### Foreign-Trade Zones Board

[B-51-2021]

#### Foreign-Trade Zone (FTZ) 84—Houston, Texas; Notification of Proposed Production Activity; Schlumberger Technology Corporation, Reslink Product Center (Sand Screens and Related Accessories); Baytown and Houston, Texas

Schlumberger Technology Corporation, Reslink Product Center (STC Reslink) submitted a notification of proposed production activity to the FTZ Board for its facilities in Baytown and Houston, Texas. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on July 1, 2021.

STC Reslink already has authority to produce sand screens and related accessories within Subzone 84AA. The current request would add a foreign status material/component to the scope of authority. Pursuant to 15 CFR 400.14(b), additional FTZ authority would be limited to the specific foreign-status material/component described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt STC Reslink from customs duty payments on the foreign-status material/component used in export production. On its domestic sales, for the foreign-status material/component noted below, STC Reslink would be able to choose the duty rates during customs entry procedures that apply to sand screens (with or without filters), swell packers, joint adapters (bottom or top), and jumper tubes (duty rate ranges from duty-free to 5.0%). STC Reslink would be able to avoid duty on foreign-status components which become scrap/waste. Customs duties also could possibly be deferred or

reduced on foreign-status production equipment.

The material/component sourced from abroad is cold-rolled stainless steel sheet metal with punched holes (duty-free). The request indicates that the material/component is subject to duties under Section 232 of the Trade Expansion Act of 1962 (Section 232) and Section 301 of the Trade Act of 1974 (Section 301), depending on the country of origin. The applicable Section 232 and Section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: [ftz@trade.gov](mailto:ftz@trade.gov). The closing period for their receipt is August 23, 2021.

A copy of the notification will be available for public inspection in the "Reading Room" section of the Board's website, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz).

**SUMMARY:** The Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty (CVD) order on aluminum wire and cable from the People's Republic of China (China) for the period of review (POR) April 8, 2019, through December 31, 2019.

#### SUPPLEMENTARY INFORMATION:

##### Background

On December 2, 2020, Commerce published in the **Federal Register** a notice of opportunity to request an administrative review of the CVD order on aluminum wire and cable from China covering the POR.<sup>1</sup> On December 31, 2020, Commerce received timely requests for review of several companies from Encore Wire Corporation (Encore) and Southwire Company LLC

<sup>1</sup> See *Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review*, 85 FR 77433 (December 2, 2020) (*Opportunity Notice*).

(collectively, the petitioners),<sup>2</sup> and separately, Repwire LLC (Repwire).<sup>3</sup>

On February 4, 2020, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), Commerce published in the **Federal Register** a notice initiating an administrative review of ICF Cable and Jin Tiong Electrical Materials Manufacturer PTE. Limited (Jin Tiong) (collectively, the Companies Subject to the Review).<sup>4</sup> On February 10, 2021, we notified interested parties that information from U.S. Customs and Border Protection (CBP)'s database, which is comprised of actual U.S. entries of subject merchandise, indicated that there were no POR entries of aluminum wire and cable from China that are subject to CVD duties with respect to the Companies Subject to the Review.<sup>5</sup> We invited interested parties to comment on the CBP Entry Data.<sup>6</sup> On February 18, 2021, Encore submitted comments in response to the CBP Entry Data, alleging that ICF Cable exported Chinese-origin subject merchandise to the United States during the POR, and requested that Commerce select ICF Cable as a mandatory respondent in the instant review.<sup>7</sup>

On March 26, 2021, we requested that CBP confirm whether any shipments of aluminum wire and cable from China, produced and/or exported by ICF Cable or Jin Tiong entered the United States during the POR.<sup>8</sup> On April 1, 2021, CBP confirmed that there were no shipments of subject merchandise produced and/or exported by ICF Cable or Jin Tiong during the POR.<sup>9</sup> We invited interested parties to comment on CBP's

Confirmation of No Shipments.<sup>10</sup> On April 19, 2021, Encore submitted timely comments in response to CBP's Confirmation of No Shipments.<sup>11</sup> In its comments, Encore reiterated its claim that ICF Cable made sales, shipments, and/or exports of aluminum wire and cable produced in China during the POR without paying applicable cash deposits, and requested that Commerce issue a quantity and value questionnaire to ICF Cable.<sup>12</sup> Our analysis of the record leads us to conclude that there are no reviewable entries of aluminum wire and cable from China during the POR. For a full discussion of the comments raised by Encore and our analysis, see the Rescission Memorandum.<sup>13</sup>

### Rescission of Review

It is Commerce's practice to rescind an administrative review of a CVD order, pursuant to 19 CFR 351.213(d)(3), when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.<sup>14</sup> Normally, upon completion of an administrative review, the suspended entries are liquidated at the CVD assessment rate calculated for the review period.<sup>15</sup> Therefore, for an administrative review to be conducted, there must be a reviewable, suspended entry that Commerce can instruct CBP to liquidate at the CVD assessment rate calculated for the review period.<sup>16</sup> Accordingly, in the absence of suspended entries of subject merchandise during the POR for either of the companies named in the *Initiation Notice*, we are hereby rescinding this administrative review in accordance with 19 CFR 351.213(d)(3).

### Assessment Rates

Commerce will instruct CBP to assess countervailing duties on all appropriate entries. Because Commerce is rescinding this review in its entirety, the entries to which this administrative review pertained shall be assessed at rates equal to the cash deposit of estimated countervailing duties required
