Dated: July 6, 2021.

Aaron T. Siegel,
Alternate OSD Federal Register Liaison Officer, Department of Defense.

[FR Doc. 2021–14646 Filed 7–8–21; 8:45 am]

BILLING CODE 5001–06–P

DEPARTMENT OF EDUCATION

Applications for New Awards; Teacher and School Leader Incentive Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education (Department) is issuing a notice inviting applications for fiscal year (FY) 2021 for the Teacher and School Leader Incentive Program (TSL). Assistance Listing Number 84.374A. This notice relates to the approved information collection under OMB control number 1810–0758.

DATES: Applications available: July 9, 2021.

Pre-application webinars: The Office of Elementary and Secondary Education intends to post pre-recorded informational webinars designed to provide technical assistance to interested applicants for TSL grants. These informational webinars will be available on the TSL web page shortly after this notice is published in the Federal Register.

Deadline for optional notice of intent to apply: July 30, 2021.

Deadline for intergovernmental review: October 12, 2021.

ADDRESSES: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3708), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/FR-2019-02-13.pdf.

FOR FURTHER INFORMATION CONTACT:
Orman Feres, U.S. Department of Education, 400 Maryland Avenue SW, Room 3C140, Washington, DC 20202–5960. Telephone: (202) 453–6921. Email: orman.feres@ed.gov or TSL@ed.gov.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of TSL is to assist States, local educational agencies (LEAs), and nonprofit organizations to develop, implement, improve, or expand comprehensive Performance-Based Compensation Systems (PBCS) or Human Capital Management Systems (HCMS) for teachers, principals, and other School Leaders (educators) (especially for educators in High-Need Schools who raise student growth and academic achievement and close the achievement gap between high- and low-performing students). In addition, a portion of TSL funds may be used to study the effectiveness, fairness, quality, consistency, and reliability of PBCS or HCMS for educators.

Background: TSL is authorized under section 2212 of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA).

The FY 2021 TSL competition is designed to support entities in implementing, improving, or expanding their HCMS, which by definition must include a PBCS, or implementing, improving, or expanding only a PBCS. Absolute Priority 1 is consistent with this purpose. TSL is also intended to primarily serve educators in High-Need Schools who raise student academic achievement and close the achievement gap between high- and low-performing students, although the program may also fund services for educators serving in high-need subject areas (though not necessarily in High-Need Schools), as determined by the LEA or the State.

It is well established that teacher effectiveness contributes greatly to student academic outcomes, yet there is variation in teacher effectiveness within and across schools, including significant inequity in students’ access to effective teachers, particularly for students from low-income backgrounds, students of color, English learners, and students with disabilities. As such, it is essential to attract and retain a well-qualified, experienced, effective, and diverse pool of skilled educators who are prepared to teach diverse learners (e.g., through co-teaching models, dual certifications, universal design for learning), particularly in High-Need Schools.

Many States and LEAs have worked to create and improve their comprehensive HCMS, and LEAs have invested in high-quality educator evaluation and support systems in order to improve recruitment and retention efforts, provide educators with meaningful feedback and targeted evidence-based professional development, and use information across multiple indicators of educator performance to inform key school- and district-level decisions. In contrast to earlier Teacher Incentive Fund (TIF) competitions, the Department, in the 2017 and 2020 TSL competitions, as well as the 2016 Teacher Incentive Fund (TIF) competition, funded projects that encompassed broader HCMS, including spending decisions related to professional development, that supported sustainable performance-based compensation. These competitions focused on projects under which grantees deployed a variety of human capital management strategies throughout an educator’s career trajectory (e.g., from pre-service through retention) to help support and sustain grantees’ HCMS. For example, several grantees in these cohorts developed and implemented career ladders to give educators opportunities for leadership and advancement inside and outside the classroom, using program funds to supplement the salaries of master mentor teachers.

Thus, through the two absolute priorities included in this notice, the Department seeks to ensure that this competition supports States and LEAs in their efforts to implement goals and objectives in ESEA concomitant State plans as well as lessons learned from close to two decades of investment and research in HCMS and PBCS.

The Department has established a new definition of High-Need Schools that clarifies the requirement that TSL program activities primarily serve High-Need Schools, and Absolute Priority 2 addresses the extent to which TSL-funded grant project activities are concentrated in High-Need Schools. The Department established the definition and priority based on lessons learned from recent TSL competitions, which highlighted the need to better target the
program to educators and students in High-Need Schools.

