A. Disclosure of Greenhouse Gas (GHG) Emissions

- Does your organization measure and report Scope 1 and Scope 2 GHG emissions in line with the GHG Protocol Corporate Standard or equivalent? If not the GHG Protocol, which standard(s) are used?
- Does your organization currently report Scope 3 GHG emissions? If so, which Scope 3 categories are reported and which methodologies and/or standards are used?
- Does your organization publicly report your GHG results either through a third-party organization or as part of an external corporate sustainability report?
- Does your organization disclose its GHG emissions inventory on an annual basis? If so, where or by what platform?
- Does your organization set and disclose targets for GHG emissions reduction and/or science-based targets? If so, are these targets reviewed or verified by a third party?
- Does your organization report climate risk-related information as part of your standard financial reporting disclosures?
- Would your organization be willing to participate in a pilot program involving voluntary disclosure of actual GHG emissions and GHG emission targets?

B. Environmental, Social, and Governance (ESG)—General

- Does your organization participate in ESG reporting? If so, which sustainability standards or platforms does your organization use (e.g., Carbon Disclosure Project (CDP), Global Reporting Initiative (GRI), Science Based Targets Initiative (SBTI), Supplier Ethical Data Exchange (SEDEX))?
- What is the role of third-party verification in your ESG activities?
- Does your organization’s ESG-related reporting include accounting for and addressing disparate impacts on disadvantaged communities and communities of color?
- Does your organization’s ESG-related reporting include creation of jobs associated with the shift away from carbon-intensive energy sources?

C. Supply Chain GHG and Risk Management

- Does your organization have the ability to provide customers with GHG emissions information specific to their purchases or contracts? If so, at what level can your organization provide this information (e.g., by customer on an annual basis, contract, Item)?
- Does your organization collect GHG emissions information from your suppliers? If so, what systems, standards, or instruments are used to collect this information? If so, how is this information used?
- Do you require your suppliers to set GHG emissions reduction targets or related targets (e.g., energy efficiency, clean electric power)?

SUPPLEMENTARY INFORMATION:

I. Background

This system of records supports the SECO and MyCAA Programs, which make resources and tools available to help military spouses with career exploration and discovery, career education and training, employment readiness, and career connections at any point within the military spouse’s career. The DoD SECO Program, with the addition of the MyCAA Program, will assist military spouses in pursuing licenses, certificates, certifications or Associate’s degrees in general studies, liberal arts, and interdisciplinary studies that do not have a concentration) necessary for gainful employment in high demand, high-growth portable career fields and occupations. The system allows the spouse to build a profile including their contact information, education, and employment data. The system allows the spouse to save information over time to easily prepopulate it into tools such as resume builders and career and education planning resources. Records in this system may also be used as a management tool for statistical analysis, tracking, reporting, evaluating program effectiveness, conducting research, and for surveys to inform departmental decisions on military support and benefits policy.

Subject to public comment, the DoD proposes to update this SORN to add the standard DoD routine uses (routine uses A through I) and to allow for additional disclosures outside DoD related to the purpose of this system of records. Additionally, the following sections of the DPR 46 SORN are also being changed: System name, system location, authority, purpose, categories of records, record source categories, retrieval of records, retention and disposal of records, safeguards, contesting records, notification procedures, and history.

DoD SORNs have been published in the Federal Register and are available from the address in FOR FURTHER INFORMATION CONTACT or at the Defense Privacy, Civil Liberties, and Transparency Division (DPC LTD) website at https://dpcltd.defense.gov/Privacy/.

II. Privacy Act

Under the Privacy Act, a “system of records” is a group of records under the control of an agency from which information is retrieved by the name of an individual or by some identifying number, symbol, or other identifying particular assigned to the individual. In the Privacy Act, an individual is defined as a U.S. citizen or lawful permanent resident.

In accordance with 5 U.S.C. 552a(r) and Office of Management and Budget (OMB) Circular No. A–108, DPC LTD has provided a report of this system of records to the OMB and to Congress.

Dated: June 28, 2021.

Aaron T. Siegel,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

SYSTEM NAME AND NUMBER:

Military Spouse Education and Career Opportunities (SECO) and Career Advancement Account Scholarship (MyCAA) Programs, DPR 46.

SECURITY CLASSIFICATION:

Unclassified.

SYSTEM LOCATION:

Defense Information Systems Agency (DISA), Defense Enterprise Computing Centers (DECC) Montgomery, 401 East Moore Drive, Maxwell Air Force Base, AL 36114–3000. Information may also be stored within a government-certified cloud, in accordance with policy established by the Department’s Chief Information Officer (CIO), 6000 Defense Pentagon, Washington, DC 20301–6000.

SYSTEM MANAGER(S):

Director, Military Community Support Programs, SECO Program Manager, Military Community and Family Policy (MC&FP), 4800 Mark Center Drive, Alexandria, VA 22350–2300; email: osd.msepjobs@mail.mil, phone: 571–372–5314.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

PURPOSE OF THE SYSTEM:

A. To support the operation of the SECO program, which is the primary source of education, career, employment counseling, and scholarship financial assistance for all military spouses, and the SECO website, which delivers the resources and tools necessary to assist military spouses with career exploration/discovery, career education and training, employment readiness, and career connections.

