

**ACTION:** Notice.

**SUMMARY:** The Commission hereby gives notice of the scheduling of expedited reviews pursuant to the Tariff Act of 1930 (“the Act”) to determine whether revocation of the countervailing and antidumping duty orders on certain seamless carbon and alloy steel standard, line, and pressure pipe from China would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

**DATES:** May 7, 2021.

**FOR FURTHER INFORMATION CONTACT:** Alejandro Orozco (202–205–3177), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202–205–1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202–205–2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

**SUPPLEMENTARY INFORMATION:**

*Background.*—On May 7, 2021, the Commission determined that the domestic interested party group response to its notice of institution (86 FR 7740, February 1, 2021) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant conducting full reviews.<sup>1</sup> Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Please note the Secretary’s Office will accept only electronic filings at this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-

based filings or paper copies of any electronic filings will be accepted until further notice.

*Staff report.*—A staff report containing information concerning the subject matter of the reviews will be placed in the nonpublic record on July 16, 2021, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission’s rules.

*Written submissions.*—As provided in section 207.62(d) of the Commission’s rules, interested parties that are parties to the reviews and that have provided individually adequate responses to the notice of institution,<sup>2</sup> and any party other than an interested party to the reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before July 23, 2021 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by July 23, 2021. However, should the Department of Commerce (“Commerce”) extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce’s final results is three business days after the issuance of Commerce’s results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s *Handbook on Filing Procedures*, available on the Commission’s website at [https://www.usitc.gov/documents/handbook\\_on\\_filing\\_procedures.pdf](https://www.usitc.gov/documents/handbook_on_filing_procedures.pdf), elaborates upon the Commission’s procedures with respect to filings.

In accordance with sections 201.16(c) and 207.3 of the rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

<sup>2</sup> The Commission has found a joint response to its notice of institution on behalf of (1) United States Steel Corporation; (2) Vallourec Star, L.P.; (3) BENTELER Steel/Tube Manufacturing Corp.; and (4) Tenaris Bay City, Inc./IPSCO Tubulars Inc., domestic producers of certain seamless carbon and alloy steel standard, line, and pressure pipe, to each be individually adequate. Comments from other interested parties will not be accepted (*see* 19 CFR 207.62(d)(2)).

*Determination.*—The Commission has determined these reviews are extraordinarily complicated and therefore has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B).

**Authority:** These reviews are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.62 of the Commission’s rules.

By order of the Commission.

Issued: July 7, 2021.

**SUPPLEMENTARY INFORMATION:** Effective December 15, 2020, the Commission established a general schedule for the conduct of the final phase of its investigations on seamless carbon and alloy steel standard, line, and pressure pipe from Czechia, Korea, Russia, and Ukraine<sup>1</sup> following preliminary determinations by the U.S. Department

<sup>1</sup> A record of the Commissioners’ votes is available from the Office of the Secretary and at the Commission’s website.

<sup>1</sup> 85 FR 86946, December 31, 2020.

of Commerce (“Commerce”) that imports of seamless carbon and alloy steel standard, line, and pressure pipe from Korea and Russia were being subsidized by the governments of Korea and Russia and imports of seamless carbon and alloy steel standard, line, and pressure pipe from Czechia were being sold in the United States at less than fair value (“LTFV”).<sup>2</sup> Notice of the scheduling of the final phase of the Commission’s investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on December 31, 2020, (85 FR 86946). In light of the restrictions on access to the Commission building due to the COVID-19 pandemic, the Commission conducted its hearing through written testimony and video conference on March 4, 2021. All persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission subsequently issued its final determination that an industry in the United States was materially injured by reason of imports of seamless carbon and alloy steel standard, line, and pressure pipe from Czechia that Commerce had determined were sold at LTFV in the United States.<sup>3</sup> On July 2, 2021, Commerce issued its final affirmative determinations that imports of seamless carbon and alloy steel standard, line, and pressure pipe from Korea, Russia, and Ukraine were being sold at LTFV in the United States and subsidized by the governments of Korea and Russia.<sup>4</sup> Accordingly, the Commission currently is issuing a supplemental schedule for its antidumping and countervailing duty investigations on imports of seamless carbon and alloy steel standard, line, and pressure pipe from Korea, Russia, and Ukraine.

This supplemental schedule is as follows: The deadline for filing supplemental party comments on Commerce’s final antidumping and countervailing duty determinations is July 9, 2021. Supplemental party comments may address only Commerce’s final antidumping and countervailing duty determinations regarding imports of seamless carbon and alloy steel standard, line, and pressure pipe from Korea, Russia, and Ukraine. These supplemental final

comments may not contain new factual information and may not exceed five (5) pages in length. The supplemental staff report in the final phase of these investigations regarding subject imports from Korea, Russia, and Ukraine will be placed in the nonpublic record on July 23, 2021; and a public version will be issued thereafter.

For further information concerning these investigations see the Commission’s notice cited above and the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A and C (19 CFR part 207).

Please note the Secretary’s Office will accept only electronic filings during this time. Filings must be made through the Commission’s Electronic Document Information System (EDIS, <https://edis.usitc.gov>.) No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission’s rules, shall not be accepted unless good cause is shown for accepting such submissions, or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission’s rules, each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. The Secretary will not accept a document for filing without a certificate of service.

**Authority:** These investigations are being conducted under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.21 of the Commission’s rules.

By order of the Commission.