In addition to Absolute Priority 2, which reinforces the need to serve educators primarily in High-Need Schools, this notice includes two competitive preference priorities aimed at diversifying and strengthening the educator workforce. Competitive Preference Priority 1, Supporting Educators and their Professional Growth, emphasizes the importance of promoting the continued development and growth of educators, including through leadership opportunities. This competitive preference priority focuses on activities that are designed to attract and retain a well-qualified, experienced, effective, and diverse pool of skilled educators. Competitive Preference Priority 2, Increasing Educator Diversity, highlights the critical need to increase the diversity of the educator workforce, to help ensure equity in our education system for the benefit of all students. This competitive preference priority focuses on activities that are designed to address educator diversity through a broader lens of equity and inclusion, with an emphasis on outreach, recruitment, preparation, support, and retention.

Priorities: This notice contains two absolute priorities and two competitive preference priorities. In accordance with 34 CFR 75.105(b)(2)(iv), Absolute Priority 1 is from ESEA section 8101(44), Absolute Priority 2 is from the TSL notice of final priority and definition published elsewhere in this issue of the Federal Register (TSL NFP). In accordance with 34 CFR 75.105(b)(2)(iii), Competitive Preference Priorities 1 and 2 are from the Effective Educator Development (EED) notice of final priorities published elsewhere in this issue of the Federal Register (EED NFP).

Absolute Priority: For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(3), we consider only applications that meet both absolute priorities.

These priorities are:

**Absolute Priority 1: Human Capital Management Systems (HCMS) or Performance Based Compensation Systems (PBCS).**

Under this priority, eligible applicants must propose a project to develop, implement, improve, or expand, in collaboration with teachers, principals, other School Leaders, and members of the public, a PBCS or HCMS. Applicants that propose to use grant funds, under ESEA section 2212(e)(2)(A), to develop or improve an evaluation and support system as part of an HCMS, in responding to this priority, must describe how such system—

(a) Reflects clear and fair measures of educator performance, based in part on demonstrated improvement in student academic achievement; and

(b) Provides educators with ongoing, differentiated, targeted, and personalized support and feedback for improvement, including professional development opportunities designed to increase effectiveness.

**Absolute Priority 2: High-Need Schools.**

Under this priority, eligible applicants must concentrate proposed activities on teachers, principals, or other School Leaders serving in High-Need Schools.

In order to demonstrate that the TSL project is concentrated in High-Need Schools, the applicant must—

(a) Provide the requested data in paragraph (c) of this priority to demonstrate that at least the majority of the schools participating in the proposed project are High-Need Schools and describe how the TSL-assisted grant activities are focused on those schools;

(b) Include a list of all schools in which the proposed TSL-funded project would be implemented and indicate which schools are High-Need Schools; and

(c) Provide the most recently available school-level data supporting each school’s designation as a High-Need School.

**Competitive Preference Priorities:** For FY 2021 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities.

Under 34 CFR 75.105(c)(2)(i), we award up to 5 points to an application, depending on how well the application meets Competitive Preference Priority 1. We award up to an additional 5 points to an application depending on how well the application meets Competitive Preference Priority 2. An application may be awarded a maximum of 10 additional points under the competitive preference priorities.

These priorities are:

**Competitive Preference Priority 1—Supporting Educators and Their Professional Growth.** (up to 5 points)

Projects that are designed to increase the number and percentage of well-prepared, experienced, effective, and diverse educators—which may include one or more of the following: Teachers, principals, administrators, or other School Leaders as defined in section 8101(44) of the ESEA—through Evidence-Based strategies incorporating one or more of the following:

(a) Adopting, implementing, or expanding efforts to recruit, select, prepare, support, and develop talented individuals—to serve as mentors, instructional coaches, principals, or School Leaders in High-Need Schools who have the knowledge and skills to significantly improve instruction.

(b) Implementing practices or strategies that support High-Need Schools in recruiting, preparing, hiring, supporting, developing, and retaining qualified, experienced, effective, and diverse educators.

(c) Increasing the number of teachers with State or national advanced educator certification or certification in a teacher shortage area, as determined by the Secretary, such as special education or bilingual education.

(d) Providing high-quality professional development opportunities to all educators in High-Need Schools on meeting the needs of diverse learners, including students with disabilities and English learners.

