIS is adding King Royal Technologies Co., Ltd., a telecommunications company, to the Entity List for providing satellite communication services in support of the Burmese military.

Pursuant to § 744.11(b) of the EAR, the ERC determined that the conduct of the above-described four entities raises sufficient concerns that prior review, via the imposition of a license requirement for exports, reexports, or transfers (in-country) of all items subject to the EAR involving these four entities and the possible issuance of license denials or the possible imposition of license conditions on shipments to these entities, will enhance BIS's ability to prevent violations of the EAR or otherwise protect U.S. national security or foreign policy interests.

For the four entities added to the Entity List in this final rule, BIS imposes a license requirement that applies to all items subject to the EAR. In addition, no license exceptions are available for exports, reexports, or transfers (in-country) to the persons being added to the Entity List in this

rule. BIS imposes a license review policy of a presumption of denial for these four entities. The acronym "a.k.a.," which is an abbreviation of 'also known as,' is used in entries on the Entity List to identify aliases, thereby assisting exporters, reexporters and transferors in identifying entities on the Entity List.

For the reasons described above, this final rule adds the following four entities to the Entity List and includes, where appropriate, aliases:

Burma

- King Royal Technologies Co., Ltd.;
- Myanmar Wanbao Mining Copper, Ltd.;
- Myanmar Yang Tse Copper, Ltd.;
- and
- Wanbao Mining, Ltd.

Correction to the Entity List

This final rule implements a correction to one existing entry on the Entity List for an entity that was added to the Entity List under the destination of Burma on March 8, 2021 (86 FR 13180, March 8, 2021). Specifically, BIS is correcting the entry for Myanmar Economic Corporation by changing the address to refer to "Burma."

Savings Clause

Shipments of items removed from eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR) as a result of this regulatory action that were en route aboard a carrier to a port of export, reexport, or transfer (in-country), on July 6, 2021, pursuant to actual orders for export, reexport, or transfer (in-country) to or within a foreign destination, may proceed to that destination under the previous eligibility for a License Exception or export, reexport, or transfer (in-country) without a license (NLR).

Export Control Reform Act of 2018

On August 13, 2018, the President signed into law the John S. McCain National Defense Authorization Act for Fiscal Year 2019, which included the Export Control Reform Act of 2018 (ECRA) (50 U.S.C. 4801–4852). ECRA provides the legal basis for BIS's principal authorities and serves as the authority under which BIS issues this rule.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits

(including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to or be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and commodity classification, and carries a burden estimate of 29.6 minutes for a manual or electronic submission for a total burden estimate of 31,835 hours. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. Pursuant to section 1762 of the Export Control Reform Act of 2018, this action is exempt from the Administrative Procedure Act (5 U.S.C. 553) requirements for notice of proposed rulemaking, opportunity for public participation, and delay in effective date.

5. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT
24 CFR Part 11
[Docket No. FR–6192–F–02]
RIN 2501–AD93
Implementing Executive Order 13992, Revocation of Certain Executive Orders Concerning Federal Regulation
AGENCY: Office of General Counsel, HUD.
ACTION: Final rule.
SUMMARY: On November 10, 2020, the U.S. Department of Housing and Urban Development (HUD, or the Department) published an interim final rule that implemented Executive Order 13891, “Promoting the Rule of Law Through

Improved Agency Guidance Documents.” This order required Federal agencies to publish regulations to codify processes and procedures for issuing guidance documents. HUD created new regulations that outlined HUD policy and procedures for issuing guidance documents. On January 20, 2021, President Biden issued Executive Order 13992, “Revocation of Certain Executive Orders Concerning Federal Regulation” which, among other things, revoked Executive Order 13891. After considering the public comments HUD received in response to its interim final rule and given the revocation of Executive Order 13891, this final rule removes the regulations HUD created in January.
