We invite interested parties to comment on these preliminary results.

DATES: Applicable July 7, 2021.

SUPPLEMENTARY INFORMATION:

Background

On August 6, 2020, Commerce initiated the administrative review of

the antidumping duty order on glycine from India.¹ On March 25, 2021, Commerce extended the time limit for these preliminary results to June 30, 2021, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act).²

Scope of the Order

The merchandise subject to the order is glycine. For a complete description of the scope of this administrative review, see the Preliminary Decision Memorandum.³

Methodology

Commerce is conducting this review in accordance with section 751(a)(2) of the Act. Export price and constructed export price are calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our

Rates for Non-Selected Respondents

The statute and Commerce's regulations do not address the establishment of a rate to be applied to companies not selected for examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a market economy investigation, for guidance when calculating the rate for companies which were not selected for individual examination in an administrative review. For the respondents that were not selected for individual examination in this administrative review, we have assigned to them the simple average of the margins for Avid Organics Private Limited and Kumar Industries/Rudraa International, consistent with the guidance in section 735(c)(5)(B) of the Act.⁴

Preliminary Results of Review

We preliminarily determine that the following estimated weighted-average dumping margins exist for the period October 31, 2018, through May 31, 2020.

Producer/exporter	Estimated weighted-average dumping margin (percent)
Avid Organics Private Limited	0.00
Kumar Industries/Rudraa International	13.61
Mulji Mehta Enterprises	6.81
Mulji Mehta Pharma	6.81
Paras Intermediates Private Ltd	6.81
Studio Disrupt	6.81

Organics Private Limited or Kumar Industries/Rudraa International is not zero or *de minimis* in the final results of this review, we will calculate, for each company, an importer-specific assessment rate on the basis of the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of such sales in accordance with 19 CFR 351.212(b)(1).⁹ If any of these companies' weighted-average dumping margin is zero or *de minimis* in the final results of review, or if an importer-specific assessment rate for one of these companies is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regards to antidumping duties.¹⁰ For entries of subject merchandise during the period of review produced by any of these companies for which it did not know its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries.¹¹

Consistent with its recent notice,¹² Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication). The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise under review and for future cash deposits of estimated antidumping duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of final results of administrative review for all shipments of glycine from India entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2) of the Act: (1) The cash deposit

rate for companies subject to this review will be equal to the company-specific weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by a company not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will be 7.23 percent, the all-others rate established in the less-than-fair-value investigation, adjusted for the export-subsidy rate in the companion countervailing duty investigation.¹³ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221.

Dated: June 30, 2021.