**Competitive Preference Priority 2—Increasing Educator Diversity.** (up to 5 points)

Under this priority, applicants must develop projects that are designed to improve the recruitment, outreach, preparation, support, development, and retention of a diverse educator workforce through adopting, implementing, or expanding one or more of the following:

(a) Educator candidate support and preparation strategies and practices focused on underrepresented teacher candidates, and which may include “grow your own programs,” which typically recruit middle or high school students, paraprofessionals, or other school staff and provide them with clear pathways and intensive support to enter the teaching profession.

(b) Professional growth and leadership opportunities for diverse educators, including opportunities to influence school, district, or State policies and practices in order to improve educator diversity.

(c) High-quality professional development on addressing bias in instructional practice and fostering an inclusive, equitable, and supportive workplace and school climate for educators.

(d) Data systems, timelines, and action plans for promoting inclusive and bias-free human resources practices that promote and support development of educator and school leader diversity.

**Application Requirements:** For FY 2021 and any subsequent year in which we make awards from the list of
unfunded applications from this competition, the following application requirements from ESEA section 2212(c) apply.

Each eligible applicant desiring a grant under this program must submit an application that contains—

(i) A description of the PBCS or HCMS that the eligible entity proposes to develop, implement, improve, or expand through the grant;

(ii) A description of the most significant gaps or insufficiencies in student access to effective educators in High-Need Schools, including gaps or inequities in how effective educators are distributed across the LEA, as identified using factors such as data on school resources, staffing patterns, school environment, educator support systems, and other school-level factors;

(iii) A description and evidence of the support and commitment from educators, which may include charter School Leaders, in the school (including organizations representing educators), the community, and the LEA to the activities proposed under the grant;

(iv) A description of how the eligible entity will develop and implement a fair, rigorous, valid, reliable, and objective process to evaluate educator performance under the system that is based in part on measures of student academic achievement, including the baseline performance against which evaluations of improved performance will be made;

(v) A description of the LEAs or schools to be served under the grant, including student academic achievement, demographic, and socioeconomic information;

(vi) A description of the effectiveness of educators in the LEA and the schools to be served under the grant and the extent to which the system will increase the effectiveness of educators in such schools;

(vii) A description of how the eligible entity will use grant funds under this subpart in each year of the grant, including a timeline for implementation of such activities;

(viii) A description of how the eligible entity will continue the activities assisted under the grant after the grant period ends;

(ix) A description of the State, local, or other public or private funds that will be used to supplement the grant, including funds under Title II, part A of the ESEA, and sustain the activities assisted under the grant after the end of the grant period;

(x) A description of the rationale for the project; how the proposed activities are Evidence-Based; and, if applicable, the prior experience of the eligible entity in developing and implementing such activities; and

(xi) A description of how grant activities will be evaluated, monitored, and publicly reported.

Definitions: The definitions of “Human Capital Management System” and “Performance-Based Compensation System” are from section 2211 of the ESEA. The definitions of "Evidence-Based" and "School Leader" are from section 8101 of the ESEA (20 U.S.C. 7801). The definition of "Baseline," "Demonstrates a Rationale," "Experimental Study," "Logic Model," "Moderate Evidence," "Project Component," "Promising Evidence," "Quasi-Experimental Design study," "Relevant Outcome," "Strong Evidence," and "What Works Clearinghouse Handbooks (WWC Handbooks)" are from 34 CFR 77.1. The definition of “High-Need School” is from the TSL NFPE. These definitions apply to the FY 2021 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition. Baseline means the starting point from which performance is measured and targets are set.

Demonstrates a Rationale means a key Project Component included in the project’s Logic Model is informed by research or evaluation findings that suggest the Project Component is likely to improve Relevant Outcomes.

Evidence-Based, when used with respect to a State, LEA, or school activity, means an activity, strategy, or intervention that—

(1) Demonstrates a statistically significant effect on improving student outcomes or other Relevant Outcomes based on—

(i) Strong Evidence from at least one well-designed and well-implemented Experimental Study;

(ii) Moderate Evidence from at least one well-designed and well-implemented Quasi-Experimental Design Study; or

(iii) Promising Evidence from at least one well-designed and well-implemented correlational study with statistical controls for selection bias; or

(A) Demonstrates a Correlation based on high-quality research findings or positive evaluation that such activity, strategy, or intervention is likely to improve student outcomes or other Relevant Outcomes; and

(2) Includes ongoing efforts to examine the effects of such activity, strategy, or intervention.

