§165.T09–0510 Bear Birthday Celebration, Lake Charlevoix, Boyne City, MI.

(a) Location. The following area is a temporary safety zone: All navigable water within 500 feet of the fireworks launching location in position 45°15′20.62″ N 85°03′50.33″ W (NAD 83).

(b) Definitions. As used in this section, designated representative means a Coast Guard Patrol Commander, including a Coast Guard coxswain, petty officer, or other officer operating a Coast Guard vessel and a Federal, State, and local officer designated by or assisting the Captain of the Port Sault Sainte Marie (COTP) in the enforcement of the safety zone.

(c) Regulations. (1) In accordance with the general regulations in §165.23, entry into, transiting, or anchoring within the safety zone described in paragraph (a) of this section is prohibited unless authorized by the Captain of the Port, Sault Sainte Marie or his designated representative.

(2) Before a vessel operator may enter or operate within the safety zone, they must obtain permission from the Captain of the Port, Sault Sainte Marie, or his designated representative via VHF Channel 16 or telephone at (906) 635–3233. Vessel operators given permission to enter or operate in the safety zone must comply with all orders given to them by the Captain of the Port, Sault Sainte Marie or his designated representative.

(d) Enforcement period. This section will be enforced from 9 p.m. until 11 p.m. on July 31, 2021.

Dated: July 8, 2021.

A.R. Jones,
Captain of the Port Sault Sainte Marie.

BILLING CODE 9110–04–P

DEPARTMENT OF DEFENSE
Department of the Army, Corps of Engineers

33 CFR Part 273
RIN 0710–AB36

Aquatic Plant Control

AGENCY: U.S. Army Corps of Engineers, Department of Defense.

ACTION: Final rule.

SUMMARY: This final rule removes the U.S. Army Corps of Engineers part titled Aquatic Plant Control. This part is redundant and otherwise covers internal agency operations that have no public compliance component or adverse public impact. Therefore, this part can be removed from the Code of Federal Regulations (CFR).

DATES: This rule is effective on July 14, 2021.

FOR FURTHER INFORMATION CONTACT: Mr. Jeremy Crossland at (202) 761–4259 or by email at Jeremy.M.Crossland@usace.army.mil.

SUPPLEMENTARY INFORMATION: This final rule removes from the CFR part 273 of title 33, “Aquatic Plant Control,” which prescribes policies, procedures and guidelines for research, planning and operations for the Aquatic Plant Control Program of the Corps under authority of section 104 of the Rivers and Harbors Act of 1958, as amended by section 104 of the Rivers and Harbors Act of 1962 and Section 302 of the Rivers and Harbors Act of 1965. This law, codified at 33 U.S.C. 610 has been amended several more times, most recently by section 1039(d) of the Water Resources Reform and Development Act of 2014 and section 1178(b) of the Water Resources Development Act of 2016. The Aquatic Plant Control Program is designed to deal primarily with weed infestations of major economic significance including those that have reached that stage and those that have that potential in navigable waters, tributaries, streams, connecting channels and allied waters. The regulation governs a program that manages cost-share authority between the Federal government and another governmental agency. This rule was initially published on June 3, 1976 (41 FR 22346). While the rule applies only to the Corps’ Aquatic Plant Program, it was published, at that time, in the Federal Register to aid public accessibility. The solicitation of public comment for this removal is unnecessary because the rule is out-of-date, duplicative of existing internal agency guidance, and otherwise covers internal agency operations that have no public compliance component or adverse public impact. For current public accessibility purposes, updated internal agency policy on this topic may be found in Engineer Regulation 1130–2–500, “Project Operations Partners and Support (Work Management Policies)” (available at https://www.publications.usace.army.mil/Portals/76/Publications/EngineerRegulations/ER_1130–2–500.pdf). The agency policy is only applicable to field operating activities having responsibility for the Aquatic Plant Program projects and provides guidance specific to the Corps’ control of aquatic plants.

This rule removal is being conducted to reduce confusion for the public as well as for the Corps regarding the current policy which governs the Corps’ Aquatic Plant Program. Because the regulation does not place a burden on the public, its removal does not provide a reduction in public burden or costs.

This rule is not significant under Executive Order (E.O.) 12866, “Regulatory Planning and Review.”

List of Subjects in 33 CFR Part 273

Aquatic plant control, Pesticides and pests, Waterways.

PART 273—[REMOVED]

Accordingly, by the authority of 5 U.S.C. 301, 33 CFR part 273 is removed.

Date: July 1, 2021.

Jaime A. Pinkham,
Acting Assistant Secretary of the Army (Civil Works).

BILLING CODE 4305–50–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

Air Plan Approval; Connecticut; Definitions of Emergency and Emergency Engine

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the State of Connecticut on December 20, 2019. This revision amends the State’s definitions of emergency and emergency engine in its air quality regulations. The intended effect of this action is to approve the December 20, 2019, submittal into the Connecticut SIP. This action is being taken in accordance with the Clean Air Act.

DATES: This rule is effective on August 13, 2021.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA–R01–OAR–2021–0042. All documents in the docket
are listed on the https://www.regulations.gov website. Although listed in the index, some information is not publicly available, i.e., confidential business information (CBI) or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at https://www.regulations.gov or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that, if at all possible, you contact the contact listed in the FOR FURTHER INFORMATION CONTACT section to schedule your inspection. The Regional Office’s official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding legal holidays and facility closures due to COVID–19.

