[Docket No. CP21-466-000]

Columbia Gas Transmission, LLC; Notice of Request Under Blanket Authorization and Establishing Intervention and Protest Deadline

Take notice that on June 22, 2021, Columbia Gas Transmission, LLC (Columbia), 700 Louisiana Street, Suite 700, Houston, Texas 77002-2700, filed in the above referenced docket a prior notice pursuant to Section 157.205 and 157.216 of the Federal Energy Regulatory Commission's regulations under the Natural Gas Act and the blanket certificate issued to Columbia by the Commission in Docket No. CP83-

76-000,¹ seeking for authorization to abandon four injection/withdrawal wells, their associated pipelines and appurtenances, located in its Donegal and Dundee Storage Fields in Washington County, Pennsylvania and Schuylker County, New York. These abandonments will include the abandonment in-place and by-removal of associated pipelines shown in detail on a table in the application. Columbia states that the abandonment will: (1) Reduce public risk of unintended gas release from deteriorating wellheads and pipelines; (2) reduce the risk of customer gas being lost from reservoirs due to deteriorating subsurface conditions; and (3) eliminate the need for future expenditures associated with these assets. Further, Columbia avers that the proposed abandonments will not affect any firm service to any existing customers, all as more fully set forth in the request which is on file with the Commission and open to public inspection.