Experimental Study means a study that is designed to compare outcomes between two groups of individuals (such as students) that are otherwise equivalent except for their assignment to either a treatment group receiving a Project Component or a control group that does not. Randomized controlled trials, regression discontinuity design studies, and single-case design studies are the specific types of experimental studies that, depending on their design and implementation (e.g., sample attrition in randomized controlled trials and regression discontinuity design studies), can meet What Works Clearinghouse (WWC) standards without reservations as described in the WWC Handbooks:

(1) A randomized controlled trial employs random assignment of, for example, students, teachers, classrooms, or schools to receive the Project Component being evaluated (the treatment group) or not to receive the Project Component (the control group).

(2) A regression discontinuity design study assigns the Project Component being evaluated using a measured variable (e.g., assigning students reading below a cutoff score to tutoring or developmental education classes) and controls for that variable in the analysis of outcomes.

(3) A single-case design study uses observations of a single case (e.g., a student eligible for a behavioral intervention) over time in the absence and presence of a controlled treatment manipulation to determine whether the outcome is systematically related to the treatment.

High-Need School means a school with 50 percent or more of its enrollment from low-income families as calculated using—

(1) The number of children eligible for a free or reduced-price lunch under the National School Lunch Program (NSLP) (or, if an LEA does not participate in the NSLP, comparable data from another source such as a survey);

(2) If an LEA has one or more schools that participate in the Community Eligibility Provision (CEP) of the NSLP, for any of its schools (i.e., CEP and non-CEP schools), the method in paragraph (1) of this definition or an alternative method approved by the Department; and

(3) For middle and high schools, data from feeder schools that can establish that the middle or high school is a High-Need School under paragraph (1) or (2) of this definition.

Human Capital Management System (HCMS) means a system—

(1) By which an LEA makes and implements human capital decisions, such as decisions on preparation, recruitment, hiring, placement, retention, dismissal, compensation,
professional development, tenure, and promotion; and

(2) That includes a performance-based compensation system.

Logic Model (also referred to as a theory of action) means a framework that identifies key Project Components of the proposed project (i.e., the active “ingredients” that are hypothesized to be critical to achieving the Relevant Outcomes) and describes the theoretical and operational relationships among the key Project Components and Relevant Outcomes.

Moderate Evidence means that there is evidence of effectiveness of a key Project Component in improving a Relevant Outcome for a sample that overlaps with the populations or settings proposed to receive that component, based on a relevant finding from one of the following:

(1) A practice guide prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “strong evidence base” or “moderate evidence base” for the corresponding practice guide recommendation;

(2) An intervention report prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “positive effect” or “potentially positive effect” on a Relevant Outcome based on a “medium to large” extent of evidence, with no reporting of a “negative effect” or “potentially negative effect” on a Relevant Outcome; or

(3) A single Experimental Study or Quasi-Experimental Design Study reviewed and reported by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks, or otherwise assessed by the Department using version 4.1 of the WWC Handbooks, as appropriate, and that—

(i) Meets WWC standards with or without reservations; (ii) Includes at least one statistically significant and positive (i.e., favorable) effect on a relevant outcome; (iii) Includes no overriding statistically significant and negative effects on relevant outcomes reported in the study or in a corresponding WWC intervention report prepared under version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks; and

(iv) Is based on a sample from more than one site (e.g., State, county, city, school district, or postsecondary campus) and includes at least 350 students or other individuals across sites. Multiple studies of the same Project Component that each meet requirements in paragraphs (3)(i), (ii), and (iii) of this definition may together satisfy the requirement in this paragraph (3)(iv).

Performance-Based Compensation System (PBCS) means a system of compensation for teachers, principals, or other School Leaders—

(1) That differentiates levels of compensation based in part on measurable increases in student academic achievement; and

(2) Which may include—

(i) Differentiated levels of compensation, which may include bonus pay, on the basis of the employment responsibilities and success of effective teachers, principals, or other School Leaders in hard-to-staff schools or high-need subject areas; and

(ii) Recognition of the skills and knowledge of teachers, principals, or other School Leaders as demonstrated through—

(A) Successful fulfillment of additional responsibilities or job functions, such as teacher leadership roles; and

(B) Evidence of professional achievement and mastery of content knowledge and superior teaching and leadership skills.

