BILLING CODE 6325-38-P

the Dodd-Frank Act requires the OMWI Director to include in the Commission's procedures for evaluating contract proposals and hiring service providers a written statement that the contractor shall ensure, to the maximum extent possible, the fair inclusion of women and minorities in the workforce of the contractor and, as applicable, subcontractors. To implement the acquisition-specific requirements of Section 342(c)(2) of the Dodd-Frank Act, the Commission adopted a Contract Standard for Contractor Workforce Inclusion (Contract Standard).

The Contract Standard, which is included in the Commission's solicitations and resulting contracts for services with a dollar value of \$100,000 or more, contains a "collection of information" within the meaning of the Paperwork Reduction Act. The Contract Standard requires that a Commission contractor provide documentation, upon request from the OMWI Director, to demonstrate that it has made good faith efforts to ensure the fair inclusion of minorities and women in its workforce and, as applicable, to demonstrate its covered subcontractors have made such good faith efforts. The documentation requested may include, but is not limited to: (1) The total number of employees in the contractor's workforce, and the number of employees by race, ethnicity, gender, and job title or EEO-1 job category (e.g., EEO-1 Report(s)); (2) a list of covered subcontract awards under the contract that includes the dollar amount of each subcontract, date of award, and the subcontractor's race, ethnicity, and/or gender ownership status; (3) the contractor's plan to ensure the fair inclusion of minorities and women in its workforce, including outreach efforts; and (4) for each covered subcontractor, the information requested in items 1 and 3 above. The OMWI Director will consider the information submitted in evaluating whether the contractor or subcontractor has complied with its obligations under the Contract Standard.

The information collection is mandatory.

Estimated number of respondents: Based on a review of the last two full fiscal years since the last approval of this information collection, the Commission estimates that 175 contractors² would be subject to the Contract Standard. Approximately 102 of these contractors have 50 or more

² Unless otherwise specified, the term "contractors" refers to contractors and subcontractors.

¹ 12 U.S.C. 5452.

employees, while 73 have fewer than 50 employees.

Estimate of recordkeeping burden: The information collection under the Contract Standard imposes no new recordkeeping burdens on the estimated 102 contractors that have 50 or more employees. Such contractors are generally subject to recordkeeping and reporting requirements under the regulations implementing Title VII of the Civil Rights Act³ and Executive Order 11246 (“E.O. 11246”).⁴ Their contracts and subcontracts must include the clause implementing E.O. 11246—FAR 52.222–26, Equal Opportunity. In addition, contractors that have 50 or more employees (and a contract or subcontract of \$50,000 or more) are required to maintain records on the race, ethnicity, gender, and EEO-1 job category of each employee under Department of Labor regulations implementing E.O. 11246.⁵ The regulations implementing E.O. 11246 also require contractors that have 50 or more employees (and a contract or subcontract of \$50,000 or more) to demonstrate that they have made good faith efforts to remove identified barriers, expand employment opportunities, and produce measurable results,⁶ and to develop and maintain a written program, which describes the policies, practices, and procedures that the contractor uses to ensure that applicants and employees receive equal opportunities for employment and advancement.⁷ In lieu of developing a separate plan for workforce inclusion, a contractor may submit its existing written program prescribed by the E.O. 11246 regulations as part of the documentation that demonstrates the contractor’s good faith efforts to ensure the fair inclusion of minorities and women in its workforce. Thus, approximately 102 contractors are already required to maintain the information that may be requested under the Contract Standard.

The estimated 73 contractors that employ fewer than 50 employees are required under the regulations implementing E.O. 11246 to maintain records showing the race, ethnicity and gender of each employee. We believe that these contractors also keep job title information during the normal course of business. However, contractors that have fewer than 50 employees may not have the written program prescribed by

the E.O. 11246 regulations or similar plan that could be submitted as part of the documentation to demonstrate their good faith efforts to ensure the fair inclusion of women and minorities in their workforces. Accordingly, contractors with fewer than 50 employees may have to develop a plan to ensure workforce inclusion of minorities and women.

In order to estimate the burden on contractors associated with developing a plan for ensuring the inclusion of minorities and women in their workforces, we considered the burden estimates for developing the written programs required under the regulations implementing E.O. 11246.⁸ Based on OMWI’s review of the plans and other documentation submitted by contractors with fewer than 50 employees to demonstrate compliance with the Contract Standard, we believe such contractors would require approximately 25 percent of the hours that contractors of similar size spend on developing the written programs required under the E.O. 11246 regulations. Accordingly, we estimate that contractors would spend about 18 hours of employee resources to develop a plan for workforce inclusion of minorities and women. This one-time implementation burden annualized would be 438 hours. After the initial development, we estimate that each contractor with fewer than 50 employees would spend approximately 8 hours each year updating and maintaining its plan for workforce inclusion of minorities and women. The Commission estimates that the annualized recurring burden associated with the information collection would be 365 hours. Thus, the Commission estimates the annual recordkeeping burden for such contractors would total 803 hours.