FOR FURTHER INFORMATION CONTACT: John Creilson, Air Quality Branch, U.S. Environmental Protection Agency, EPA Region 1, 5 Post Office Square—Suite 100, (Mail code 05–2), Boston, MA 02109, tel. (617) 918–1688, email creilson.john@epa.gov.

SUPPLEMENTARY INFORMATION:
Throughout this document whenever “we,” “us,” or “our” is used, we mean EPA.

Table of Contents
I. Background and Purpose
II. Final Action
III. Incorporation by Reference
IV. Statutory and Executive Order Reviews

I. Background and Purpose

The NPRM proposed approval of Connecticut’s SIP revision, which replaced two definitions within the previously approved Regulations of Connecticut State Agencies (RCSA) Section 22a–174–22e, Control of NOx Emissions from Fuel-burning Equipment at Major Stationary Sources of NOx. The revision proposed to add to the State’s SIP a recent amendment to 22a–174–22e concerning the definitions of “emergency” and “emergency engine,” which became effective as a state requirement on October 8, 2019. Additionally, two compliance options were removed from RCSA section 22a–174–22a(g) in light of the revised definitions for emergency and emergency engine.

The formal SIP revision was submitted by Connecticut on December 20, 2019. The rationale for EPA’s proposed action is explained in the NPRM and will not be restated here. There were no public comments received on the NPRM.

II. Final Action
EPA is approving Connecticut’s December 20, 2019 SIP revision request pertaining to its definitions for emergency and emergency engine and the removal of compliance options affected by the revised definitions.

III. Incorporation by Reference
In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the definitions for emergency and emergency engines and the removal of compliance options affected by the revised definitions described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents generally available through and at the EPA Region 1 Office (please contact the person identified in the FOR FURTHER INFORMATION CONTACT section of this preamble for more information).

IV. Statutory and Executive Order Reviews
Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this proposed action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this proposed action:

• Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
• Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
• Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
• Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
• Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
• Is not an economically significant regulatory action based on health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

List of Subjects in 40 CFR Part 52
Environmental protection, Air pollution control, Incorporation by reference, Nitrogen dioxide, Ozone.

Dated: July 8, 2021.
Deborah Szaro,
Acting Regional Administrator,
EPA Region 1.

Part 52 of chapter I, title 40 of the Code of Federal Regulations is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 et seq.

Subpart H—Connecticut

2. Section 52.370 is amended by adding paragraph (c)(125) to read as follows:
§ 52.370 Identification of plan.

(c) * * * *(125) Revisions to the State Implementation Plan submitted by the Connecticut Department of Environmental Protection on December 20, 2019.

(i) Incorporation by reference. (A) Regulations of Connecticut State Agencies Section 22a–174–22e, entitled “Control of nitrogen oxide emissions from fuel-burning equipment at major stationary sources of nitrogen oxides,” as amended October 8, 2019, as follows:

(1) 22a–174–22e (a), Definitions; (12) “emergency” and “emergency engine.”

(2) 22a–174–22e (g), Compliance options; (4) and (6).

3. In § 52.385, Table 52.385 is amended by adding two entries in state citations for “22a–174–22e: Control of nitrogen oxides . . .” and “22a–174–22f” to read as follows:

§ 52.385 - EPA-approved Connecticut regulations.

SUMMARY: This regulation establishes an exemption from the requirement for residues of Alkoxylated C8-C18 Saturated and Unsaturated Alcohol and Adipic Acid (AASUAA); Exemption From the Requirement of a Tolerance

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes an exemption from the requirement for residues of Alkoxylated C8-C18 Saturated and Unsaturated Alcohol and Adipic Acid; also known as AASUAA) when used as an inert ingredient in a pesticide chemical formulation. Croda Inc. submitted a petition to EPA under the Federal Food, Drug, and Cosmetic Act (FFDCA), requesting an exemption from the requirement of a tolerance. This regulation eliminates the need to establish a maximum permissible level for residues of Alkoxylated C8-C18 Saturated and Unsaturated Alcohol and Adipic Acid on food or feed commodities.

DATES: This regulation is effective July 14, 2021. Objections and requests for hearings must be received on or before September 13, 2021, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the SUPPLEMENTARY INFORMATION).

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2021–0197, is available at http://www.regulations.gov or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW, Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPP Docket is (703) 305–5805.

Due to the public health concerns related to COVID–19, the EPA Docket Center (EPA/DC) and Reading Room is closed to visitors with limited exceptions. The staff continues to provide remote customer service via email, phone, and webform. For the latest status information on EPA/DC services and docket access, visit https://www.epa.gov/dockets.

FOR FURTHER INFORMATION CONTACT: Marietta Echeverria, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460–0001; main telephone number: (703) 305–7090; email address: RDFRNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are a U.S. producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

- Crop production (NAICS code 111).
- Animal production (NAICS code 112).
- Food manufacturing (NAICS code 311).
- Pesticide manufacturing (NAICS code 32532).

B. How can I get electronic access to other related information?

C. Can I file an objection or hearing request?

Under FFDCA section 408(g), 21 U.S.C. 346a, any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. You must file your objection or request a hearing on this regulation...