Project Component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual Project Component or to a combination of Project Components (e.g., training teachers on instructional practices for English learners and follow-on coaching for these teachers).

Promising Evidence means that there is evidence of the effectiveness of a key Project Component in improving a Relevant Outcome for a sample that overlaps with the populations and settings proposed to receive that component, based on a relevant finding from one of the following:

(1) A practice guide prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “strong evidence base” for the corresponding practice guide recommendation;

(2) An intervention report prepared by the WWC reporting a “positive effect” or “potentially positive effect” on a Relevant Outcome with no reporting of a “negative effect” or “potentially negative effect” on a Relevant Outcome; or

(3) A single study assessed by the Department, as appropriate, that—

(i) Is an Experimental Study, a Quasi-Experimental Design Study, or a well-designed and well-implemented correlational study with statistical controls for selection bias (e.g., a study using regression methods to account for differences between a treatment group and a comparison group); and

(ii) Includes at least one statistically significant and positive (i.e., favorable) effect on a Relevant Outcome.

Quasi-Experimental Design Study means a study using a design that attempts to approximate an Experimental Study by identifying a comparison group that is similar to the treatment group in important respects. This type of study, depending on design and implementation (e.g., establishment of baseline equivalence of the groups being compared), can meet WWC standards with reservations, but cannot meet WWC standards without reservations, as described in the WWC Handbooks.

Relevant Outcome means the student outcome(s) or other outcome(s) the key Project Component is designed to improve, consistent with the specific goals of the program.

School Leader means a principal, assistant principal, or other individual who is—

(1) An employee or officer of an elementary school or secondary school, LEA, or other entity operating an elementary school or secondary school; and

(2) Responsible for the daily instructional leadership and managerial operations in the elementary school or secondary school building.

Strong Evidence means that there is evidence of the effectiveness of a key Project Component in improving a Relevant Outcome for a sample that overlaps with the populations and settings proposed to receive that component, based on a relevant finding from one of the following:

(1) A practice guide prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “strong evidence base” for the corresponding practice guide recommendation;

(2) An intervention report prepared by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks reporting a “positive effect” on a Relevant Outcome based on a “medium to large” extent of evidence, with no reporting of a “negative effect” or “potentially negative effect” on a Relevant Outcome; or

(3) A single Experimental Study reviewed and reported by the WWC using version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks, or otherwise assessed by the Department using version 4.1 of the WWC Handbooks, as appropriate, and that—

(i) Meets WWC standards without reservations; (ii) Includes at least one statistically significant and positive (i.e., favorable) effect on a Relevant Outcome; and

(iii) Includes no overriding statistically significant and negative effects on Relevant Outcomes reported in the study or in a corresponding WWC intervention report prepared under
version 2.1, 3.0, 4.0, or 4.1 of the WWC Handbooks; and
(iv) Is based on a sample from more than one site (e.g., State, county, city, school district, or postsecondary campus) and includes at least 350 students or other individuals across sites. Multiple studies of the same Project Component that each meet requirements in paragraphs (3)(ii), (ii), and (iii) of this definition may together satisfy the requirement in this paragraph (3)(iv).

What Works Clearinghouse (WWC) Handbooks (WWC Handbooks) means the standards and procedures set forth in the WWC Standards Handbook, Versions 4.0 or 4.1, and WWC Procedures Handbook, Versions 4.0 or 4.1, or in the WWC Procedures and Standards Handbook, Version 3.0 or Version 2.1 (all incorporated by reference, see § 77.2). Study findings eligible for review under WWC standards can meet WWC standards with reservations, or not meet WWC standards. WWC practice guides and intervention reports include findings from systematic reviews of evidence as described in the Handbooks documentation.

Note: The What Works Clearinghouse Procedures and Standards Handbook (Version 3.0), as well as the more recent What Works Clearinghouse Handbooks released in October 2017 (Version 4.0) and January 2020 (Version 4.1), are available at https://ies.ed.gov/ncee/wwc/Handbooks.

Program Authority: Sections 2211–2213 of the ESEA.

Note: Projects will be awarded and must be operated in a manner consistent with the nondiscrimination requirements contained in Federal civil rights laws.

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) TSL NFP. (e) EED NFP.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants.

Estimated Available Funds: $88,060,000 for new awards.