B. To support the operation of the MyCAA program, which provides a record of educational endeavors and progress of military spouses participating in education services and manages tuition assistance scholarship, tracks enrollments and funding, and facilitates communication with participants.

C. To support statistical analysis, tracking, reporting, program effectiveness evaluations, research, and surveys to inform departmental decisions on military support and benefits policy.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Participating spouses of members of the United States Armed Forces (military spouses).

CATEGORIES OF RECORDS IN THE SYSTEM:

A. Concerning the military spouse: Name, DoD ID number, date of birth, gender, contact information such as address, email address, and phone numbers; years as military spouse; previous work experience, education, certificates and licenses; skills, abilities, and competencies; user account information and any unique identifying user number assigned to the military spouse. Information about program-related activity such as education training plan, career goal, and course/educational institution enrollment and status information; financial assistance information; academic evaluations and/or transcripts from schools, and education test results from testing agencies.

B. Concerning the military sponsor: Name, pay grade, current projected date of separation, branch of service, service eligibility, permanent change of station location, and time in service.
RECORD SOURCE CATEGORIES:
The military spouse and/or sponsor; transcripts and/or evaluations from schools and test results from testing agencies; the Defense Enrollment Eligibility Reporting System (DEERS).

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSES OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. 552a(b) of the Privacy Act of 1974, as amended, the records contained herein may specifically be disclosed outside the DoD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

A. To contractors, grantees, experts, consultants, students, and others performing or working on a contract, service, grant, cooperative agreement, or other assignment for the federal government when necessary to accomplish an agency function related to this system of records.
B. To the appropriate federal, state, local, territorial, tribal, or foreign, or international law enforcement authority or other appropriate entity where a record, either alone or in conjunction with other information, indicates a violation or potential violation of law, whether criminal, civil, or regulatory in nature.
C. To any component of the Department of Justice for the purpose of representing the DoD, or its components, officers, employees, or members in pending or potential litigation to which the record is pertinent.
D. In an appropriate proceeding before a court, grand jury, or administrative or adjudicative body or official, when the DoD or other Agency representing the DoD determines that the records are relevant and necessary to the proceeding; or in an appropriate proceeding before an administrative or adjudicative body when the adjudicator determines the records to be relevant to the proceeding.
E. To the National Archives and Records Administration for the purpose of records management inspections conducted under authority of 44 U.S.C. 2904 and 2906.
F. To a Member of Congress or staff acting upon the Member’s behalf when the Member or staff requests the information on behalf of, and at the request of, the individual who is the subject of the record.
G. To appropriate agencies, entities, and persons when (1) the DoD suspects or confirms a breach of the system of records; (2) the DoD determines as a result of the suspected or confirmed breach there is a risk of harm to individuals, the DoD (including its information systems, programs, and operations), the Federal Government, or national security; and (3) the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with the DoD’s efforts to respond to the suspected or confirmed breach or to prevent, minimize, or remedy such harm.
H. To another Federal agency or Federal entity, when the DoD determines that information from this system of records is reasonably necessary to assist the recipient agency or entity in (1) responding to a suspected or confirmed breach or (2) preventing, minimizing, or remedying the risk of harm to individuals, the recipient agency or entity (including its information systems, programs and operations), the Federal Government, or national security, resulting from a suspected or confirmed breach.
I. To such recipients and under such circumstances and procedures as are mandated by Federal statute or treaty.
J. To authorized DoD contractors and grantees for the purpose of supporting research studies concerned with the education of military spouses participating in DoD-funded spouses education programs in non-identifiable form.
K. To civilian educational institutions where the participant is enrolled, for the purposes of ensuring correct enrollment and billing information.
L. To the Department of Veterans Affairs, to the Department of Education, Consumer Financial Protection Bureau, and the Department of Justice for the purpose of ensuring prospective students are provided appropriate information regarding their options under, eligibility for, and costs associated with Federal military and veterans’ educational benefits programs.

POLICIES AND PRACTICES FOR STORAGE OF RECORDS:
Records are maintained in electronic storage media. Electronic records may be stored in agency-owned cloud environments; or in vendor Cloud Service Offerings certified under the Federal Risk and Authorization Management Program (FedRAMP).

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:
Information in this system may be retrieved by name, DoD ID number, or MyC-AA profile number.

POLICIES AND PRACTICES FOR RETENTION AND DISPOSAL OF RECORDS:
A. SECO user accounts and records are deleted after 3 consecutive years of inactivity.

B. MyC-AA records are destroyed 10 years after notification of separation, retirement, or discharge of the spouse’s sponsor/service member.