The Contract Standard requires contractors to maintain information about covered subcontractors’ ownership status, workforce demographics, and workforce inclusion plans. Contractors would request this

information from their covered subcontractors, who would have an obligation to keep workforce demographic data and maintain plans for workforce inclusion of minorities and women because the Contract Standard is included in their subcontracts. Based on data describing recent Commission subcontractor activity, we believe that few subcontractors will have subcontracts under Commission service contracts with a dollar value of \$100,000 or more.⁹ These subcontractors may already be subject to similar recordkeeping requirements as principal contractors. Consequently, we believe that any additional requirements imposed on subcontractors would not significantly add to the burden estimates discussed above.

Estimate of Reporting Burden

With respect to the reporting burden, we estimate that it would take all contractors on average approximately one hour to retrieve and submit to the OMWI Director the documentation specified in the proposed Contract Standard. We expect to request documentation from up to 50 contractors each year and therefore we estimate the total annual reporting burden to be 50 hours.

Written comments are invited on: (a) Whether this collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication. Please direct your written comments to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549 or send an email to: PRA-Mailbox@sec.gov.

⁸ According to the Supporting Statement for the OFCCP Recordkeeping and Requirements-Supply Service, OMB Control No. 1250–0003 (“Supporting Statement”), it takes approximately 73 burden hours for contractors with 1–100 employees to develop the initial written program required under the regulations implementing E.O. 11246. We understand the quantitative analyses prescribed by the Executive Order regulations at 41 CFR part 60–2 are a time-consuming aspect of the written program development. As there is no requirement to perform these types of quantitative analyses in connection with plan for workforce inclusion of minorities and women under the Contract Standard, we believe the plan for workforce inclusion will take substantially fewer hours to develop. The Supporting Statement is available at reginfo.gov.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-92308; File No. SR-NYSE-2021-37]

Self-Regulatory Organizations; New York Stock Exchange LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Reformat the Section of the NYSE Price List Setting Forth Credits Applicable to Supplemental Liquidity Providers

July 1, 2021.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (“Act”)² and Rule 19b-4 thereunder,³ notice is hereby given that, on June 21, 2021, New York Stock Exchange LLC (“NYSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to reformat the section of the NYSE Price List

setting forth Credits Applicable to Supplemental Liquidity Providers (“SLPs”) without any substantive changes. The Exchange proposes to implement the fee changes effective immediately. The proposed rule change is available on the Exchange’s website at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to reformat the section of the NYSE Price List setting forth Credits Applicable to SLPs without any substantive changes. The Exchange proposes to implement the fee changes effective immediately.

The Exchange proposes the following non-substantive changes to reorganize and enhance the presentation in the

Price List in order to add clarity and transparency, thereby making the Price List easier to navigate.

First, the Exchange would delete the current presentation of the SLP rates and requirements except for the basic rate, which would remain unchanged. The Exchange would also delete footnotes **, 8 and + that, as discussed below, would be relocated to new section marked “General.” Footnote 8 would be marked “Reserved” to preserve the current footnote numbering in the Price List. Footnotes 9 and 10, which do not appear in the current SLP section of the Price List, would remain unchanged.

Second, the Exchange proposes a table presentation of the current SLP rates and requirements. The proposed changes would appear in the Price List in two tables. The first table would appear under the new heading “SLP Adding Tiers” and the phrase “For SLP symbols that meet the 10% average quoting requirement in an assigned security pursuant to Rule 107B, other than MPL Orders, in securities with a per share price of \$1.00 or more:” from the current Price List. The table would summarize the current rates and requirements for SLP Tiers for Adding Liquidity (SLP Step Up, SLP Tier 5, SLP Tier 4, SLP Tier 3, SLP Tier 2, SLP Tier 1A and SLP Tier [sic]) and set forth the requirements and the tiered display credits and non-tiered display credits. The requirements and credits are unchanged. The proposed changes would appear as follows in the Price List:

	Minimum requirements		Tiered display credit	Tiered non display credit
Tier for adding liquidity	SLP adding ADV % Tape A CADV			
SLP Step Up	0.085% over April 2018 Baseline		\$(0.0018)	\$(0.0001)
SLP Tier 5	0.65% and 0.85% including Non SLP and 250,000 ADV in Retail Price Improvement Orders		(0.00310)	(0.00120)
SLP Tier 4	First 2 calendar months as an SLP OR	0.03% and averaging less than 0.01% in each of the prior 3 months.	(0.0029)	(0.00105)
SLP Tier 3	0.20%		(0.0023)	(0.0006)
SLP Tier 2	0.45%		(0.0026)	(0.0009)
SLP Tier 1A	0.60%		(0.00275)	(0.00105)
SLP Tier 1	0.90%	0.75% if qualifying for SLP Cross Tape Incentive Tier 1.	(0.0029)	(0.0012)