Contingent upon the availability of funds and the quality of applications, we may make additional awards in subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards: $500,000 to $8.5 million.

Note: The Department estimates a wide range of awards, given the potentially large differences in the scope of funded projects, including the size and number of participating LEAs.

Estimated Average Size of Awards: $4,000,000.

Estimated Number of Awards: 20–25.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months.

III. Eligibility Information

1. Eligible Applicants:
   (a) An LEA, including a charter school that is an LEA, or a consortium of LEAs; 2
   (b) A State educational agency (SEA) or other State agency designated by the Chief Executive of a State to participate; (c) The Bureau of Indian Education; or (d) A partnership 3 consisting of—
      (i) One or more agencies described in paragraph (a), (b), or (c); and
      (ii) At least one nonprofit organization as defined in 2 CFR 200.70 or at least one for-profit entity.

Note: An LEA may receive (whether individually or as part of a consortium or partnership) a grant under the TSL program only twice.

Note: The Secretary considers all schools funded by the Department of Interior’s Bureau of Indian Education to be LEAs, and the funds that these schools receive from the Department of Interior’s annual appropriation to be neither Federal nor State funds. Further, the prohibition against supplanting also means that grantees seeking to charge indirect costs to TSL funds will need to use their negotiated restricted indirect cost rates. See 34 CFR 75.56 for more information.

2. a. Cost Sharing or Matching: Under section 2212(f) of the ESEA, each grant recipient must provide from non-Federal sources an amount equal to 50 percent of the amount of the grant (which may be provided in cash or in kind), to carry out the activities supported by the grant. Applicants and grantees should budget relative to each annual award of TSL grant funds. Applicants are strongly encouraged to take this requirement into account when requesting Federal funds and limit their requests appropriately. Applicants and grantees should verify that their budgets reflect both the requested Federal award amount and the matching contribution with appropriate cost allocations. TSL Matching Formula: Total Project Cost multiplied by .67 equals Federal Award Amount.

b. Supplement-Not-Supplant: This program involves supplement-not-supplant funding requirements. In accordance with section 2212(g) of the ESEA, funds made available under this program must be used to supplement, and not supplant, other Federal or State funds that would otherwise be expended to carry out activities under this program. The Secretary considers all schools funded by the Department of Interior’s Bureau of Indian Education to be LEAs, and the funds that these schools receive from the Department of Interior’s annual appropriation to be neither Federal nor State funds. Further, the prohibition against supplanting also means that grantees seeking to charge indirect costs to TSL funds will need to use their negotiated restricted indirect cost rates. See 34 CFR 75.56 for more information.

c. Indirect Cost Rate Information: This program uses a restricted indirect cost rate. For more information regarding indirect costs, or to obtain a negotiated indirect cost rate, please see www2.ed.gov/about/offices/list/ocfo/intro.html.

d. Administrative Cost Limitation: This program does not include any program-specific limitation on administrative expenses. All administrative expenses must be reasonable and necessary and conform to Cost Principles described in 2 CFR part 200 subpart E of the Uniform Guidance.

   2 Consistent with ESEA section 2212(b)(3), an LEA may receive a TSL grant (whether individually or as part of an eligible consortium or partnership) only twice.

   3 See id.
3. Subgrantees: Under 34 CFR 75.708(b) and (c), a grantee under this competition may award subgrants to directly carry out project activities described in its application to the following types of entities: LEAs, SEAs, nonprofit organizations or for-profit organizations. The grantee may award subgrants to entities it has identified in an approved application.

4. Renewal: Under section 2212(b)(2) of the ESEA, the Secretary may renew a grant awarded under this section for up to two additional years if the grantee demonstrates to the Secretary that the grantee is effectively using funds. Such renewal may include allowing the grantee to scale up or replicate the successful program.

Note: During the third year of the project period for grants awarded under this competition, if the Department exercises the option to offer an opportunity for renewals, the Department will provide grantees with information on the renewal process. This additional funding is intended not only to support continuation of approved project activities, but also to encourage scaling, replication, and sustainability efforts and strategies. In making decisions on whether to award a two-year renewal award, we intend to review performance data submitted in regularly required reporting, as well as potentially request narrative information to be assessed using selection criteria from 34 CFR 75.210.

IV. Application and Submission Information

1. Application Submission Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf, which contain requirements and information on how to submit an application.