ADMINISTRATIVE, TECHNICAL, AND PHYSICAL SAFEGUARDS:
Unauthorized access to records is low due to the system being hosted on a DoD Risk Management Framework lifecycle cybersecurity infrastructure. Electronic records are maintained on a military installation in a secure building in a controlled area accessible only to authorized personnel. Physical entry is restricted by the use of locks and passwords and administrative procedures which are changed periodically. The system is designed with access controls, comprehensive intrusion detection, and virus protection. Access to personally identifiable information is role based and restricted to those requiring the data in the performance of their official duties and upon completing annual information assurance and privacy training. Records are encrypted during transmission to protect session information and at rest. Encrypted random tokens are implemented to protect against session hijacking attempts.

RECORD ACCESS PROCEDURES:
Individuals seeking access to their records should follow the procedures in 32 CFR part 310. Individuals should address written inquires to the Office of the Secretary of Defense/Joint Staff Freedom of Information Act Requester Service Center, 1155 Defense Pentagon, Washington, DC 20301–1155. Signed, written requests should include the individual’s full name, DoD ID number, current address, and telephone number and this system of records notice number. In addition, the requester must provide either a notarized signature or an unsworn declaration made in accordance with 28 U.S.C. 1746, in the following format: “I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature).”

If executed outside the United States: “I declare (or certify, verify, or state) under penalty of perjury under the laws of the United States of America that the foregoing is true and correct. Executed on (date). (Signature).”

CONTESTING RECORD PROCEDURES:
The DoD rules for accessing records, contesting contents, and appealing initial agency determinations are contained in 32 CFR part 310.
DEPARTMENT OF ENERGY

Notice of Request for Information (RFI) Regarding Hydropower Incentive Program Definitions

ACTION: Request for information (RFI).

SUMMARY: The U.S. Department of Energy (DOE) invites public comment on its Request for Information (RFI) number DE-FOA–0002511 regarding a proposed definition for areas in which there is inadequate electric service. This is a new application requirement added to DOE’s hydropower incentive program through the Energy Act of 2020. DOE’s Office of Energy Efficiency and Renewable Energy (EERE) Water Power Technologies Office (WPTO) seeks input on the proposed definition, which will apply to DOE’s hydropower incentive program.

DATES: Responses to the RFI must be received no later than 11:59 p.m. EST on September 7, 2021.

ADDRESSES: Interested parties are to submit comments electronically to hydropower@ee.doe.gov. Include definition of “an area in which there is inadequate electric service” concerning Section 242 in the subject of the title. Only electronic responses will be accepted. The complete RFI is located at https://eere-exchange.energy.gov/.

FOR FURTHER INFORMATION CONTACT: Questions may be addressed to Corey Vezina, email at hydropower@ee.doe.gov or phone number (240) 562–1382. Further instruction can be found in the RFI document posted on EERE Exchange.

SUPPLEMENTARY INFORMATION: The purpose of this RFI is to solicit feedback from industry, academia, research laboratories, government agencies, and other stakeholders on issues related to the proposed definition of “an area in which there is inadequate electric service.” WPTO is updating its application requirements for the hydropower incentive program authorized under Section 242 of the Energy Policy Act of 2005 (Pub. L. 109–58), 42 U.S.C. 15881. Section 3005 of the Energy Act of 2020 (Pub. L. 116–260) amended Section 242 of the Energy Policy Act of 2005 by expanding the definition of a qualified hydropower facility to include certain facilities “constructed in an area in which there is inadequate electric service.” To define this term, section 3005 requires the Secretary to take into consideration (a) access to the electric grid; (b) the frequency of electric outages; or (c) the affordability of electricity. EERE is specifically interested in identifying potential issues or conflicts that may arise from applying the proposed definition during the application review process. This is solely a request for information and not a Funding Opportunity Announcement. EERE is not accepting applications at this time. Confidential Business Information: According to 10 CFR 1004.11, any person submitting information that he or she believes to be confidential and exempt by law from public disclosure should submit via email, postal mail, or hand delivery two well-marked copies: One copy of the document marked “confidential” including all the information believed to be confidential, and one copy of the document marked “non-confidential” with the information believed to be confidential deleted. Submit these documents via email or on a CD, if feasible. DOE will make its own determination about the confidential status of the information and treat it according to its determination.

It is DOE’s policy that all comments may be included in the public docket, without change and as received, including any personal information provided in the comments (except information deemed to be exempt from public disclosure). Signing Authority: This document of the Department of Energy was signed on June 17, 2021, by Kelly Speakes-Backman, Principal Deputy Assistant Secretary and Acting Assistant Secretary for Energy Efficiency and Renewable Energy, pursuant to delegated authority from the Secretary of Energy. That document with the original signature and date is maintained by DOE. For administrative purposes only, and in compliance with requirements of the Office of the Federal Register, the undersigned DOE Federal Register Liaison Officer has been authorized to sign any amendment in electronic format for publication, as an official document of the Department of Energy. This administrative process in no way alters the legal effect of this document upon publication in the Federal Register.

Signed in Washington, DC, on July 2, 2021.

Treena V. Garrett,
Federal Register Liaison Officer, U.S. Department of Energy.
