

The TPSC prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf) format. If the submission is in another file format, please indicate the name of the software application in the 'Type Comment' field. File names should reflect the name of the person or entity submitting the comments. Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the comment itself, rather than submitting them as separate files. Submissions should not exceed 30 single-spaced, standard letter-size pages in 12-point type, including attachments.

You will receive a tracking number upon completion of the submission procedure *Regulations.gov*. The tracking number is confirmation that *Regulations.gov* received the submission. Keep the confirmation for your records. The TPSC is not able to provide technical assistance for the website. The TPSC may not consider documents you do not submit in accordance with these instructions. If you are unable to provide submissions as requested, please contact Magaly Garcia, Director for Bolivia, Ecuador, and the Caribbean, at magaly.a.garcia@ustr.eop.gov or 202-395-9597 to arrange for an alternative method of transmission.

IV. Business Confidential Submissions

If you ask the TPSC to treat information you submitted as business confidential information (BCI), you must certify that the information is business confidential and that you would not customarily release it to the public. You must clearly designate BCI by marking the submission 'BUSINESS CONFIDENTIAL' at the top and bottom of the cover page and each succeeding page, and indicating, via brackets, the specific information that is BCI. Additionally, you must include 'Business Confidential' in the 'type comment' field. For any submission containing BCI, you separately must submit a non-confidential version (*i.e.*, an additional submission indicating where BCI has been redacted). The TPSC will post the non-confidential version in the docket and it will be open to public inspection.

V. Public Viewing of Review Submissions

The TPSC will post comments in the docket for public inspection, except business confidential information. You can view comments on *Regulations.gov*

by entering the relevant docket number in the search field on the home page. You can find general information about the Office of the United States Trade Representative on its website: <http://www.ustr.gov>.

BILLING CODE 3290-F1-P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA-2016-0086]

Petition for Waiver of Compliance

Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that on June 11, 2021, Kansas City Southern Railway Company (KCS) petitioned the Federal Railroad Administration (FRA) to join an existing waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR parts 232 (Brake System Safety Standards for Freight and Other Non-Passenger Trains and Equipment; End-Of-Train Devices), and 229 (Railroad Locomotive Safety Standards). The relevant FRA Docket Number is FRA-2016-0086.

Specifically, KCS requests to join a waiver previously granted to CSX Transportation (CSX) and BNSF Railway (BNSF), and be granted relief from 49 CFR 232.205(c)(1)(iii), *Class I brake test-initial terminal inspection*, and 229.29(b), *Air brake system calibration, maintenance, and testing*, related to air flow method (AFM) indicator calibration intervals. The relief granted to CSX and BNSF allows the railroads to test extending the AFM test intervals from 92 days to 184 days on locomotives equipped with the New York Air Brake (NYAB) CCB-II air brake systems. KCS seeks to form a test waiver team operating under the current test committee overseeing the relief in FRA-2016-0086 to test 376 NYAB CCBII-equipped locomotives owned by KCS. KCS states that it has been an active member of the Association of American Railroads Locomotive Committee and is familiar with the work performed by the FRA-2016-0086 test committee.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.