2. Submission of Proprietary Information: Given the types of projects that may be proposed in applications for TSL, your application may include business information that you consider proprietary. In 34 CFR 5.11, we define “business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended). Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information. Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under “Other Attachments Form,” please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this program. Please note that, under 34 CFR 79.8(a), we have shortened the standard 60-day intergovernmental review period in order to make awards by the end of FY 2021.

4. Funding Restrictions: We reference regulations outlining funding restrictions in the Applicable Regulations section of this notice.

5. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 40 pages and (2) use the following standards:
   • A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
   • Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnote, references, and captions, as well as all text in charts, tables, figures, and graphs.
   • Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
   • Use one of the following fonts: Times New Roman, Courier, Calibri, or Arial.

   The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

6. Notice of Intent to Apply: The Department will be able to review grant applications more efficiently if we know the approximate number of applicants who intend to apply. Therefore, we strongly encourage each potential applicant to notify us of the applicant’s intent to submit an application. To do so, please email TSL@ed.gov with the subject line “Intent to Apply,” and include the applicant’s name and contact person’s name and email address by July 30, 2021. Applicants that do not submit a notice of intent to apply may still apply for funding: applicants that do submit a notice of intent to apply are not bound to apply or bound by the information provided.

V. Application Review Information

1. Selection Criteria: The following selection criteria for this competition are from 34 CFR 75.210. The maximum score for all of the selection criteria is 100 points. The maximum score for each criterion is included in parentheses following its title.
   (a) Need for project (25 points)
      (1) The Secretary considers the need for the proposed project.
      (2) In determining evidence of the need for the proposed project, the Secretary considers the following factors:
         (i) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses.
         (ii) The extent to which the proposed project will integrate with or build on similar or related efforts to improve Relevant Outcomes using existing funding streams from other programs or policies supported by community, State, and Federal resources.
         (iii) The extent to which the proposed project is part of a comprehensive effort to improve teaching and learning and support rigorous academic standards for students.
      (iv) The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs.
   (b) Quality of the project design (30 points)
      (1) The Secretary considers the quality of the design of the proposed project.
      (2) In determining the quality of the design of the proposed project, the Secretary considers the following factors:
         (i) The extent to which the proposed project Demonstrates a Rationale.
         (ii) The extent to which the design of the proposed project includes a thorough, high-quality review of the relevant literature, a high-quality plan for project implementation, and the use of appropriate methodological tools to ensure successful achievement of project objectives.
         (iii) The extent to which the methods of evaluation will provide performance...
feedback and permit periodic assessment of progress toward achieving intended outcomes.

(c) **Quality of the management plan** (20 points)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks.

(d) **Adequacy of resources** (25 points)

(1) The Secretary considers the adequacy of resources for the proposed project.

(2) In determining the adequacy of resources for the proposed project, the Secretary considers the following factors:

   (i) The likelihood that the proposed project will result in system change or improvement.

   (ii) The extent to which the proposed project is likely to build local capacity to provide, improve, or expand services that address the needs of the target population.

   (iii) The extent to which the applicant demonstrates that it has the resources to operate the project beyond the length of the grant, including a multi-year financial and operating model and accompanying plan; the demonstrated commitment of any partners; evidence of broad support from stakeholders (e.g., SEAs, teachers’ unions) critical to the project’s long-term success; or more than one of these types of evidence.

2. **Review and Selection Process:** We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. **Risk Assessment and Specific Conditions:** Consistent with 2 CFR 200.206, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 200.208, the Secretary may impose specific conditions, and under 2 CFR 3474.10 in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. **Integrity and Performance System:**

   (a) If you apply for a Federal award, you must have an integrity and performance system that includes—

   (i) A written policy and procedure developed in consultation with—

   (A) The Office of Management and Budget;

   (B) The Department of Justice;

   (C) The Department of Commerce, Office of the Chief Information Officer;

   (D) The Federal Acquisition Service.

   (ii) A policy and procedure for disposing of contract awards, contracts, or property with excess or unsuitable value in a timely manner, and making referrals to the Department of Justice, Office of the Inspector General,

   (iii) A policy and procedure that provides for a risk assessment and specific conditions, which includes—

   (A) A procedure for identifying high-risk applicants;

   (B) A procedure for identifying high-risk grants;

   (C) A procedure for identifying high-risk conditions;

   (D) A procedure for resolving disputes.

   (b) A policy and procedure for investigating any claim of fraud or other wrongdoing in connection with Federal awards.

   (c) A policy and procedure to ensure that the Federal award recipient has an effective fraud prevention plan.

   (d) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (e) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (f) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (g) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (h) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (i) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (j) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (k) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (l) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (m) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (n) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (o) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (p) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (q) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (r) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (s) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (t) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (u) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (v) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (w) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (x) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (y) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (z) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (AA) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (BB) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (CC) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (DD) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (EE) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (FF) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (GG) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (HH) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (II) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (JJ) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (KK) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (LL) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (MM) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (NN) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (OO) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (PP) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (QQ) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (RR) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (SS) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (TT) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (UU) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (VV) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (WW) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (XX) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (YY) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (ZZ) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (AAA) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (BBB) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (CCC) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (DDD) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (EEE) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.

   (FFF) A policy and procedure to ensure that the Federal award recipient has an effective internal control over financial reporting.
necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/app/apply/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

Note: In addition, under 34 CFR 75.591, all TSL grantees must cooperate in any evaluation of the program conducted by the Department.

5. Performance Measures: The goal of TSL is to support educators, particularly those in High-Need Schools, to raise student academic achievement and close the achievement gap between high- and low-performing students. We have established performance measures for this program: (a) The percentage of teachers and School Leaders within the TSL-assisted schools rated effective or higher by their districts’ evaluation and support systems; (b) the percentage of teachers and School Leaders across the participating district(s) that show improvements, over the previous year, on the student growth component of their evaluation rating; (c) the percentage of teachers and School Leaders within the TSL-assisted schools that show improvements, over the previous year, on the student growth component of their evaluation rating; (d) the percentage of teachers and School Leaders in TSL-assisted schools for whom evaluation ratings were used to inform decisions regarding recruitment, hiring, placement, retention, dismissal, professional development, tenure, promotion, or all of the above; (e) the percentage of teachers and School Leaders within the participating district(s) who earned performance-based compensation based on their individual evaluation ratings; (g) the number of teachers receiving performance compensation disaggregated by race, gender, and where available, disability status; (h) the number of School Leaders receiving performance compensation disaggregated by race, gender, and where available, disability status; and (i) the number of teachers receiving performance compensation for leadership responsibilities disaggregated by race, gender, and where available, disability status.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, whether the grantee has made substantial progress in achieving the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Other Information

Accessible Format: On request to the program contact person listed under FOR FURTHER INFORMATION CONTACT, individuals with disabilities can obtain this document and a copy of the application package in an accessible format. The Department will provide the requester with an accessible format that may include Rich Text Format (RTF) or text format (txt), a thumb drive, an MP3 file, braille, large print, audiotape, or compact disc, or other accessible format.

Electronic Access to This Document: The official version of this document is the document published in the Federal Register. You may access the official edition of the Federal Register and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the Federal Register, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site. You may also access documents of the Department published in the Federal Register by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Ian Rosenblum,
Deputy Assistant Secretary for Policy and Programs Delegated the Authority to Perform the Functions and Duties of the Assistant Secretary, Office of Elementary and Secondary Education.

DEPARTMENT OF ENERGY

Future of Energy Codes Workshop; Reopening of the Public Comment Period

ACTION: Reopening of the public comment period.

SUMMARY: The U.S. Department of Energy (DOE) is reopening the public comment period for the request for public comments on its public stakeholder workshop on the Future of Energy Codes held June 22 and 24, 2021. DOE published notice of the workshop on June 14, 2021 and requested comments by July 8, 2021. On June 30, 2021, DOE received a request from the American Gas Association, American Public Gas Association, National Association of Home Builders, and National Propane Gas Association to extend the public comment period by 45 days. DOE is reopening the public comment period until July 31, 2021.

DATES: The comment period associated with the Future of Energy Codes Workshop, held on June 22 and 24, 2021 (86 FR 31491) is reopened. DOE will accept stakeholder comments and feedback from the Workshop on or before July 31, 2021.

ADDRESSES: Interested persons are encouraged to submit comments using the Federal eRulemaking Portal at www.regulations.gov. Follow the instructions for submitting comments. Alternatively, interested persons may submit comments, identified by docket number EERE–2021–BT–BC–0013 by any of the following methods:

2. Email: To buildingenergycodes workshop2021BCC0013@ee.doe.gov. Include docket number EERE–2021–BT–
